J. M. LIBBEY DIES IN DROP OF 26 STORIES

Despondent Because Property, Taxes Unpaid, Was To Be Placed on Sale.

THOUSANDS SEE PLUNGE

Was Member of Union League Club and Descendant of Pioneer Family.

Disheartened by the receipt of notice that his property was to be put up for public sale for non-payment of taxes, Jonas M. Libbey, about eighty-five years old, member of an old Knickerbocker family, killed himself about half-past twelve this afternoon in a leap from the roof of the Municipal Building to the sidewalk, twenty-six floors below.

Because \$4,731 was unpaid on five pieces of property the city was preparing to sell them at auction to get money due for taxes and assessments. An official of the Department of Taxes and Assessment said Libbey was "land poor" from investment in undeveloped property in the old Inwood section of Manhattan, although he was the descendant of one of the pioneer New York families and at one time was associated with A. T. Stewart, was associated with him in the Park row side of the Municipal Building near Chambers street. His skull was crushed and many bones of his body were broken. The impact was so great the shoe was torn from his right foot.

The crushed body was identified by George Gregory, captain of the Union League Club bellboys, and Miss May Smith, housekeeper of the furnished room house at No. 24 West Forty-fourth street, where Libbey had been living for the last two years.

Scores of men and women in cars of an elevated train that was passing attracted the attention of pedestrians in time to save them from being struck by the falling body. On 6th Street, said he was attracted by the falling form when the suicide had reached the seventh floor. The descent of the body was so fast, Mr. Moses said, that he

\$2,000,000 ROBBERY CAUSES SHAKE-UP

Three Post Office Officials Are Reduced as Result of Mail Truck Theft.

A reorganization among high officials in the New York Post Office as an aftermath of the \$2,000,000 mail truck robbery of October 24, 1921, was announced today by Postmaster Edward M. Morgan and Chief Inspector William B. Cochran. Three of the superintendents, who were suspended shortly after the hold-up, were reduced in salary from a little more than \$4,000 a year to \$3,200 annually. The superintendents reduced are Elijah M. Morris, superintendent of mail; Harry Lippman, formerly superintendent of the registry division; and Walter R. Mayer, formerly superintendent of the money order division.

Man Caught After Chase Is Held as Gun Toter

Jersey Schwartz, twenty-two years old, of No. 348 East Sixty-second street, a musician, was arrested today, following a chase of several blocks, on a charge of assault and violation of the Sullivan law. It is alleged that during an argument at 15th street and Lincoln avenue, the Bronx, over some food they had eaten in a restaurant, Schwartz struck Angelo Bartigale, twenty-nine years old, of No. 216 East 127th street, in the face.

When Policeman Miller, of the Alexander avenue station, approached, Schwartz, it is alleged, ran. The policeman gave chase and caught him at 18th street and Willis avenue. The police say a fully loaded revolver was found on Schwartz.

GAS OVERCOMES FIVE AWAITING STORK'S VISIT

Two Physicians, Two Neighbors and Patient Victims of Coal Fumes.

ALL ARE QUICKLY REVIVED

Boy Is Born to Mrs. Anna Johnson During the Excitement.

Five persons, including two physicians, were partially overcome by fumes said to have come from a kitchen stove while little William Henry Johnson was being born in an upstairs room of the home of his parents, Mr. and Mrs. Jesse Johnson, No. 138 Tenth street, Brooklyn, this afternoon.

When an ambulance from the Holy Family Hospital reached the scene the two physicians declared that the fumes had come from a kitchen range on the floor below, having travelled up the stairway and through the open door. The two physicians, Dr. John D. Doyle, of No. 52 Ninth street, and Dr. Herman Menlovitz, of No. 71 Berry street, were administering chloroform to Mrs. Johnson. Mrs. Johnson's mother, Mrs. Catherine La Salle, a neighbor, Mrs. Clotilde Tomasini, and Mr. Johnson were in the room. Mr. Johnson staggered to the home of Libbey fell twenty-six stories, landing on his head on the Park row side of the Municipal Building near Chambers street. His skull was crushed and many bones of his body were broken. The impact was so great the shoe was torn from his right foot.

The crushed body was identified by George Gregory, captain of the Union League Club bellboys, and Miss May Smith, housekeeper of the furnished room house at No. 24 West Forty-fourth street, where Libbey had been living for the last two years.

TEN INDICTED AS MERCHANT THIEVES

Two Men Said to Have Confessed Receiving Stolen Goods.

The additional Grand Jury this afternoon returned indictments against ten persons, most of them merchants, who were charged with being implicated in thefts of trunk loads of merchandise valued at \$50,000. Two of them are declared by Assistant District Attorney Richard C. Murphy to have confessed. Those said to have confessed are indicted for receiving stolen goods and for grand larceny. They are Edward O'Connor, twenty-four years old, of No. 107 Eighth avenue, and John Higgins, twenty-five, of No. 542 West Thirty-seventh street. The other eight men indicted are indicted for receiving stolen goods. They are Harry Goldberg, forty-five, of No. 548 West 14th street; Benjamin Waller, thirty-six, of No. 66 East First street; Abraham Schulman, Artie Schulman and Harry Schulman, merchants, of No. 330 Fifth avenue; Solomon Sudit, thirty-one, of No. 285 East Second street, Brooklyn, in the carton business at No. 315 East Eighth street, Brooklyn, and John Herskowitz, twenty-two, and his father, Louis Herskowitz, fifty-five, of No. 1,371 Gleason avenue, the Bronx.

Policeman's Shots Fail to Stop Suspect

Residents in the vicinity of 16th street and Morris avenue, the Bronx, were aroused early today by several revolver shots fired by Policeman Begley, of the Morrisania station, while chasing a man whom he had observed trying doors in 16th street. When Begley approached the man ran and escaped after a chase of several blocks.

WORLD'S BURDEN LIFTED, PEACE ADVANCED, BATTLE SHIP RACE ENDED, HUGHES DECLARES

TERMS COMPEL JAPAN TO QUIT SHANTUNG SOON

Troop Withdrawal to Begin Within Month and Be Concluded in Half Year.

INTERNATIONAL RAIL RULE

World Group to Control Extensions—Main Line Temporarily Under Joint Control.

By the Associated Press. WASHINGTON, Wednesday.—As formally announced today in plenary session, the Shantung treaty between China and Japan, consisting of eleven articles in addition to a number of annexes, provides for return by Japan to China of the territory and property in Shantung as reported previously in Associated Press dispatches.

The Japanese agreed to turn over the Shantung Railway at a valuation of \$2,000,000 gold marks plus Japanese expenditures for permanent improvements, with allowances for depreciation, in return for Chinese treasury notes running fifteen years but redeemable within five years at the option of China.

The agreement for management of the railroad provided for a Chinese managing director, with a Japanese traffic manager subordinate and Chinese and Japanese chief accountants with joint powers. The Chinese managing director would have supreme control of the road. Article 1 of the Shantung treaty provides that Japan shall restore to China the former German leased territory. Japan and China each will appoint a commissioner with powers to arrange for the transfer of the properties. The transfer would be required within six months and the Japanese government agrees to hand over to China all relatives, deeds and other papers relating to Kiaochow.

The second article provides for transfer.

TEACHER IS JAILED FOR SHOPLIFTING

Rose Guinan, 52, Gets Six Months to Three Years After Pleading Guilty.

Rose Guinan, fifty-two years old, who has been a teacher in Public School No. 1, Hoboken, and owns a summer home at Neptune, L. I., and a residence in Hoboken, pleaded guilty in special sessions today to stealing a dress suit valued at \$40 on January 12 from a Fifth avenue store. She was sentenced to serve not less than six months nor more than three years in the Penitentiary by Justices Kernochan, Salmon and McInerney.

John F. Larkin, a detective of the store, told the Justices that at the time of the woman's arrest she admitted having stolen an umbrella valued at \$5 from another store and a beaded bag valued at \$5 from a third store, and had the articles in her possession.

May Mancan, probation officer, was in court when the teacher was arraigned and she told the Justices that the woman had been paroled in her charge last May, when she was arraigned in the same court for stealing articles from another Fifth avenue store. At that time the woman pleaded guilty, but on account of her position and favorable letters of recommendation she was given a suspended sentence and placed on parole.

600 Railroad Shopmen Walk Out. National Ruin Threatened by Root for Violators of Ban Against Submersibles

Agreement as Adopted Provides That Offending Subsea Commanders Be Treated as Pirates—Poison Gas Forbidden.

By the Associated Press.

WASHINGTON, D. C., Wednesday.—The treaty forbidding the use of submarines as commerce destroyers and forbidding the use of poison gas in warfare was presented by Elihu Root at the plenary session of the Arms Conference this afternoon. On a roll call of the five delegations the treaty was accepted.

Mr. Root said the treaty he presented was a supplement to the naval agreement, adopted earlier in the session.

"You will perceive," he said, "that this treaty does not undertake to codify international law with respect to visit and search and seizure of merchant vessels. What it does undertake is to state the law of nations with respect to the visit and search of merchant vessels, and that under no circumstances are submarines exempt from such humane rules."

Wants National Ruin Made Punishment.

"Cynics have said that in the stress of war these rules will be violated," Mr. Root continued. "Cynics are always near-sighted. We may grant that the rules limiting the use of implements of warfare may be violated in the stress of war, but beyond rules and governments there rests the public opinion of civilization, and the public opinion of the world can punish." Nations violating the human rules, Mr. Root declared, would be visited with "punishment that means national ruin."

"This treaty," he declared, "is an attempt to crystallize in simple and unmistakable terms the opinion of civilization that already exists."

Senator Schanzer followed Mr. Root and expressed Italy's approval of the submarine treaty.

Senator Schanzer said Italy had felt that its fleet of submarines for defence only should equal that of any other Power on the Mediterranean. He expressed the conviction that the American programme as carried out by the Conference would end the possibilities of war.

Secretary Hughes said he believed the naval treaty would make it difficult for any nation "to engage in the production of craft which unfortunately are not included" in the naval agreement, and the submarine and chemical warfare supplemental treaty then was adopted.

Safety of Crews Made an Essential.

The text of the treaty embodying the Arms Conference agreements on submarine and chemical warfare follows:

The United States of America, the British Empire, France, Italy, and Japan, hereinafter referred to as the Signatory Powers, desiring to make more effective the rules adopted by civilized nations for the protection of the lives of neutrals and non-combatants at sea in time of war, and to prevent the use in war of noxious gases and chemicals, have determined to conclude a treaty to this effect and have appointed as their plenipotentiaries:

SAFETY OF CREWS MADE AN ESSENTIAL.

Here are inserted the names of the delegates of the Signatory Powers, who having communicated with their full Powers found in good order and in good form have agreed as follows:

Section I.—The Signatory Powers declare that among the rules adopted by civilized nations for the protection of the lives of neutrals and non-combatants at sea in time of war, the following are to be deemed an established part of international law:

(1)—A merchant vessel must be ordered to submit to visit and search to determine its character before it can be seized.

A merchant vessel must not be attacked unless it refuse to submit to visit and search after warning, or to proceed as directed after seizure.

A merchant vessel must not be destroyed unless the crew and passengers have been first placed in safety.

(2)—Belligerent submarines are not under any circumstances exempt from the universal rules above stated.—And if a submarine cannot capture a merchant vessel in conformity with these rules the existing law of nations requires it to desist from attack and from seizure and to permit the merchant vessel to proceed unmolested.

Section II.—The signatory Powers invite all other civilized Powers to

ADMIT AMERICAN TRIUMPH

Sea Compact, as Accepted, Virtually the Same as Proposed on November 12.

By the Associated Press.

WASHINGTON, Wednesday.—In a three-hour session today the Washington conference approved both the naval limitation treaty and the treaty putting submarine warfare against merchant craft and the use of gas in warfare under the ban of five Powers' disapproval. The plenary session then adjourned on call.

The naval treaty was not read, but Secretary Hughes outlined its terms and declared that so far as capital ships are concerned "the integrity of the plan proposed on behalf of the American government has been maintained."

Secretary Hughes said that no more extraordinary or significant treaty probably had ever been negotiated.

"Obviously it means an enormous saving of money," he said, "and the lifting of very heavy burdens from the people."

"This treaty absolutely ends the race in naval competition. At the time it leaves the security of the Powers unimpaired, but it means more. The best thing is the spirit manifested by which we were able to reach this conclusion."

"We are taking the greatest forward step to establish the reign of peace," he said.

American Proposals Adopted.

HOUSES ABLAZE AFTER WHISKEY PLANT BLASTS

Large Quantity of Illicit Liquor Is Seized by Police When Stills Are Revealed.

SEIZE YOUTH, SEEK BROTHER

Man Leaps from Second Floor After Explosion, Falls on Another—Both Hurt.

Today was a disastrous day for owners of stills. According to police of the Metropolitan district they were responsible for four explosions, which critically injured three men and wrecked four houses in which they were said to have been operated.

Authorities confiscated more than 800 gallons of alcohol, hundreds of gallons of whiskey and wine, and in one instance two double-barreled shotguns and a revolver. One man is under arrest, while the police are searching for several others. Five followed each of the explosions.

Probably the largest illicit distillery, the police say, was found after a fire which followed an explosion at No. 52 Marion street, Long Island City. The detonation blew out the whole north side of the house. Three large copper stills anchored in concrete foundations were discovered.

Much Hootch Seized.

Near them were thirty-five five gallon barrels of denatured alcohol, seven fifty-gallon barrels of the same fluid, twenty-five gallon barrels of red wine and twenty-five gallon jugs of other wine. It was said the operator of the still had attached a pipe to the gas main in the street to avoid payment for fuel used.

Ralph Frank, who occupied the house, is being sought by the police. His brother, Alexander, twenty years old, is under arrest and will be tried on a charge of violating the Sullivan law, as the two shotguns and revolver were said to have been found in the house. The building is almost a complete wreck.

A former hotel, at No. 2127 Ocean Parkway, Coney Island, occupied by Joseph Weiss, fifty years old, was the scene of an explosion and fire shortly after noon. Weiss is in the County Jail and Hospital suffering from burns and lacerations.

Residents of the vicinity were startled by a blast on the top, or third, floor. Glass and a section of the wall flew in all directions. Flames soon burst from the roof. Policemen James Burns had almost reached the scene when he saw Weiss stagger down the steps of the building and collapse on the sidewalk.

Says He Rented Rooms.

When the flames were extinguished the firemen say they found an eighty-gallon still and two smaller ones of about

VICTIM OF POISON FOUND IN HOTEL

New Orleans Man Taken to New York Hospital in Serious Condition.

A man who registered as L. F. Edwards, of New Orleans, was taken from the McAlpin Hotel to the New York Hospital this afternoon suffering from venereal poisoning. He came to the hotel on January 21.

When the chambermaid entered the room this afternoon in the regular routine of business she found Mr. Edwards lying unconscious on the bed, with a tube of venereal nearby. He left no note or message of any kind.

Dr. Asper, of New York Hospital, said he was in a serious condition and removed him to the hospital.

Man Falls Five Stories and Is Dangerously Hurt

James Mullen, a holding engineer, living at No. 24 East Ninety-second street, Manhattan, is in the Prospect Heights Hospital in a critical condition after a fall from the fifth story of an annex to the hospital in course of construction at No. 40 St. John's place, Brooklyn.

Mullen was repairing a derrick on the fifth floor when he lost his footing and fell. Dr. Stone, of the Jewish Hospital, found the man suffering from a fractured skull, fractured ribs, concussion of the spine and possible internal injuries.

DIVERS SEARCH FOR LEAK

Pipe Cost Nearly \$1,000,000 to Construct and Is Two Miles Long.

Nicholas J. Hayes, Commissioner of Water Supply, Gas and Electricity, announced today that at noon a break occurred in the thirty-six inch pipe which conveys Catskill water to the Borough of Richmond.

This line is about two miles long and was laid by the Board of Water Supply. The contract with the Merritt & Chapman Derrick and Wrecking Company was awarded February 24, 1914, the amount of the contract being just under \$1,000,000. The pipe line extends from Seventy-ninth street and Shore road, Brooklyn, to Arletta street and Stuyvesant place, Staten Island, a total distance of 10,863 feet.

The Merritt & Chapman Co. have been ordered to undertake repairs immediately. The leak in the line, which probably is due to a broken pipe, is believed to be located near the Arletta street shore, where the depth below the surface is approximately fifty feet. Laid divers examine the pipe line there is no way of telling what has to be done or how long it will take to make repairs.

This is an unusually heavy pipe line and it may be several weeks before repairs are made. To take care of the absolute water supply requirements of the people of Staten Island, Commissioner Hayes urges every person on Staten Island, including manufacturers and householders, to use no more water than is essential and to repair any leaking faucets or other fixtures.

The department will reduce the pressure, so that some of the buildings on high ground will obtain water only during meal times. It will be ready to give the additional pressure in case of fire, but it must reduce in every possible way the use of water. Three local pumping stations are now operating, and the other two, which have been boarded up for the last four years, will be started as soon as possible.

ABANDON HOPE FOR TRAPPED MINERS

Sixteen Bodies Already Recovered After Explosion in Gates, Pa.

GATES, Pa., Thursday.—All hope for the miners imprisoned by an explosion in the Gates Mine of the H. C. Frick Coke Company here today was abandoned this afternoon when rescue crews came across seven bodies in the workings affected by the blast. Nine bodies had previously been brought to the surface. Checking the workmen believed the men still unaccounted for had probably perished.

Hundreds of persons assembled from nearby mines and a detail of ten State policemen was sent to the shaft to hold them back. In the crowd were said to be many members of the families of the dead and missing miners.

New Compounds in Dyes to Boom Industry in U. S.

TORONTO, Ont., Thursday.—Two new compounds belonging to a new dye group have been produced by Professor Matland C. Boswell, of the University of Toronto, which, it is announced, will have an important bearing on the future of the North American dye industry.

Professor Boswell said the two compounds were due to discovery of a new chemical reaction which can be employed in making dyestuffs from coal tar products.

He is now engaged in fixing the chemical constitution of the compounds and the best conditions for their application to cotton, wool and silk. The new colors are a blue and a shade of rose.

Widowed Twice by Bullets, Mrs. Hatfield Weds Again

MATEWAM, W. Va., Thursday.—Mrs. Sid Hatfield began her third matrimonial venture when she became the wife of Sylvester H. Peary, formerly of the State police, at a quiet wedding at her home in Matewam.

Mrs. Hatfield's first husband, C. C. Testerman, Mayor of Matewam, was killed in the first fight between miners and police in the town, May, 1901, when ten men met death. Sid Hatfield, chief of police at the time of the battle, was killed in a gun fight on the steps of the court house at Welch last August.

STOKES ASSERTS WIFE TORE HIS FACE TO SHREDS

Aged Millionaire Testifies She Tried to Stab Him with Carving Knife.

REVEALS MARITAL FIGHTS

Hotel Owner Declares He Still Carries the Scars She Gave Him.

W. E. D. Stokes, on the witness stand under direct examination by his counsel, I. Gainsburg, testified today that on November 20, 1916, at No. 106 West Seventy-second street, the home of Mrs. Phil Kearney, Mrs. Stokes assaulted him.

"She tore my face to shreds," he said. "One of the marks I carry now. She spat in my face and kicked my legs, then she seized a knife, and as I fled from her to the kitchen the cook came out and saved her."

The aged millionaire defendant said in his assault "laid him up" under doctor's treatment for a prolonged period.

This bit of testimony was the first offered in either divorce and separation or divorce proceedings to the effect that Mrs. Stokes had assaulted her husband.

Mrs. Stokes, so the defendant testified, had returned East from Denver and sent word to him that she was at the home of Mrs. Kearney, having previously told him she did not want to live at the Ansonia, but in a home of her own. The witness testified that he went to see his wife and told her he

25 REPORTED DEAD IN MINE EXPLOSION

Sixteen Bodies Already Recovered from Gates, Pa., Workings of Coke Co.

GATES, Pa., Thursday.—Twenty-five men are believed to have lost their lives in an explosion early today in the Gates mine of the H. C. Frick Coke Company here.

Sixteen bodies had been recovered from the workings at two o'clock this afternoon, and experienced miners in the rescue crew, trying to penetrate the smoke entry leading to the affected workings, gave it as their opinion that the nine men still unaccounted for had been asphyxiated.

Lynn (Mass.) Workers Vote for One Big Shoe Union

LYNN, Mass., Thursday.—The three unions of shoe workers in this city which are affiliated with the Allied Shoe Workers at a joint meeting voted in favor of the amalgamation of all independent shoe workers' unions in the country into one big union. The vote was 65 to 27.

These unions, which have a membership of about 1,600, will send delegates to a meeting at Boston on May 31 in the interest of the amalgamation. They are the Goodyear Operators' Union, the Heel Workers' Union and the Edgemakers' Union.

Pennsylvania Coal Tax Law of 1921 Is Upheld

HARRISBURG, Thursday.—The Dauphin County Court today handed down a decision upholding the constitutionality of the anthracite coal tax law of 1921, which was planned to be one of the principal revenue raisers in the series of laws passed by the last Legislature. It is understood an appeal will be taken.

Seek Another Negro in Canada.

HAMILTON, Ont., Thursday.—The police of Norfolk, N. C., have requested the local authorities to apprehend another negro, Wilbert Perry, who is wanted at Oxford, near Norfolk. The extradition of Matthew Bullock, who was recently released by order of the Dominion government, was sought on a charge of inciting to riot. The charge against Perry was not made public.

Delegates Hurry Pacts for Final Open Session; Shelve Chinese Disputes

Action on Manchurian Border Railroad and "Twenty-One Demands" Passed Over—To Sign Treaties Monday.

By the Associated Press.

WASHINGTON, Thursday.—Its naval discussions concluded and the results written into treaty form, the Arms Conference turned its full attention to the Far Eastern situation again today with the hope of bringing the Washington negotiations finally to an end this week.

The famous "Twenty-one Demands" constituted the immediate business before the Far Eastern Committee, and at the same time a sub-committee met to try for a compromise on the Chinese Eastern Railway problem.

Meantime a possibility developed that the Far Eastern committee of the conference might be put into three treaties instead of two, bringing the total number of covenants to result from the negotiations here to nine. The question is not yet definitely decided, but some conference leaders want to write a treaty on the four Root principles and the open door, another on customs arrangements in China, and a third to cover other Far Eastern resolutions adopted by the conference.

In the Far Eastern Committee arrangements were made for speeches by the Chinese, Japanese and American delegates on the twenty-one demands, the general feeling being to indicate that the adjustments already reached on the Shantung question and the action taken by the conference on other Chinese problems involved in the general treaties to be completed today will make further consideration of the twenty-one demands unnecessary.

Rail Controversy Settled.

The Arms Conference sub-committee which have been considering questions relating to the question of the Chinese Eastern railway have finished their labors, reaching agreements on all points in dispute and will report a resolution to the Far Eastern Committee later today.

The resolution, Wellington Koo, the Chinese delegate said, provides generally for the better preservation of the railroad until such a time as it can be restored to Russia. Neither the question of controlling the finances of the road through an international financial group, nor that of policing of the road are mentioned specifically in the resolution, he said.

An American delegate explained that those vital things which in the judgment of some of the Powers should be done for the betterment of the Chinese Eastern Railway, it was found impossible to deal with at this conference. These, he said, would require extended negotiations through the regular diplomatic channels before they could be accomplished.

It was said by a British spokesman today that every effort was being made, with prospects of success, to clear up the work of the conference this week. It is hoped to hold a plenary session Saturday, when the remaining treaties will be presented to the full conference and, re-

ARBuckle JURY FAVORS ACQUITTAL

Vote Reported To Be Eleven to One to Free the Film Comedian.

SAN FRANCISCO, Cal., Thursday.—That the Roscoe (Fatty) Arbuckle jury stands eleven to one to free the comedian was freely rumored today as the eleven men and one woman were brought from their hotel to resume their deliberations as to the actor's guilt or innocence on a manslaughter charge growing out of the death of Virginia Rapp.

"I think I'll be acquitted," was the comedian's only comment today, and he and his lawyers awaited the outcome with patience. Arbuckle does not take comfort in the statement of District Attorney Brady that whatever the result he will not be tried again.

"I want to be vindicated," Arbuckle insisted. "I wish again to resume my place on the screen."

It is thought here that nothing short of a not guilty verdict will assure the return of the comedian's films in the theatre.

A large crowd assembled again and remained in the court room while Judge Louderback prepared to call his regular calendar. The belief seemed to be general that this time there would be a verdict and that no hopeless deadlock existed, although the long deliberations appeared ominous.

Four Steamships Buck Ice, but Can't Reach St. John's

ST. JOHN'S, N. F., Thursday.—Four steamships bound for this port tried to buck the ice blockade, but failed to break through. The little coastal vessel Genoa, equipped with a moderately strong ice breaker, made the biggest impression on the barrier that stretches along the east coast, forcing her way to a point five miles off the harbor. There she stuck and today was still jammed in the floe.

The Norwegian steamship Unita tried to come here to replenish her fuel supply, but was forced to give up the attempt.

The British steamship Canadian Sapper tried her luck with the ice, but after a few hours she gave it up and went back into Trepasser harbor.

NOTED HARVARD MAN NEAR DEATH AFTER BEATING

Thomas Clark, Former Football Star, Blackjacked on Leaving Taxi.

FOOTPADS GET \$2,000

Robbery January 9 Revealed on Mother's Visit to Magistrate House.

Thomas Clark, twenty-four years old, wealthy young stock broker, of No. 119 East Sixtieth street, is confined to his home recovering from the effects of a hold-up and beating the night of January 6, it was learned today. He was so badly beaten during the hold-up that physicians attending him afterward despaired for a time of saving his life.

Although the matter was reported to the police immediately, it did not become public until today, when Mrs. Ellen B. Clark, of Beacon Hill, Boston, visited Magistrate House at the last chambers in Traffic Court relative to a matter connected with the hold-up. While there Mrs. Clark, who is staying at No. 5 Park avenue during her son's illness, told the story of the attack.

On the night on which he was held up Clark attended a dance at the home of Harry Payne Whitney, at No. 511 Fifth avenue. After leaving the Whitney home the young broker took a taxicab for his own home. As he stepped out of the cab he reached into his pocket for money with which to pay the amount of the fare when he was struck over the head with some instrument thought to have been a sandbag or blackjack.

After going through his pockets, taking cash and jewelry valued at \$1,000, the bandits carried Clark to the doorway of a nearby house, where they left him. Some one passing in the vicinity heard groans and investigating, found the injured man in the doorway. From cards in his pocket his identity was learned and he was carried into his own home.

Although he was given the best of medical attention obtainable as soon as he reached his home, Clark's life hung in the balance for several days. It was forty-eight hours after the attack before he regained consciousness, and the physicians, though his skull had been fractured.

Clark, who is a Harvard graduate, was considered one of the most popular stars at the university. He was left guard on the 1915 football team and was known to his associates as "Fatty."

Mrs. Clark said her visit to Magistrate House was for the purpose of planning some insignia or other device to be worn by chauffeurs of taxicabs, showing they were duly accredited persons authorized to engage in the business. She said had such a scheme been in operation her son would not have been held up as he was.

Woman "Mayor of Hull" Dead.

HULL, Mass., Thursday.—Miss Violetta Vining, former editor and publisher of the South Shore Breeze and other weekly newspapers of a syndicate that served nine towns popular as summer resorts, died last night at her home at Stony Beach. She was known along the South Shore as the "Mayor of Hull" because of these activities. Miss Vining was seventy-three years old.

STOKES BEAT HER, MRS. LYDIG SAYS ON STAND

Former Wife Swears He Hit Her—Judge Threatens Millionaire with Jail.

FORCES HIM TO APOLOGIZE
Demands Retraction for Himself and Undermyer—"Tights" Letter Read in Court.

Mrs. Rita de Acosta Lydig, the former wife of W. E. D. Stokes and present fiancée of the Rev. Dr. Percy Ruckney Grant, testified before Supreme Court Justice Cohan today that during their married life, which terminated with a divorce in 1909, Mr. Stokes had frequently struck her and hurt her very much. She said this was the first time she had ever given such testimony under oath.

Mrs. Lydig further testified that she had an officer of the law posted at her home, No. 11 West Sixteenth street, to prevent Mr. Stokes from calling on her as she feared.

The case was adjourned until some date in February to permit Samuel Undermyer to join his staff and leave for Palm Beach, Fla., on a 230 train. The re-direct examination of the present Mrs. Stokes remains to be made and when Mr. Undermyer passes through the city on his way to testify at Albany in the housing investigation he will be given time to finish the case.

Testifying in his own behalf in the suit brought by his present wife for the recovery of dower rights, the aged millionaire hotel owner was not only threatened with jail for contempt of court, but was forced to make two apologies and admit writing a letter, which was read, in which he urged a woman friend of his wife to "don a pair of his tights so that she might sing for him."

"Tights," he wrote, "are the first requisite to get a proper pitch to your voice."

Justice Cohan uttered the threat after Mr. Stokes, responding to a question put to him by Samuel Undermyer, counsel for the plaintiff, as to what he meant by the term "mistress," made a remark that Mr. Undermyer declared scandalous and an "unmitigated lie."

"The remark is ordered expunged from the record," said Justice Cohan, "and the record."

"TEX" RICKARD CASE
WITNESS MISSING

Hearing Tonight May Be Postponed if Girl Is Not Found.

Because of one of the principal witnesses the prosecution expected to call being missing, it is doubtful whether the hearing in the case against "Tex" Rickard will go on in Night Court before Magistrate George W. Simpson tonight. Acting District Attorney Ferdinand Pecora said this afternoon: "A very material witness for the prosecution is missing. She is a little child, a girl who, we are informed, knows considerable about the case. She has disappeared from her home. Her folks are people in ordinary circumstances, although she has never been away from home before. The children's society and this office are both trying to locate her, but have been unable to do so thus far today."

Find Telegraph Operator Guilty of Murder

PORTSMOUTH, Ohio, Friday.—Charles C. Withrow, telegraph operator, was found guilty of first degree murder here for the slaying of Hugh Nichols, at Solonville, near here, January 1 last. The jury's recommendation of mercy will save Withrow from the electric chair under Ohio statutes. Withrow also is under indictment for the murder of Mrs. Lena Nichols, who was slain at the same time as her husband. A motion for a new trial was filed.

RECORAH, Ia., Friday.—Matt Dotson, village marshal, shot and killed his brother, Al, here early today when the latter interfered with the officer when he sought to remove Jack Morris, who was alleged to have been intoxicated, from a dance hall.

JURY AT TRIAL OF FILM STAR IS DISCHARGED

Hopeless Deadlock Had Existed Since Beginning of Trial.

ANOTHER TRIAL IS PROBABLE
First Trial Resulted in Jury Vote of 11 to 1 for His Acquittal.

SAN FRANCISCO, Friday.—The jury failed to agree and was discharged today in the second trial of a manslaughter charge against Roscoe C. "Fatty" Arbuckle in connection with the death of Miss Virginia Rappe, motion picture actress.

Arbuckle seemed downcast at the disagreement. Neither prosecution nor defense would announce its intentions regarding a new trial.

The case was put over until Monday to be set for trial.

The court room was crowded for the result of the jury's deliberation. The jurors all seemed haggard and worn. Gavin McNab, chief defense counsel, said he would make a statement later.

Announcement that the jury stood ten for conviction and two for acquittal was made by Leo Friedman, Assistant District Attorney, and a leading prosecution counsel. Harry McGoover, barrister, made the same announcement.

"We expect to try the case again," Friedman said.

Foreman J. J. McElroy announced that the vote stood two to ten. He did not designate whether the majority was for conviction or acquittal.

"There is no chance for us to agree," McElroy said.

A poll of the jury was taken to determine if they could agree on further deliberation. All emphatically said no.

Later, Judge Friedman, one of the jurors, announced that the two voting for acquittal were Lee Dolson and Clem R. Brownberger.

"The first ten ballots were nine to one for conviction and one for acquittal," he said.

LAWYER INDICTED
IN DIVORCE CASE

Jerome Jacobs and Detective Accused of Arranging Coercive Action.

Jerome A. Jacobs, lawyer, of No. 110 West Forty-second street, and Edward J. May, licensed detective, of No. 2 Columbus circle, were indicted by the Grand Jury today for conspiracy, it being alleged that they arranged a coercive action in behalf of Samuel and Eva Baitrick in White Plains in 1921.

Both defendants surrendered at the District Attorney's office this afternoon and were admitted to \$2,500 bail by Judge John F. McInyre.

Former Assistant District Attorney Lewis Abrams, attorney for Jacobs, denounced the charges against Jacobs. He intimated that the charges were originally inspired by ulterior motives.

Spanish Council Votes Increased Naval Tonnage

MADRID, Friday.—The Council of Ministers has approved the naval construction plans modernizing all types of war vessels, increasing the tonnage of torpedo boats and making scout cruisers 5,000 tons each.

The Council also discussed the campaign in Morocco, the opinion being it was necessary to continue the campaign until the rebels were completely chastised, so as to avoid the need for future military measures. General Berenguer, High Commissioner in Morocco, is coming to Madrid to confer with the Ministers.

CIGARETTES ARE CLEW IN DEATH OF FILM MAN

W. D. Taylor Was Secretly Watched Before Slaying—Skulking Figure Seen.

TO QUIZ SCREEN BEAUTIES
Mystery in Phone Calls—Death Threat in "Jimmie V." Note Bared.

LOS ANGELES, Friday.—A half dozen cigarette stubs offered today the key to a mystery which for twenty-four hours had been deeper than any developed in his work by William Desmond Taylor, noted motion picture director, slain Wednesday night at his home here. These half smoked remains found near the back door of his luxuriously appointed residence, according to investigators, gave mute evidence that some man apparently waited nervously there on the evening of the murder.

They link with statements by Mrs. Douglas MacLean, wife of a motion picture actor, that on the evening of the murder she heard a shot fired, and looking from the window of her home, which overlooks that of Taylor, saw a man, a stranger to her, emerge from the front door of Taylor's home, look back through the apparently open door and then depart.

Another link in the statement by employees at an oil service station nearby, that within an hour prior to the slaying, a stranger whom they describe similarly, asked them where W. D. Taylor lived and they directed him to the place where the shooting later occurred. The crew of a street car also said that at a time closely corresponding to that at which Mrs. MacLean gives an account of the slaying, a stranger boarded the car at a stop close by from which passengers rarely board a car. They described him similarly.

Not Former Servant.

These revelations only served to deepen the mystery, for Mrs. MacLean said the stranger was not the former servant of Taylor, whom she knew and whom the police are seeking. Taylor reported to the police some time ago that the man had stolen property and money from him. The porch light of Taylor's home was on and Mrs. MacLean observed him in its full glow.

The movements of the stranger coincide with the visit of Mabel Normand, motion picture actress, to Taylor's home on the evening of the murder. Taylor escorted Miss Normand to her motor car and talked a few minutes with her.

Indian Patriot Stole Savings, Dupes Claim

NEW HAVEN, Conn., Friday.—Armed Enus, of New York city, was arrested here and later held for trial under \$2,000 bonds on a complaint of competitors, who are East Indians, that he defrauded them of their savings. The police say that these East Indians, who live in a colony, claim that Enus proposed to them a plan of returning home at small cost. They entrusted him with savings, went to New York with him and there lost him. This was in November. Today one of the East Indians at Police Headquarters claimed to have seen Enus on a train. The New London police were asked to be on the watch for Enus as a train. The New London police were located at Saybrook Junction, hidden in a car for being confronted by the complainants. Enus claimed that the money given him was stolen by a "white" man in New York, on being searched several articles in his pockets were claimed by his accusers.

Winnipeg Stays Dry Despite Premier's Plea

WINNIPEG, Man., Friday.—Unending ardor is all Winnipeg's advocates of modified prohibition through government controlled liquor age. A referendum before them today. The Legislature last night rejected a referendum petition by the slim margin of two votes. The vote stood 27 to 25.

Members of the Moderation League had introduced into the provincial body a petition for a referendum on the question of modified prohibition, providing for liquor sales in a manner largely similar to the existing Quebec method. Premier T. C. Norris favored the petition and strongly urged its adoption, as did Edward Brown, Provincial Treasurer, and C. D. McPherson, Minister of Public Works.

Conclave Unable to Elect Pope in First Four Ballots; Three Cardinals Ill in Bed

Poll Twice Taken in Forenoon and Twice Again This Evening—Marini Suffering from Influenza—Two Others Also Sick.

By the Associated Press.

ROME, Friday.—The third and fourth ballots were taken by the conclave of the Sacred College this evening in an effort to choose a successor to Pope Benedict. There was no choice, however, on either ballot.

The first two ballots were taken this forenoon, but no Cardinal received in either of them a sufficient number of votes to elect.

It was learned this afternoon that three of the cardinals who are within the Vatican quarters where the sessions of the conclave are being held are confined to their beds. These are Cardinal Marini, who was taken to the conclave suffering from influenza; Cardinal Pompili, and Cardinal Baffert, Bishop of Verona.

The steamship President Wilson, bringing Cardinal O'Connell, of Boston, to Rome, will not arrive at Naples before Monday morning, February 4. It was learned today from the steamship company, owners of the liner. The company stated it had received a wireless message from the vessel this forenoon which showed this, the captain informing it he had decided to call at Algiers.

Fifty-Three in Attendance.

Fifty-three members of the Sacred College assembled in the historic Sistine Chapel this morning to cast their first ballots in the election of the new Pope. The doors of the Vatican were closed Thursday with the elaborate centuries old ceremony, to remain closed until the pontiff is chosen and invested in the pontifical mitre, charitable and stately.

Cardinal Marini, who is ill of influenza, was taken into the Vatican before the doors were closed. It had been thought he would be able to attend. He did not participate in the opening ceremonies, remaining in bed.

Four ballots will be taken daily, instead of two, as has been the rule, it is learned through the Irish College, and confirmed in other quarters. The number and issue of the successive ballots will be evident to the people congregated outside St. Peter's by the customary vote-burning, a common iron stove heated in the long lines of Cardinals' thrones in the Sistine Chapel.

Two sacks of straw lie nearby; this is used to color the smoke of the burning votive papers, dark smoke indicating to the crowds watching the chimney that there is still no election, and light vapor that a new Pope reigns.

Prince Chigi, Marshal of the Conclave, and Cardinal Gasparri, the Camerlengo, or chief of the Sacred College, have taken the utmost precautions to prevent the results of the various ballots from leaking out before the Conclave is over.

Greatest precautions were taken in securing the doors and reinforcing the partitions which shut the area of the Conclave from the rest of the palace, and all the attaches were seriously impressed that great care should be exercised in the choice of the personnel of the staff, so that no leak would be possible.

BODDY IN DEATH HOUSE, FOIL ESCAPE

Negro Slayer of Policemen Sentenced to Die Week of March 13.

Luther Boddy, under death sentence during the week of March 13 for the killing of two New York detectives, reached Sing Sing from New York today with seven other prisoners and four deputy sheriffs. Boddy was securely handcuffed to one of the deputy sheriffs and was closely guarded by another. The other prisoners were handcuffed to each other in two groups.

Boddy was quiet and contained as he had his "pedigree" taken in the prison office.

"When do we eat?" was the only evidence of interest he gave in the performance.

He was taken to the baths and later outfitted and taken to his cell in the old death house, where two other prisoners under death sentence are lodged. Boddy makes the twenty-sixth man of the Sing Sing death house, twenty-three being in the newer section of the house.

What it is thought may have been a plan on the part of Boddy to attempt to escape from the Tombs on the eve of his sentence today by Justice leader Wasservogel, in the Criminal Branch of the Supreme Court, to die in the electric chair in the work of March 13, was nipped in the bud last night when John J. Hanley, warden of the Tombs, appropriated two hackways which were handed in to Boddy concealed in the soles of a pair of patent leather shoes.

Despite all precautions the shoes, along with some articles of clothing, reached the Tombs.

Church Leaders Demand Newark Official Resign

NEWARK, N. J., Friday.—The law and order committee of the Newark Federation of Churches visited William J. Brennan, Director of Public Safety, today and demanded his resignation, declaring that he had failed to act on information of vice furnished to the police by the committee.

The Commissioner said that the complaints made by the committee had been referred to the police regularly. He called Chief Long to substantiate this. Commissioner Brennan agreed to make a reply in writing to the committee, who then departed.

BRAVE CASHIER STRUGGLES, ONE BANDIT CAUGHT

Screams for Help Attract Bank Policeman and Two Footpads Flee.

ALL OF MONEY IS SAVED
Crowds in Thirty-Ninth Street Watch Hold-Up, Thinking it Movie "Stunt."

With Times Square and adjacent streets filled with persons, two youths, neither more than nineteen years of age, attempted one of the boldest daylight hold-ups ever staged in that neighborhood. That they failed was due to the athletic ability of Miss Laura Latten, nineteen years old, the young woman whom they attempted to rob.

Shortly after three o'clock Miss Latten, who is employed as cashier by Hadden & Neidross, music publishers, at No. 25 West Thirty-ninth street, left the Hudson Trust Company at No. 1511 way, in the Metropolitan Opera House Building, carrying in her hand an envelope containing \$700 in bills for the firm's payroll. She walked through Thirty-ninth street, and as she neared Seventh avenue the two bandits, with their overcoat collars turned up and their caps pulled over their eyes, stepped behind her. One threw his arms about her neck and pulled her head back and the other grabbed the envelope containing the money.

Miss Latten was dazed, but she quickly recovered and began a fight to recover the cash, at the same time screaming at the top of her voice. Those nearby gathered about, but did not interfere, evidently believing it was a movie picture "stunt."

With a flying leap the girl grabbed the man who had the money, and, catching hold of the envelope, she attempted to take it from him. The second thief came to the assistance of his companion, and in the scuffle the

Indictment Against Doctor Who Shot Boy Is Quashed

Charge of felonious assault which had been presented against Dr. William Zuckerman, twenty-nine years old, of No. 212 East Broadway, were dismissed today by the Grand Jury, which told Judge McIntyre it found no grounds for indictment of the physician. Dr. Zuckerman had been held in \$2,000 bail by Magistrate Jesse Suberman for action of the Grand Jury on complaint of Samuel Markman, fifteen years old, of No. 212 Cherry street.

The boy, with others was releasing the air from a tire on Zuckerman's automobile when Zuckerman happened to catch them. Getting a revolver, which he had had while in service, the physician fired. One of the bullets struck the Markman boy in the arm.

Arms Conference TO CLOSE MONDAY

Chinese Treaties To Be Adopted Tomorrow—Harding to Address Envoys Monday.

By the Associated Press.

WASHINGTON, Friday.—Plans were made today for the attendance of President Harding at a plenary session of the Arms Conference next Monday to witness the signings of the treaties, to participate generally in the activities marking adjournment of the conference.

It had been planned to adjourn the conference sine die tomorrow, but State Department draughtsmen said they could not have the official treaty text prepared before Monday.

Day of Speechmaking.

It was declared the President would make an address at the Monday session and that heads of various delegations would respond before the final gavel.

In addition to the open session Monday, a plenary session was called today to begin at half-past ten o'clock tomorrow morning.

At tomorrow's plenary session three treaties on Chinese questions, the last of the conference work, are scheduled to be read and adopted.

This will complete the actual work of the conference except for the signing of the treaties at the proposed plenary session Monday. The actual adjournment of the session would be deferred until Monday under the programme said to have been virtually adopted today by Secretary Hughes and the other delegation heads.

Far East Work Completed.

Committee work of the conference was to be completed late today with approval by the Far Eastern committee of a general treaty on Chinese questions, a separate treaty to increase the Chinese tariff and another on a minor Chinese subject.

The armament committee also was to meet late today to complete its record for formal presentation at tomorrow's plenary session. All of the treaties were said to be in final form.

Plans had been made today for the Japanese and Chinese to sign their treaty on Shanghai, but it was decided to postpone that also until Monday.

WOMEN GET FORTUNES THROUGH COURT DECISION.

Mrs. Kate Stevens Fagan, one of the daughters of Calvin Amory Stevens, it was learned today, will receive a fortune of half a million dollars through a recent decision of Supreme Court Justice F. Donnelly, in a proceeding started by Mrs. Mary Grace Richardson, who will herself become heiress to a sum as large as that Mrs. Fagan is to inherit. Mrs. Richardson sought a definite interpretation of the will of Calvin Stevens, father of Calvin Amory Stevens, who was her brother, and who died in 1877.

INCOMPETENT 54 YEARS; WORTH NEARLY \$2,000,000.

Papers filed today in the County Clerk's office show that the New York estate of Margaret W. Folson, who, in 1905, was adjudged incompetent to manage her affairs, has since that time increased from \$365,000 to \$1,928,786.36 in value, that the income from thirty-six parcels of realty in this city, which Miss Folson owns, was last year \$103,197, while interest on mortgages added \$17,297 thereto. Miss Folson has been an inmate of the McLean Hospital at Waverly, Mass., since October 5, 1907, a period of more than fifty-four years.

CHOICE RUMOR CAUSED BY HUE OF SMOKE SPIRAL

Waiting Crowds Rush Steps of St. Peter's, Expecting Announcement.

INTEREST ON INCREASE

Third Day of Conclave Enlivened by Reports That Mistrangelo Polls Most Votes.

By the Associated Press.

ROME, Saturday.—A ballot taken this afternoon by the Sacred College of Cardinals, the second of today's ballots, failed to elect a successor to the late Pope Benedict XV.

Not all the members of the crowd, however, were satisfied that the smoke spiral was definitely of the hue which indicated no choice, and eventually there was a rush by several thousands up the steps of St. Peter's in the belief that the smoke indicated a choice had been made.

Crowd Sought Benediction. Diplomatists and prominent Romans on the Vatican balcony waved their hands negatively to the multitude below, but the crowd which had rushed forward in the expectation of receiving the first benediction from the new Pontiff was skeptical.

It was not until Cardinal Vannutelli, dean of the Sacred College, had failed, after a long interval, to appear upon the balcony to make the official announcement that the throng as a whole was satisfied that no selection had been made.

First Ballot Without Result.

The first ballot for the election of a successor to Pope Benedict was taken by the conclave of the Sacred College this forenoon, but without result, no candidate receiving a sufficient number of votes.

The day broke with summerlike clearness and softness, bringing out the large crowd since the beginning of the conclave. The great elliptical enclosure

GIRL AND BANDITS BATTLE IN STREET

She Holds Off Three Men Until Police Arrive—Two Are Captured.

Six alleged bandits were captured by the police today after spectacular hold-ups in different parts of the city. Yetta Gross, a plucky eighteen-year-old girl, aided in the capture of two young men who were charged with being members of a trio which attacked her at Houston and Allen streets at noon.

Miss Gross was on the way to her home at No. 402 East Ninth street from the Chatham and Puenk National Bank, Bowery and Grand street, where she had deposited \$711. She carried the bank book and some other papers in her right hand as she hastened homeward.

Evidently believing the envelope contained a payroll, the three young men grabbed her roughly as she reached Allen street, snatching the envelope from her hand.

The girl fought with the bandits, screaming for help. Her cries attracted Detectives Narnack and Croughan, of the Clinton street station, who caught Louis Becker and Josephine Lejuna. The girl identified them as her assailants, the detectives said. The third man escaped with the envelope containing the bank book.

John Burke, twenty-seven years old, of No. 19 Charles street, and Fred Redmond, thirty-two, of No. 21 West Sixth street, were arrested early today on charges of assault and robbery at 38th street and Fifth avenue, after a thrilling pursuit accompanied by full-

WOMAN BEATEN, HELD CAPTIVE FOR 24 HOURS

Auto Dealer Accused by Mother of Two of Luring Her to House in Minatta Street.

LOCKED IN ROOM SHE SAYS

Identifies Alleged Assailant Out of 150 Men; Held in \$8,500 Bail.

On complaint of Mrs. Isabelle Gilman, thirty-five years old, of No. 42 West 30th street, wife of Lawrence Gilman, advertising man, who says she had been held prisoner for twenty-four hours after being beaten with a clubbed

revolver and assaulted, Mathews Navarra, twenty-eight years old, an automobile dealer, of No. 10 Minetta street, was held in \$8,500 bail on three charges when arraigned today before Magistrate Brough, in Essex Market Court.

The charges were assault, violation of the liquor law by having in his living quarters seven stills in operation and possession of five loaded pistols.

Arraigned with Navarra was William Perri, thirty-one years old, also of No. 10 Minetta street, said to be a partner of Navarra in a poolroom, where a revolver, a still and a quantity of liquor were found.

Mrs. Gilman, the mother of two boys, sixteen and eighteen years old, met Navarra in a MacDougal street restaurant. He told her he had a large collection of cigarettes for sale at No. 10 Minetta street and she then made an appointment to call the next day.

Navarra met her, she said, April, locking the door behind him, used a revolver as a club and beat her until she fell. She exhibited black and blue spots which, she said, covered the greater part of her body. After holding her a prisoner for twenty-four hours, Navarra told her she could go, but that he would kill her if she told her experiences to any one, she said.

Mrs. Gilman formerly worked in the office of Dr. Carleton Simon, Special Deputy Police Commissioner. Mrs. Gilman went to Mrs. Simon and reported what had happened and asked for advice. The Commissioner assigned detectives to the case.

The detectives found Navarra in the poolroom and Mrs. Gilman identified him by picking him out of the 150 men there.

Plan to Get Increased Rentals from Armories

ALBANY, N. Y., Saturday.—Proposed amendments to the military law, intended to increase the rentals from State armories by placing them more generously at public disposal, will be discussed at a meeting of the National Guard Association of New York State, in Albany, next Friday. The business meeting of the organization will be followed by a dinner, at which Major General John F. O'Rourke and Adjutant General J. Leslie Kincaid will speak.

Rentals of State armories under the present law is controlled by colonels who command different State units.

Gets Cheque from Britain for Helping Sink U-Boat

CHESTER, Pa., Saturday.—Four years ago William U. Clough, then a member of submarine chaser No. 24, helped sink a German U-boat. Today he received a cheque for \$100 from the British Admiralty. The cheque represented his share of the £200 reward offered to the crew of any vessel sending a U-boat to the bottom of the sea.

At the close of the war Clough began farming near Wells Corner, near here.

CONFERENCE CONCLUDES WORK BY APPROVING FAR EAST PLEDGES

China's Sovereignty and Integrity Guaranteed—Homeland Exception Tacked on Pacific Agreement—Rules Parley Voted.

By the Associated Press.

WASHINGTON, Saturday.—The Arms Conference today wound up its work with a whirlwind of action, formally approving the various agreements making for peace in the Far East, and an added provision for naval limitation.

The Arms Conference adjourned its plenary sessions at thirty-five minutes after two o'clock this afternoon to meet again Monday for the final signature of the treaties.

In a brief hour's work which preceded a field day for oratory, in which the delegation leaders took opportunity to pay tribute to President Harding for the calling of the conference and for its work, the conference put the formal stamp of approval on the results of three long months of patient and not untroubled negotiation which will take their places in the niches of history.

They were principally:

Final approval of the four-Power Pacific treaty with a supplement excluding the homeland islands of Japan from its terms.

Final approval of the Far Eastern treaty affirming anew the open door in China and providing for her integrity against foreign exploitation and encroachment.

Final approval of a treaty revising the system of Chinese customs charges—a measure described as vital to the rehabilitation of China by herself.

Formal announcement of a declaration of principles on the Siberian question pledging the territorial integrity of that land.

Formal announcement of the agreement by Japan to hand back Shantung to China—a conclusion of a subject that almost wrecked the Peace Conference of Versailles.

Formal announcement of a declaration of Japan's famous "twenty-one demands" on China and formal announcement of Japan's abandonment of the much attacked "Group Five."

A provision to the naval limitation treaty that none of the Powers pledged may sell any of their war ships between now and the time they are scrapped.

A resolution to improve the protection of the Chinese Eastern Railway.

Final approval given the resolution providing for a conference within three months to consider rules of warfare, exclusive of submarine and chemical warfare.

While today's work virtually completed the work of the conference, it will formally be closed Monday with an address by President Harding. All delegates are making arrangements to return to their homes immediately afterward.

In the closing moments of today's session Arthur J. Balfour, heading the British delegation—voicing the feeling of statesmen everywhere that China is the keystone of that structure—uttered a solemn warning that the world expected a respect of the settlements arrived at in strict good faith.

Any nation, the British statesman said, which in the future aimed to transgress the principles laid down in the conference with regard to China, would be considered an enemy of the world.

Such a nation, Mr. Balfour impressively declared, would be considered outside the comity of nations.

Today's plenary session opened with the adoption by the nine powers represented of the Far Eastern treaty revising the policy of the open door in China and affirming anew the territorial integrity of the old Celestial nation—the dream of her people since the numerous encroachments by foreign Powers began years ago.

The new treaty for revising the Chinese tariff also was presented and adopted. A resolution was unanimously adopted which was designed to provide procedure for dealing with questions that might arise in connection with the execution of provisions of articles of the Chinese general treaty relating to the open door policy and conduct of the Chinese Railway.

It provides that a board of reference be established in China to which any

REGARD WAR FEAR REMOVED

Balfour Leads Eulogists—Japanese and Chinese Delegates Express Gratification.

WASHINGTON, Saturday.—Arthur J. Balfour, heading the British delegation, took the floor at the plenary session of the Arms Conference this afternoon and opened the final wave of oratory marking the conclusion of the work of the conference.

He was followed by the chiefs of the other foreign delegations represented, each in turn eulogizing the results achieved and paying tribute to President Harding and Secretary Hughes.

"Exactly twelve weeks ago," Mr. Balfour began, "the President of the United States, in an eloquent speech in which he inaugurated our meeting, asked us to approach our labors with full consciousness that we were working for the welfare of mankind."

"Looking back over that twelve weeks, I think we may say without undue self-esteem that the advice so nobly tendered . . . has been taken and we have had a consciousness that we have been working in the service of mankind."

Mr. Balfour said he could well believe that the mass of treaties, resolutions and statements might cause a "maze" and confusion in the minds.

Moral Questions Met.

"Yet I think," he added, "that those engaged in the work, as well as those who will have the opportunity to calmly consider it, will see that, in spite of the fact that we have travelled all over the whole globe, seemingly, considering trifling details, the great moral questions have been met."

Any nation which in the future sought to transgress the principles laid down by the Conference in regard to China, would be considered an enemy of the world.

WASHINGTON, Saturday.—The Arms Conference today wound up its work with a whirlwind of action, formally approving the various agreements making for peace in the Far East, and an added provision for naval limitation.

The Arms Conference adjourned its plenary sessions at thirty-five minutes after two o'clock this afternoon to meet again Monday for the final signature of the treaties.

In a brief hour's work which preceded a field day for oratory, in which the delegation leaders took opportunity to pay tribute to President Harding for the calling of the conference and for its work, the conference put the formal stamp of approval on the results of three long months of patient and not untroubled negotiation which will take their places in the niches of history.

They were principally:

Final approval of the four-Power Pacific treaty with a supplement excluding the homeland islands of Japan from its terms.

Final approval of the Far Eastern treaty affirming anew the open door in China and providing for her integrity against foreign exploitation and encroachment.

Final approval of a treaty revising the system of Chinese customs charges—a measure described as vital to the rehabilitation of China by herself.

Formal announcement of a declaration of principles on the Siberian question pledging the territorial integrity of that land.

Formal announcement of the agreement by Japan to hand back Shantung to China—a conclusion of a subject that almost wrecked the Peace Conference of Versailles.

Formal announcement of a declaration of Japan's famous "twenty-one demands" on China and formal announcement of Japan's abandonment of the much attacked "Group Five."

A provision to the naval limitation treaty that none of the Powers pledged may sell any of their war ships between now and the time they are scrapped.

A resolution to improve the protection of the Chinese Eastern Railway.

Final approval given the resolution providing for a conference within three months to consider rules of warfare, exclusive of submarine and chemical warfare.

While today's work virtually completed the work of the conference, it will formally be closed Monday with an address by President Harding. All delegates are making arrangements to return to their homes immediately afterward.

In the closing moments of today's session Arthur J. Balfour, heading the British delegation—voicing the feeling of statesmen everywhere that China is the keystone of that structure—uttered a solemn warning that the world expected a respect of the settlements arrived at in strict good faith.

Any nation, the British statesman said, which in the future aimed to transgress the principles laid down in the conference with regard to China, would be considered an enemy of the world.

Such a nation, Mr. Balfour impressively declared, would be considered outside the comity of nations.

Today's plenary session opened with the adoption by the nine powers represented of the Far Eastern treaty revising the policy of the open door in China and affirming anew the territorial integrity of the old Celestial nation—the dream of her people since the numerous encroachments by foreign Powers began years ago.

The new treaty for revising the Chinese tariff also was presented and adopted. A resolution was unanimously adopted which was designed to provide procedure for dealing with questions that might arise in connection with the execution of provisions of articles of the Chinese general treaty relating to the open door policy and conduct of the Chinese Railway.

It provides that a board of reference be established in China to which any

ROB COLLECTOR OF \$700 MILK RECEIPTS

Bandits Walk Out While Policeman Stands Across the Street.

George Baxter, collector for the Sheffield Farms Company, while collecting Saturday to Monday receipts was held up in a back room of the Sheffield milk station, at No. 232 avenue B, shortly after noon today and robbed of \$700.

The store manager was relieved of \$20. While the collector and manager stood to telephone Police Headquarters the robbers walked out unseen by a patrolman across the street and escaped in an automobile.

Swollen Southern Stream Drives 100 from Homes

MERIDIAN, Miss., Monday.—More than one hundred persons have been driven from their homes near here today when Sawtooth Creek, swollen by a five-inch rainfall Saturday night, overflowed its banks and flooded the surrounding lowlands and flooded the homes of many negroes.

The Chickasaw River and tributary streams are reported rising rapidly. Railroad traffic has not yet been delayed but it is expected that tracks will be covered with flood waters at a number of points near the city.

BRONX GRAND JURY OPENS GRAFT HUNT

Three Saloonkeepers Called to Testify Regarding Alleged Payments to Police.

The Bronx Grand Jury, under the personal direction of District Attorney Edward W. Glennon, began an investigation today into charges of graft against certain policemen.

It is the first time since Mr. Glennon took office that a case of alleged graft of large proportions has been brought to his attention, and he announced that he personally will direct a most searching investigation.

When the Grand Jury went into session today the following persons were on hand ready to give testimony.

Chris Eiler, who operates a saloon at Third avenue and 193d street, and is a political power in the Bronx; Otto Hartman, a saloon keeper at 16th street and Teller avenue, and John Tobl, a former saloon keeper, now a dealer in saloon supplies in the Hunts Point section.

Up to noon none of the policemen who had been summoned to come before the Grand Jury for questioning had appeared.

WOMEN BURNED, FLAMES ROUT 18 FAMILIES

Acting Fire Chief Is Cut by Flying Glass While Directing His Men.

WOMAN JUMPS 3 FLOORS

Clothes Ablaze and Trapped, She Leaps from Window—Two Alarms Sent In.

Two women were burned, one so seriously she may die, a fireman was cut by flying glass, and members of eighteen families were rescued in a fire this afternoon which burned through the five floors of the tenement at No. 213 West Sixteenth street and into No. 220, causing \$20,000 damage.

The fire, which started in an apartment on the first floor of No. 213, the occupants of which were absent, burned with startling rapidity once it reached the hallway, and but for the prompt arrival of firemen with ladders many more persons would have been injured.

For a time the flames were so threatening it was feared they would spread to tenements on either side, and after a second alarm had been turned in all tenants in nearby buildings were ordered to the street.

Mrs. Catherine Thorne, forty years old, who lived on the second floor of No. 213, was so badly burned and injured when she leaped from a rear window that she probably will die. She was removed to New York Hospital.

Mrs. Lucille Pohlman, thirty, who lived on the third floor, was burned about the face and hands and had her hair singed when she attempted to escape through the hallway. She was carried down a ladder from a window and taken to the home of a neighbor.

The fire burned through the flat in which it started without being noted by the tenants of No. 213, and it was not until it reached the hallway that cries of persons in the street warned those in the structure.

Police and firemen went to the roof and the yard of No. 214, and with portable ladders assisted to safety those climbing down the fire escapes. Others were guided through the smoke over nearby roofs and led through adjoining houses to the streets.

Mrs. Thorne opened her door at the first cries of "fire" and her dress was set ablaze instantly. She endeavored to beat out the fire and was severely injured by the time she reached a rear window. She climbed to the sill and tried to leap to a ladder which two women in No. 213 extended from a rear window, but she missed it and fell to the pavement in the rear yard.

Mrs. Pohlman also endeavored to rush into the hall when her dress caught fire. She extinguished the flames by wrapping herself in a blanket and then stood in a front window. A ladder was raised and she was carried down by Fireman McInerney, of Hook and Ladder Company No. 12.

Acting Chief Edward Quinn was cut by flying glass while directing the work of his men.

While the tenants in No. 213 and 220 were being assisted to safety Mrs. Gertrude Gertak, who was ill with influenza, was carried from her apartment in No. 213 by Policeman Costa, of the West Thirtieth street police station, who feared the flames would spread to that building.

Joffre Leaves Tokyo for Corea and China Tour

TOKYO, Monday.—Marshall Joffre, who has been a guest of the Japanese government for several days, left here today for Kyoto, on his way to Corea and China. He expects to leave Shanghai for Victoria, B. C., on March 12. After attending the dedication of the Pacific highway the noted French general will make a tour of the United States and Canada.

He advocated a system whereby the emigrant would be examined before leaving Europe.

GAINSBOROUGH'S \$700,000 WORK IS BROUGHT TO U.S.

Great Painter's Masterpiece Will Be Added to Huntington Collection.

ENGLAND MOURNS ITS LOSS

Even Passengers on Steamship Savoie Were Unaware Prize Was on Board.

Gainsborough's "Blue Boy," one of the great painter's masterpieces and for years the gem of the Duke of Westminster's notable collection, recently bought by Duveen Brothers for Henry E. Huntington at a price said to be close to \$700,000, arrived here today on the French liner Savoie. Secrecy was maintained regarding the shipment of the picture. It was transferred to the pier at the foot of West Fifteenth street and later taken to the United States Appraisers Store in Washington street.

Not even the passengers on board the Savoie, which steamed from Havre on January 23, knew the famous portrait that caused all of England to mourn when the announcement of the sale was made, was on the same vessel with them. William Todd, who has chaperoned other costly art works across the Atlantic for Duveen Brothers, was in charge of the picture, which was in both metal and wooden cases. The outer case, which was of wood, was practically a life raft, so that if anything happened the vessel and the picture was cast into the sea it would float.

Todd assumed an attitude of mystery regarding the picture. He would not say how it happened a picture shipped from London had come from France, but it is understood it was decided to ship the picture by air after it arrived at Havre from London. Instead of exhibiting it in Paris, as was at first intended.

The "Blue Boy" was on exhibition for three weeks at the National Gallery, London, just before it was packed for shipment. It will later be on exhibition at the Duveen Galleries in Fifth avenue. The painting of the famous English master had a companion also, equally unknown to the passengers as its presence on board. "The Cottage Door," another Gainsborough, nearly equal in value to the celebrated "Blue Boy."

FIND 200-GALLON STILL, ARREST TWO

Prohibition Agents Raid Cellar in Perry Street Stable—Largest Yet.

What is described as the biggest still yet confiscated by prohibition agents was discovered in the cellar of a stable at No. 28 Perry street today by the local office flying squad, headed by Izzy Einstein and Moe Smith. The still was of 200 gallon capacity and with an attached three gallon still cost upward of \$2,000 to install.

Three hundred gallons of alcohol believed to be redistilled denatured alcohol was found in the premises. The landlord, Leo Lettieri, of No. 16 Morton street, and Stableman C. Demarco, of No. 28 Perry street, were arrested on warrants issued by United States Commissioner Hitchcock at the request of Assistant United States District Attorney House.

Alessandro Fabri, Noted Scientist-Inventor, Dies

Alessandro Fabri, scientist and son of the late Ernesto G. Fabri, of J. P. Morgan & Co., died of pneumonia today at his home, No. 7 East Ninety-fifth street. He was in his forty-fourth year. Mr. Fabri was born in New York city and won a wide reputation as a scientific investigator. He succeeded in photographing the beginning of life by a microscopic motion picture process. During the war Mr. Fabri built a huge wireless plant at Otto Creek, Maine, at his own expense. He offered it free to the government. The offer was declined, but the government bought the plant and established Mr. Fabri as chief.

Mr. Fabri is survived by his mother, who is in Florence, Italy; his two brothers, Ernesto and Egisto, and several sisters, residing in Italy. Funeral services will be held on Wednesday.

PIUS XI. GIVES FIRST PAPAL BENEDICTION TO WAITING THOUSANDS

Pope Pius XI. (Cardinal Achille Ratti, Archbishop of Milan), the newly elected Pope of the Roman Catholic Church.

Pontiff, Seated on Throne in Robes of Office, Receives Homage of Members of the Sacred College.

By the Associated Press.

ROME, Monday.—Cardinal Achille Ratti, Archbishop of Milan, was proclaimed elected Pope, in succession to the late Benedict XV., this morning, taking the name of Pius XI.

The thousands waiting in front of St. Peter's for the wisp of smoke which would tell of the election of a new Pope or the failure of the Sacred College to reach a decision gave a mighty shout at thirty-three minutes past eleven o'clock when a thin wisp of smoke came from the chimney leading from the Sistine Chapel. It was then known that the Catholic Church had once more a duly elected Pontiff.

Pope Pius' first benediction after his election was bestowed from the outside balcony of St. Peter's, where he was acclaimed by the great throng assembled there, while the troops presented arms. Shortly afterward Prince Chigi-Albani, the marshal of the conclave, by order of the secretary of the conclave, issued the following:

PLEADS FOR UNIVERSAL PEACE.

"His Holiness Pope Pius XI., while making every reservation in favor of the inviolable rights of the Church and the Holy See, which rights he has sworn to defend, has given his first blessing from the exterior balcony overlooking the Square of St. Peter's in the special intention that his blessing should be addressed not only to those present in the square, and not only to those in Rome and Italy, but to all nations and all peoples, and should bring to the whole world the wish and announcement of that universal pacification we all so ardently desire."

The Pontiff, as he proceeded to the central balcony of St. Peter's, was preceded by a crucifix bearer holding aloft the pontifical cross.

It was the first time since the reign of Pope Pius IX. that any Pope had looked out over the great piazza where pontifical sovereignty ends.

His Holiness lifted both hands and spoke a few words, finally bestowing the benediction.

As soon as the two-thirds vote for Cardinal Ratti had been verified Cardinal Vannutelli, as Dean of the Sacred College, arose and proceeded to the throne of the chosen one, accompanied on either side by Cardinals Logue and Bisletti, respectively Deans of

Conference Brings "Morn of Promise" to World, President Asserts.

BIG OVATION TO ENVOYS

Large and Notable Throng Frequently Applauds—Treaties Signed in Quick Order.

By the Associated Press.

WASHINGTON, Monday.—The history-making conference on the limitation of armaments and Far Eastern questions came to its end today with the signing of treaties and a farewell address by President Harding. Adjournment since was taken at thirteen minutes past eleven o'clock.

With its work characterized by Mr. Harding as the "first deliberate and effective expression of great powers, in the consciousness of peace of war's utter futility," the great conference went to its niche of history to await the judgments and developments of the future.

In his address, President Harding professed to see the "morn of promise" and a "new epoch of progress" resulting from the conference. He did not propose further conference but suggested the benefits that might accrue should they be held.

THIRD ARBUCKLE TRIAL ON MARCH 13

Court Sets Date When Film Comedian Will Again Be Tried for Manslaughter.

SAN FRANCISCO, Cal., Monday.—The Court today set March 13 as the date for starting the third trial of Roscoe C. ("Fatty") Arbuckle, motion picture star, on a charge of manslaughter, in connection with the death of Miss Virginia Rappe, motion picture actress. Both previous trials ended in disagreement.

Subpoenas were issued yesterday for Zey Prevost and Alice Blake, two witnesses for the prosecution, but efforts to locate the girls were unsuccessful. Assistant District Attorney Milton U'Ren said last night, however, that he did not expect there would be any difficulty in effecting service today.

Miss Blake and Miss Prevost were present at the Arbuckle party and the subpoenas were issued, U'Ren stated, to insure their presence in court when they were wanted.

E. H. Simons Dies After a Prolonged Illness

Edward H. Simons, one of the best known press telegraphers in this city, died today in St. Mary's Hospital, Brooklyn, after a prolonged illness.

Mr. Simons, who lived at No. 83 Lincoln place, Brooklyn, was for several years employed by the Associated Press. He is survived by a sister who lives in Colorado and a brother in South Carolina.

5 Men Held in Cleveland in \$50,000 Swindle Case

CLEVELAND, Monday.—Five men, said by the police to be members of a gang of swindlers which has been operating in Chicago, Detroit and other cities, are under arrest here today. They are believed by the police to have been implicated in obtaining more than \$50,000 from seventeen victims here in the last six months.

FORMER FIANCE OF SCREEN STAR IS BEING SOUGHT

Checked Out of Los Angeles Hotel Day Taylor Was Slain, Police Learn.

BELIEVED TO BE IN MEXICO

Missing Pink Silk Nightgown Is Mystery Centre in Slaying of Director.

LOS ANGELES, Cal., Monday.—Jealousy, police and private detectives reported today, has directed search for a prominent young New York man, formerly engaged to one of the beautiful stars of filmdom, in connection with the shooting last Wednesday night of William Desmond Taylor.

This suspect was reported today to have checked out of a hotel here on the day the murder was committed and left the city the following afternoon. He is believed by investigators to have headed for San Diego, and possibly crossed the border into Mexico. His name is withheld by the police.

The actress to whom this suspect was at one time engaged, according to investigators, was a close friend of the slain director, and in that friendship, investigators say, they see a possible motive of jealousy, which would lead to the murder.

Letters written by Mabel Normand to Taylor, reported missing following the murder, and evidence concerning presence for six months at least of a woman's pink silk nightgown in the Taylor bachelor apartment, today added interest to the case.

Investigators were reluctant to discuss the woman's nightgown and a bit of mystery attaches to it, for Henry Peavey, negro houseman of Taylor, told of its presence in the house until the night of the murder. Where it is now is a police mystery. They will not discuss it, but reports are that it disappeared with the letters.

Tangle Hard to Unravel.

The complexity of affairs in the motion picture colony of Hollywood makes the tangled skein of circumstances uncovered by the police full of marls that prove slow and difficult of unraveling and project many possibilities into the case. This makes the following of the theory of revenge through jealousy most difficult, police say, for it develops so many leads, in each case of any actress involved, as the woman motive.

Police seeking co-operation of law authorities throughout the country continue a diligent search for Edward Taylor.

CARDINAL MARINI REPORTED DEAD, IS RECOVERING

ROME, Tuesday (By the Associated Press).—It was reliably asserted today that Cardinal Marini had been seen during the morning and that he was seemingly fully recovered from his recent indisposition. This followed despatches to London stating that the Cardinal had died in the Vatican during the convalescence.

LODGE RESOLUTION INTENDED TO AID AUSTRIA

WASHINGTON, Tuesday.—A resolution designed "to save Austria from economic collapse" by extension for twenty-five years the payment of Austria's debts to the United States Grain Corporation was introduced in the Senate today by Chairman Lodge, of the Senate Foreign Relations Committee. The resolution carried the provision, however, that the extension may not be granted unless other nations, to which Austria is similarly indebted, grants like extension.

AUTO BANDITS FLEE WITH \$475 PAYROLL

BALTIMORE, Tuesday.—Charles A. Howell, a paymaster of the Pennsylvania Railroad, was robbed today of a cash containing \$475 by two white men, who, according to him, were in the railroad yards at Mount Royal avenue and North street. The bandits scurried up a bank at the side of the tracks and escaped in an automobile.

EVELYN NESBIT DEAD, REPORT; FILM MURDER ARREST TODAY

BODY IS FOUND ON IRON PILE UNDER BRIDGE

Bruises Support Murder Theory, Police Declare After Investigation.

CLOTHES OF POOR QUALITY

Crime May Have Been Committed Elsewhere in City, Say Authorities.

Brooklyn police were confronted with what they believe to be another murder mystery when the body of an unidentified woman was found today in the store of the E. W. Billa Company, near the Manhattan Bridge, near the Brooklyn anchorage, Adams and Water streets, Brooklyn.

The body, which was frozen through, was found by Pasquale Morganelli, of No. 1730 Eightieth street, Brooklyn, an engineer for the Billa Company, who had gone to the store to look over the stock of pig iron. The body was in an almost upright position on a pile of pig iron, under the south promenade of the bridge, where there is a drop of 10 feet to the yard.

Morganelli summoned Policeman George L. Smith, of the Poplar street station, who called Dr. Ohlbaum, of the Cumberland Street Hospital. Dr. Ohlbaum, after a cursory examination, said:

ALDERMEN FAVOR BEER AND WINES

Unanimously Adopt Report Urging Modification of Volstead Law.

The sale of light wines and beers through modification of the Volstead law, which is characterized as "oppressive" and unnecessary to the enforcement of the Eighteenth Amendment, were recommendations embodied in a report submitted at today's meeting of the Board of Aldermen by its Committee on Rules.

The report was adopted without a dissenting vote. Congress is asked by the Aldermen to revise prohibition statutes to exempt light wines and beers from their provisions.

The decision to appeal to Congress, reported the committee, follows an intensive study of the effects of prohibition in New York city and after hearing testimony from members of the medical profession and labor representatives.

"Our committee believes that the Volstead law is the most oppressive character of legislation—and not at all necessary to enforce the Eighteenth Amendment to the Constitution," said the report. "That amendment forbids the manufacture and sale of intoxicating liquors for beverage purposes, and your committee is heartily in favor of its enforcement so long as it remains."

Body of Woman Found in Potomac River Looks Like Former Mrs. Thaw

Evelyn Nesbit, one-time wife of Harry K. Thaw, whose body, Washington (D. C.) police believe, was taken from the Potomac River.

Onetime Stage Star Disappeared from New York Haunts Recently After Eviction from Tea Shop.

WASHINGTON, Tuesday.—Having found a marked resemblance between the features of a woman whose body was found yesterday in the Potomac River and photographs of Evelyn Nesbit, former actress, who recently was reported to have disappeared from her New York home, Washington police today asked police authorities of New York to co-operate in efforts to identify the body.

Finding of the body said to resemble that of Evelyn Nesbit today recalled the fact that last October she had attempted suicide by poison.

Recently she was evicted from a tea room she had been running in the upper Tenderloin district. Then she dropped from sight.

The body was found three miles below the Seventh street wharf here, and is that of a stylishly attired woman about thirty years old. When discovered it was floating in midstream, partially encased in ice, and the authorities here believe it had been in the river probably three weeks.

Police today expressed the belief the woman fell or jumped from one of the bridges across the Potomac here. A policeman first noticed the resemblance to the actress, and photographs obtained from newspaper offices and theatres showed the likeness to be more striking.

While local police were of the opinion it was a vain clue to the woman's identity, they decided, nevertheless, to ask the assistance of the New York authorities.

Disappeared Following Her Eviction from Tea Room.

Miss Nesbit disappeared recently, according to a report, which added that she had been disappointed at the rooming house where she made her home.

Her adventure in the business world started last May when she declared she

HARDING WANTS PACTS RATIFIED IN QUICK ORDER

Seeks Senate Action at Earliest Possible Moment on New Treaties.

DENIES HE'S A PACIFIST

Will Insist on Adequate National Defence—Orders Disarming Begun in Pacific.

By the Associated Press.

WASHINGTON, Tuesday.—President Harding, it was indicated at the White House today, will ask the speediest possible Senate ratification consistent with proper consideration of the treaties resulting from the arms conference.

No need for any reservations to the treaties by the Senate is seen by the President, who, it is said, would be reluctant to discuss the possibility of reservations.

In connection with the President's reference to preparedness in his speech before the arms conference Monday it was said at the White House that the reference "was not the statement of a pacifist and that the President does not believe in complete abandonment of national defense," although believing that world opinion is "a better guarantee of world peace than large armed preparations."

Orders Pacific Disarming.

President Harding will order suspended all work on vessels now building which are destined for the scrap heap under the naval treaty, but will issue no final orders for discontinuance of the work until the treaty is actually ratified.

It was said today at the White House.

The President, it was stated, already has ordered suspension of work on additional fortifications on the island of Guam, and likewise further developments under way in the Philippine Islands, taking his action in view of the clause of the naval treaty fixing the status quo for those Pacific islands of the United States.

The treaties resulting from the Arms Conference, it was said at the White House, are expected to be sent to the Senate the last of this week, although this will depend on the submission of the report of the American delegation to the President, Mr. Harding. It was added, has not decided whether he will present the treaties in person or by letter.

The President was represented as of the belief that some reductions in the

NORRIS DENIES HE DENOUNCED POLICE

Medical Examiner Declares He and They Worked Together in Death of Chinese.

Chief Medical Examiner Charles N. Norris denied today that he had denounced the police for their "alleged concealment of an attack" which resulted in the death of a Chinese laundryman in the Harlem Hospital at nine o'clock yesterday morning.

It was explained that the Medical Examiner's office did not receive a report of the affair until 9:12 P. M., more than twelve hours later, and Dr. Norris instructed his clerk to call up the police and notify them so they could make an investigation.

"It was purely a co-operative move on the part of our office," said the Examiner, "and at no time was there any sort of denouncement made."

It had been alleged that Dr. Norris had said that hospital authorities were working in co-operation with the police to conceal crimes.

It is now hinted that two detectives who investigation the attack on the Chinese will be summoned to headquarters and questioned as to why the Medical Examiner's office was not notified promptly.

The Chinese was Sam Wah, whose laundry was located at No. 23, East 19th street. Saturday night three men walked into his place and asked for a bundle of wet wash. When Wah turned his head he was struck with a black-jack and knocked unconscious. After robbing the cash drawer the bandits fled. Wah's skull was fractured.

Suspect in Taylor Death To Be Taken Into Custody by the Sheriff's Office

Police Still Seek Sands, but No Warrant Is Issued—Love Letters Found in Slain Man's Effects.

LOS ANGELES, Cal., Tuesday.—While police continue their search for Edward F. Sands, alias Edward Fitz Strathmore, former valet of William Desmond Taylor, film director, who was strangely murdered in his home here last Wednesday night, it was announced today by the Sheriff's office, which is conducting a separate investigation, that Sands was not believed by officials there to be the man wanted and that an arrest would be made today.

Conflicting reports concerning Sands emanated from various sources today. One had it that a warrant had been sent to the Sheriff of Carlin, Nevada, asking that he apprehend a man there, believed to be the missing valet, on a charge of murder. This the police denied, however.

Further new developments were the discovery among his effects of love letters written to Taylor. A scented note dropped from one of Taylor's books while police detectives were making an examination of his effects, according to the Los Angeles Examiner. It was on the butterfly monogrammed stationery of Mary Miles Minter. It reads as follows:

"Dearest:—
"I love you—I love you—I love you.
"XXXXXXXXXXXXXXXXXXXX
"Yours always—
"MARY."

The last "X" was two inches in height, followed by an exclamation point an inch in height.

Taylor and Miss Minter met at Santa Barbara two years ago. He was her director. They later went to New York with the company.

Two Schoolgirl Notes.

Among Taylor's effects were found two letters written in a well known schoolgirl code of straight lines and dots. One of them, deciphered, reads as follows:

"I love you—oh, I love you.
"I had to come down because mamma remarked that I always seemed to feel rather happy after being out with you. So here I am. Camouflage.
"Furthermore, I am feeling unusually fine—more camouflage.
"I will see you later. God love you as I do."

The wealthy young New York man who was reported to have left Los Angeles on the day following the murder of Taylor, and who was snatched from the motion picture actresses whom the police have been questioning in connection with the case, was located late last night by private detectives. According to the investigators he gave an account of himself which they say practically eliminates him from consideration in connection with the case. He was located in a downtown hotel.

Interest had centered upon him for several days because he was said to be a rejected suitor of an actress reported infatuated with Taylor.

No Warrant Issued.

Police announced today that no warrant on a murder charge has been issued against Edward F. Sands, former valet, secretary, and declared to be the most important witness sought in connection with the mysterious murder.

Thinking possibly the valet feared pre-emption upon the grand larceny charge preferred against him last summer by Taylor, the police announced that it would not be pressed against him; in fact could not, as Taylor, the complaining witness, was dead.

The police today admitted they had developed a new theory as to the exact manner in which Taylor was slain. They declare the director was standing

Woman, Ill, Leaves Home and Fails to Return

Vincent Carrell, of No. 34 Bedford avenue, Brooklyn, has asked the police to look for his wife, Josephine, who has been missing since January 21.

On that day Mrs. Carrell complained of feeling ill. Carrell cash her some money to pay an installment on a piano and told her also to consult a physician. She did not return home. The Carrells have four children, all in her years old.

Jury Acquits Detective Charged with Murder

Acting Detective Sergeant John P. O'Neill, of the East Twenty-second street station, was acquitted today by a jury before Judge Rosensky of the murder of Jeremiah Deacy, a hoolier, on January 1, 1921, in a restaurant at No. 25 Second avenue. It took the jury only a little over an hour to return its verdict of not guilty.

The Chinese was Sam Wah, whose laundry was located at No. 23, East 19th street. Saturday night three men walked into his place and asked for a bundle of wet wash. When Wah turned his head he was struck with a black-jack and knocked unconscious. After robbing the cash drawer the bandits fled. Wah's skull was fractured.

It is now hinted that two detectives who investigation the attack on the Chinese will be summoned to headquarters and questioned as to why the Medical Examiner's office was not notified promptly.

S.S. NO. PACIFIC SWEEP BY FIRE; FATAL RAIDS TERRIFY ULSTER

NORTH IRELAND BORDER BANDS KIDNAP SCORES

One Dead, Many Wounded as Fighting Suddenly Sweeps Over Four Counties.

TROOPS OUT BY HUNDREDS

Prominent Unionists Seized by Invaders from South—Police Party Ambushed.

By the Associated Press.

BELFAST, Wednesday.—Armed bands raided several of the northern counties of Ireland last night and early today, carrying out kidnappings of prominent Unionists from their homes and ambushing Ulster special constables on an extensive scale.

The Ulster government announced it would take drastic measures to deal with the raiders. It immediately mobilized in Belfast hundreds of the Ulster specials and despatched them in lorries to the scenes of the kidnappings and attacks, where they are now scouring the country in search of the perpetrators.

Up to this afternoon the capture and spiriting away of at least twenty constables had been reported. A number of the raiders were wounded and nearly a score of arrests made.

The counties where the raids occurred were Fermanagh, Tyrone, Donegal and Sligo. In several cases Unionists attacked put up a desperate resistance and were wounded before being carried off. One constable was shot and killed in a fight with his assailants.

Consternation Sweeps Erin.

Consternation ruled in the affected districts and elsewhere in Ireland, where news of the sensational happenings was received, and fears were expressed in quarters friendly to the Provisional government, now engaged in preparing for the establishment of the Irish Free State, that the events of the day would further complicate its difficult task.

The raiders are believed to have come from Counties Cavan and Longford, near the border.

The kidnappings in County Sligo are reported to have been extensive. Sir Joseph Gore-Booth, a brother of Countess Markievicz, a member of the Dail Eireann, was reported to be among those carried off by the kidnappers.

Among those kidnapped was Major Mourty, son of Anketell-Mourty, friend of the Tyrone Orangemen. The major resisted stiffly and finally was wounded. Former High Sheriff Carson, of County Fermanagh, whose house was raided, resisted single-handed.

U.S. TREASURY IS MENACED BY FIRE

Three Alarms Turned In After Flames Are Discovered on the Roof.

WASHINGTON, Wednesday.—Fire broke out this afternoon on the roof of the Treasury Building, where repairs were being made.

Two alarms were turned in. Another alarm was turned in a few minutes later. The fire at first did not appear dangerous, the blaze being confined to some scaffolding on the roof. Employees of the Treasury were ordered released from their work, and all fire fighting apparatus in the downtown part of the capital was rushed to the scene.

Soon after the fire was discovered some sort of an explosion occurred, presumably some of the material being used by workmen for several weeks have been engaged in raising the roof. After a few minutes' work it was believed the blaze was under control.

The fire burned a portion of the superstructure upon the roof, covering a small room used as a laboratory. Materials used by the workmen, including tarred paper, were burned, and while the fire was confined to a small space, the nature of the material caused a great deal of smoke, which was seen from many parts of the city and added thousands of spectators to the thousands of clerks who had left the building.

74 on Board Rescued When Flames Destroy Vessel 40 Miles Off Jersey Coast

Fear Former Army Transport Will Be a Total Loss—Rescue Ships Speeding to Port with Survivors—Details Lacking.

Everyone aboard the steamship Northern Pacific, afire at sea, has been rescued, according to wireless despatches received late this afternoon. They are being brought to various Atlantic ports aboard vessels which went to the scene in response to S. O. S. signals.

The Northern Pacific, which is one of the fastest in the American merchant marine, was on its way to the Sun Shipbuilding yards in Chester, Pa., from Hoboken, to be fitted for the Orient passenger carrying service and had reached a point about 105 miles south of Ambrose lightship when the fire occurred. In a short time the flames had spread from stern to stern and Captain Lustie and his skeleton crew were forced to take to the small boats, despite the heavy seas resulting from the night's gales.

It is thought the ship will be a total loss.

A telegram received by T. J. Kehoe, general manager of the Admiral Line, which recently purchased the Northern Pacific from the government, sent by President Dewey, of the Sun Shipbuilding Corporation, Philadelphia, stated that four engineers and draughtsmen on the ship who were at work planning repairs, had been saved. These men had formerly been reported as missing.

No Direct Word.

No direct word has been received from Captain Lustie, nor is the origin of the fire known. A report, however, was received here from the Standard Oil tanker John D. Archbold, which arrived on the scene a short time after the crew was rescued.

The burning vessel and found her burning fiercely fore and aft and listing forty-five degrees or more. The Transportation, with Captain Lustie and twenty-one survivors was reported as being en route to Norfolk and the Herbert G. Wylie, with the remainder, to Hampton Roads. These vessels were the first to reach the burning ship.

The Northern Pacific, which was formerly an army transport, left Hoboken last night to be reconditioned at the Chester yards for use in the Oriental passenger service by the Admiral Line. She had laid idle for several months alongside the Lackawanna ferry slip. Normally she carries a crew of 200 officers and men, but the seventy she had aboard comprised merely the deck and engine forces. The four missing draughtsmen were put aboard so that no time would be lost in beginning the repairs when the ship arrived at the yard. She had a speed of 24 knots.

The first message intercepted here was sent out at ten minutes to three o'clock this morning from the Tanker Halley, bound north from Mexico, stating that a two-stacked passenger vessel was on fire off the Five Fathom Banks lightship, adding that the burning ship had red, white and blue bands on her funnels and looked like an army transport. Shipping men here immediately identified her as the Northern Pacific.

Tanker Reaches Scene.

An hour later the tanker Herbert G. Wylie reported she had picked up two mates, two engineers, and two sailors. Since the receipt of this message the air

Dry Goods Men Convene in Pennsylvania Hotel

About 1,500 members of the National Dry Goods Association assembled in the large ballroom of the Pennsylvania Hotel today at the opening of their eleventh convention. These members represent 2,000 department dry goods and general merchandise stores throughout the United States, as well as many specialty shops. The convention this year is considering the general cut in prices, operating costs and general business conditions affecting their trade.

The convention will continue tomorrow and Friday. There are a large number of exhibits by many of the largest firms throughout the United States.

WOMAN 'TAPS' HYLAN'S 'WIRE' TO HIRSHFIELD

Leak in Mental Telepathy System Leaves Davey to His Own Resources.

SCORES ETTINGER, ANYHOW

Accounts Commissioner Attacks School Head, as "Mayor Would Like to Do."

Somewhere in the sunny clime of Palm Beach friends of Mayor Hylan are busy hunting down a tall, dark haired woman suspected of eavesdropping or intercepting messages relayed from the brain of the Mayor to City Hall and the office of Commissioner of Accounas Hirschfield.

She is the person thought to have taken the world into her confidence and made public what the Mayor has been saying, confidentially about affairs in New York. And since the discovery that private commands of Mayor Hylan have lost their privacy, even the fashion of communing via mental telepathy has been abandoned by the Commissioner of Accounts.

Until the suspected woman is caught, her name published and her photograph given prominence, it is quite likely that Mayor Hylan's thoughts for the present will be sent from Palm Beach by parcels post.

Hurricane blasts tumbling down from the peak of the Municipal Building were not attuned to the gentle savays of Palm Beach, and today David Hirschfield, Commissioner of Accounts, said that no thought messages had been received from Mayor Hylan.

Yet he needed no psychic inspiration for a renewal of his attacks on the school system, particularly Superintendent William L. Ettinger, and the associate superintendents, who constitute themselves, in his opinion, a bloc against the Hylan administration.

"Thought waves were not working so good this morning," exclaimed Hirschfield. "Perhaps the high wind from the northwest is blowing Palm Beach messages out to sea."

Maybe it was a cryptic message of Hirschfield's. He had been asked what the probable outcome would be of the afternoon's meeting of the Board of Education, which considers the election of three associate school superintendents and one superintendent. Among

Shell-Shocked Soldier, Alleged Forger, Is Freed

On his promise that he would go back to Canada with friends, William Davyport Brown, twenty-seven, of No. 61 Ximora avenue, Montreal, Canada, who was shell-shocked serving with the British army abroad, was let off with a suspended sentence by Judge Alfred J. Talley in General Sessions.

He had been indicted for robbery in the second degree on a charge that he passed a number of forged cheques in this city, among them some to which he signed the name of H. E. Kemp. They were for small sums.

Cape Breton Strikers Go Back to the Mines

SYDNEY, N. S., Wednesday.—After nine weeks of enforced idleness because of a labor dispute, one thousand Cape Breton miners went back to work in two collieries at Reserve and one at Caledonia. If the coal business continues to improve the entire force of eight thousand miners will resume work soon, it was said.

A large number of machinists also resumed work at Glace Bay. There are still several thousand unemployed men in the district.

Raise Soldiers' Bonus Fund Through Taxation

WASHINGTON, Wednesday.—Funds for the soldiers' bonus would be raised through taxation under present plans of the majority members of the House Ways and Means Committee, according to information given today after those members had discussed the whole bonus situation in executive session. It was stated that it was not the purpose to depend upon any part of the interest or principal of the foreign debt.

Slain Film Director's Row With Mabel Normand Is Overheard by Chauffeur

He Wept After Argument, Reported Story Told by Driver—Time of Slaying Fixed Through His Tale.

LOS ANGELES, Wednesday.—A quarrel between William Desmond Taylor, film director, whose body was found in his home here a week ago, and Mabel Normand, well known screen star, was described today by Harry Fellows, chauffeur for the slain movie man, according to the Los Angeles Examiner.

"I was driving Mr. Taylor and Miss Normand from the Ambassador Hotel, where they had attended a New Year's Eve party, to her home," Fellows is reported to have said. "On the way they had a quarrel. I do not know what it was about, but both were very much excited. Mr. Taylor took Miss Normand home and then returned to his apartment. Upon arriving there he broke down and wept. The following morning he did up some jewelry in a package and took it to Miss Normand at her home."

Harry Peavey, negro houseman for Taylor, who found the slain director's body, confirmed Fellows' statements. Fellows said Taylor and Miss Normand were very affectionate.

INSTRUCTED TO TELEPHONE.

Fellows left Taylor's house at 4:30 o'clock on Wednesday afternoon, on the night of which Taylor was slain. He was instructed to be sure to telephone at 7:30 o'clock, he said. He telephoned from a girl's house at 7:55 o'clock, he said, and there being no answer from Taylor's home he went there.

He reached the Taylor place at 8:15 o'clock and rang the bell and knocked at the door.

There was no response, so he put up the car and went home.

"I am satisfied I am the man Mrs. Douglas MacLean saw standing on the porch and leaving the house," Fellows said. "I wore a cap and overcoat."

Miss Normand had informed the police that she left Taylor between 7:30 and 7:45 o'clock, and with Fellows' statement that he telephoned at 7:55 o'clock it is indicated the murder was committed some time between 7:30 and 7:55 o'clock.

Writes of "Woodland Lodge."

The Los Angeles Examiner today published an unsigned letter found among Taylor's effects, in which the writer painted a vivid word picture of an imaginary life with Taylor in "A beautiful woodland lodge" where they would "Be all alone."

The letter told how the writer would cook, sweep and dust while Taylor "Fetters the water and built the fire," how she would feed the birds and wait patiently during socks for him to come home at night and how in the evening they would "Sit cozily by the fire listening to the wind whistling outside."

It frequently referred to Taylor as "You wonderful man."

Investigation Deferred.

Indications that powerful influences in the motion picture world were endeavoring to direct the inquiry about the murder of Taylor into certain lines and to prevent its extension in other directions, were reported today by officers employed on the case. They said today that ever since their investigation started they had been meeting unexpected obstacles, growing more evident daily.

Included in the obstacles were the dis-

Arrested on Charge of Robbery Made by Woman

John Boskin, twenty-four years old, a laborer, of No. 230 East Seventh street, was arrested by Detectives Cassetti and Williamson, of the Fifth street station, today on a charge of robbery made by Mrs. Rosie Liskowich, of No. 65 avenue B.

Mrs. Liskowich charged that Boskin, with two others, entered her home on the afternoon of February 6 and held her up with a revolver. One of the men took \$50 which she had concealed in the bosom of her waist, she said. Boskin will be arraigned in the Essex Market Police Court.

Five Armed Men Shoot Down Former Militiaman—Strikers Seize Cork Trains.

LONDON, Friday.—Announcement was made in the House of Commons today that Prime Minister Lloyd George had notified Michael Collins, head of the Irish Provisional government, that the kidnappers in Ireland showed the necessity of the presence of British troops in Ulster.

It was also announced that the Northern Irish Parliament had been assured that the number of British troops would be increased to any extent necessary for the protection of the inhabitants.

Three More Border Dead.

Belfast despatches today report three more deaths in the border warfare. The situation created by the kidnappers in Ulster continues to bear a grave aspect. The Northern Irish government had not up to this afternoon received any intimation of the release of the prisoners taken in the recent raids and has no authentic information as to their whereabouts.

The "Irish Free State Act of 1922," which was introduced in the House of Commons Thursday for the first reading, was published today. It is brief, containing only three clauses, the first of which states that the Anglo-Irish treaty signed in London shall have the force of law from the date the act is passed.

The second clause says that, for the purpose of giving effect to the agreement, orders-in-council may be made transferring to the provisional government in Ireland the designated powers and authorities.

2 JUSTICES LEAVE ALL TO WIDOWS

Barton and Weeks Estates Small—Hoyt Bequeathed Millions to His Family.

The will of the late Justice Barton S. Weeks, who died February 5, was filed for probate today. The estate is valued at more than \$50,000 each in real and personal property. There were no charitable bequests, but after providing for his immediate relatives, the residuary estate is made a trust fund for the benefit of his widow and son, with the College of the City of New York, Columbia University and Princeton College as contingent.

The will of the late Justice Francis M. Scott, who died February 5, was also filed for probate. The estate is valued at \$50,000 in real property and more than \$100,000 in personal property. His widow, Lucy P. Scott, is named as the sole legatee.

The will of Colgate Hoyt, New York banker, who died on January 30 at his home, Eastover, Centre Island, near Oyster Bay, also was filed today. It is estimated that Mr. Hoyt, who was head of the banking firm of Colgate Hoyt & Co., No. 14 Wall street, and an official of numerous railroads, left an estate worth from \$1,000,000 to \$2,000,000.

Under the residue clause of the will probably the great bulk of the estate goes in five equal shares to his widow, Mrs. Katherine S. Hoyt, and his four children, Charles Sherman Hoyt, Colgate Hoyt, Jr., Annie Sherman Hoyt and Elizabeth B. S. Hoyt.

Slain Film Director's Suit Ardent, But Was Rejected, Declares Chicago Woman

Friend of Movie Man Who Flew After Slaying Is Arrested—Mysterious Veiled Woman Is Sought.

While police, the District Attorney, the Sheriff's office and private detectives in Los Angeles continued their investigation along individual channels into the murder of William Desmond Taylor, noted film director, in his home there ten days ago, these new developments were noted today:—

The alleged love affair between Mabel Normand and Taylor is denied by a close friend of the screen star. The woman declares Miss Normand never loved Taylor, but that he was in love with her.

A man was arrested in Topeka, Kan., and is being held there on an embezzlement charge, but it is said he may throw some light on the murder. He told Topeka police of his friendship for the slain man and of "wild parties" in Taylor's home, ascribing jealousy as the possible motive of the crime.

A mysterious veiled woman seen in the vicinity of the Taylor home on the night of the murder is being sought by the police.

Mabel Normand's Love for Taylor Is Denied.

CHICAGO, Friday.—Mrs. John H. Borden, a close friend of Mabel Normand, rose to the latter's defense today. She returned here recently after a five months' visit with Miss Normand.

"Mabel is not in love and never was in love with Mr. Taylor," she said. "Bill Taylor was in love with her—very much so, but it was unrequited. She had been engaged to Mack Bennett, but that was a long time ago and now they are merely good friends. Mabel did not know anything about the first Mrs. Taylor or the daughter."

"Mabel never mentioned Mary Miles Minter's name to me. If there had been an affair between Mr. Taylor and Miss Minter, I believe Mabel would have told me. And as to those 'baby' letters, I read them to Mabel over the telephone when she was away. If she had been, I love she never would have allowed me to do that."

"As far as Mabel Normand is concerned, I can say and know that she is not 'wild' and that her work and her screen ambitions are too big in her life to let anything in the world interfere."

Champion at Weight for Lightweight Championship—Crowd in Line for Tickets.

Benny Leonard and Rocky Kansas weighed in this afternoon at two o'clock for their bout which will determine the lightweight championship of the world tonight. The title holder, whom many have been calling a writer, scaled at 134½ pounds and the stocky Kansas was half a pound above his weight.

William Muldoon and Tom O'Rourke, of the Boxing Commission, were early arrivals and they watched the process of weighing in. There was a crowd of about a thousand outside the Garden. There were many who were more keen to get a glimpse at the contenders than to get a ticket of admission. The line of prospective purchasers extended from Madison to Fourth avenue, and the Garden attendants said that the first had come to wait for the opening of the box office at eight o'clock in the morning.

Aldermen Hold Hearing on Auto Truck Equipment

The Committee on Thoroughfares of the Board of Aldermen held a public hearing in City Hall today on the proposed ordinance for the equipment of motor trucks with governors or other regulators, which was recently introduced by Alderman Peter J. McGuinness.

The hearing was attended by about a hundred persons representing civic organizations, automobile dealers, trucking interests and others who were anything but unanimous of the merits of the legislation.

Big Plate Glass Plant in First Avenue Is Quickly Destroyed.

One fireman was cut badly by falling glass, six others had a narrow escape from death when they were partly trapped on a fire escape, and a general panic among the patients in Bellevue Hospital was narrowly averted at noon today when a three alarm fire destroyed the interior of the four story brick structure covering a half block in First avenue, between Twenty-sixth and Twenty-seventh streets and occupied by Goldberg Brothers, dealers in plate and window glass, and the Y. M. C. A. Cafeteria and Medical Club on the first floor at the Twenty-sixth street corner. The 300 employees of the glass concern and about thirty diners and workers in the restaurant made their escape to the street without any one being injured. The total damage is estimated at \$150,000. Two fireboats assisted the department engines in combating the blaze.

The building, which is one of the largest structures on the lower east side, recently was purchased by the Intercollegiate Y. M. C. A. Association, which contemplated reconstructing it into one of the city's greatest club houses for the use of the 800 medical students who make their headquarters in the vicinity.

Starts in Mattress.

The fire was discovered by Detective Martin Myers, of the East Twenty-first street police station, who was on his way to Bellevue Hospital at the time to have a sprained wrist treated. As he passed the main entrance of the building, No. 461 First avenue, he smelled smoke and investigating, discovered a mattress such as is used to pack plate glass hanging against the wall of the delivery shaft and in flames. Though several trucks were in the shaft there was no person there, and Myers ran to the office to obtain assistance and ordered that the building fire alarm be sounded and an alarm sent in from the box at the corner.

While the trucks were being moved to a place of safety, Myers and several persons from the office endeavored to extinguish the flames, but they spread to the woodwork and began to eat their way into the cafeteria. In the meantime the building fire alarm had been rung, and the employees, many of them having donned their wraps ready to go to luncheon, made their way to the street. Most of them ran down the stairways, but a few on the upper floor came down by the fire escape.

The first shouts of "Fire!" were heard by Miss Roberta Porter, who was in charge of the restaurant, and she ordered all of her assistants and those eating to leave the place. These latter included students from the Cornell University Medical School, on the opposite corner, who used the cafeteria as a club room, and nurses and officials from Bellevue Hospital, the entrance of which was opposite the glass plant.

Patients Quieted.

These latter, realizing that a sudden scare might cause a panic among the hospital patients, ran to the office of the institution, informed the superintendent.

Huron Brings Coffee, Butter and Stowaways

The steamship Huron, of the Munson line, arrived today at Hoboken from Buenos Ayres and Rio de Janeiro with 4,572,300 pounds of coffee. The Huron also brought in one of the first shipments of butter ever sent here from the Argentine, having 3,500 cases in its refrigerators.

Three German stowaways were on board. They were German seamen interned in South America at the outbreak of the war and are trying to get back to Germany.

Peace Guarantee Needed, Neither War Nor Alliance Involved, Harding Asserts

Traditional Aversion to Foreign Entanglements Observed Fully, Upper Chamber Told—Parley a Mockery Without Ratification.

By the Associated Press.

WASHINGTON, Friday.—The treaties negotiated during the Washington conference were laid before the Senate by President Harding today with a request that they be ratified as guarantees of peace.

Appearing in person before the Senate, the President declared that the new agreements would serve to put an end to contradictions, to remove ambiguities and establish clear understandings.

These engagements, the President said, were interwoven in a general scheme of peace and contained nothing which "commits the United States or any other Power to any kind of alliance, entanglement or involvement."

Seven treaties were submitted by the President. The first the five-Power naval armament treaty, the second the submarine and poison gas treaty and the third the four-Power Pacific treaty. The fourth and fifth were supplemental treaties to the four-Power pact, and the others, related, respectively, to the general Far Eastern situation and to the Chinese tariff.

Referring to the unratified Treaty of Versailles, Mr. Harding said it was drawn in response to a manifest world hunger for better relationships, and that the treaties submitted today were drawn in response to the same desire but without any provision except "to promote peace."

Resort to Force Omitted.

"The four-Power treaty contains no commitment," said the President. "There is no commitment to armed force, no alliance, no written or moral obligation to join in defense, no expressed or implied commitment to arrive at any agreement except in accordance with our constitutional methods."

Reviewing briefly the situation in the Far East, the President declared that the conference by its Far Eastern agreement, "had dispelled" all apprehension of territory greed in that quarter and that the Senate ratification of the Far Eastern treaties "will stabilize a peace for the breaking of which there is not a shadow of reason or real excuse."

The Five Power Naval Treaty, he continued, was in accordance with the expressed wish of Congress as contained in recent legislation and would afford "the first actual relief from naval burdens which peoples have been able to acclaim since steam and steel combined to add to naval strength in warfare."

Read Fairy Tales.

While waiting to be called to testify the two girls sat in the process server's room reading books of fairy tales provided by Miss Wells.

Herman Voch, janitor of the house at No. 20 West Forty-seventh street, was also on hand outside the court room, waiting to be called as a witness.

Mr. Pecora stated, however, that he did not expect all the witnesses would be called today, as the session scheduled was a short one. He said he hoped to complete the examination of witnesses next Tuesday or Wednesday.

Pecora was arraigned later before Justice Finch in the Criminal Branch of the Supreme Court and pleaded not guilty to the kidnapping indictment. He was held in \$25,000 bail, in default of which he was sent to the Tombs.

Puerto Rico Unionists Have a New Platform

By the Associated Press.

SAN JUAN, Puerto Rico, Friday.—A complete new platform for the Puerto Rican Unionist party, which Antonio R. Barcelo, its president, says will eliminate the demand for independence and which pledges the party to work for the creation of a free State associated with the United States, has been agreed upon. Mr. Barcelo said today. He said enough signatures had been obtained in its support to assure its approval at tomorrow's assembly of the party, probably unanimously.

At the same time a resolution will be presented by Philip P. Campbell, of Kansas, for the introduction of the Campbell providing for the creation of an associated free State, to which the unionists will give their full support.

PACT CONFIRMS MANDATES FOR PACIFIC ISLES

Americans in Return Get Equal Rights and Various Cable Privileges.

LONG CONTROVERSY ENDED

Closing Ceremony Simple—Senate Committee Speeds Work on Arms Treaties.

By the Associated Press.

WASHINGTON, Saturday.—The long controversy between the United States and Japan relating to the Pacific Island of Yap—the subject of many notes and other diplomatic exchanges—was formally and finally ended today with the signing of a treaty by representatives of the two countries.

The treaty, which defines the rights of the United States in Yap and other islands mandated to Japan under the Treaty of Versailles, was signed at half-past two o'clock by Secretary Hughes for the United States and Baron Kijuro Shidehara for Japan in the office of the former at the State Department.

The signing was quite informal and was witnessed only by the State Department officials who prepared the treaty. Negotiations for the treaty were instituted last June and the terms of settlement were almost entirely agreed upon before the meeting of the Conference on Limitation of Armament.

Final steps toward the treaty were completed early in December, and on December 12 Secretary Hughes made public the essential points of the agreement.

Equality for Americans.

The Secretary declared that under the treaty the United States is given free access to the island of Yap on a footing of entire equality with Japan or any other nation in all that relates to the landing and operation of the existing cable or of any cable which may hereafter be laid by the United States or its nationals.

It was agreed, according to Secretary Hughes, that the United States and its nationals were to be accorded the same rights and privileges with respect to landing and operation of cable with regard to telegraphic service as with respect to cables. In relation to electric communications it was agreed that the United States should have rights of residence without restriction, and rights of acquisition, enjoyment and undisturbed possession, upon a footing of entire equality with Japan or any other nation or their respective nationals.

Sport Promoter's Counsel Protests Against \$10,000 Bail on Girl's Charges

Decision of Magistrate Simpson Came as Surprise to Defendant.

MRS. RICKARD IN COURT

Evidence Reviewed in Effort to Discredit Testimony of Child Accusers.

By the Associated Press.

George L. Tex Rickard, well known as a promoter of sport enterprises, was held in \$10,000 bail for the Grand Jury this afternoon by Magistrate George W. Simpson in the West Side Police Court on a charge of criminal assault, second degree, preferred by the Children's Society in behalf of Alice Rickard, a fifteen-year-old schoolgirl.

The case, which has attracted widespread attention since Rickard was apprehended some time ago, has since been under investigation by the District Attorney's office, and in addition to the alleged offenses against the promoter, said to have been committed at various places, the authorities allege that they have discovered additional evidence of alleged assault upon other young girls and that these have been taken into custody and are being held as witnesses.

Rickard, who entered the court room accompanied by his wife, Max D. Steuer and other attorneys, was unable to give the required bail at the time it was imposed, and an adjournment was taken until he could communicate with a surety company and procure it. Later the bail bond was furnished.

Court Room Is Crowded.

Long before the case was called the court room was crowded. Several friends of the accused, including Billy Gibson, boxing promoter, and Anthony J. Biddle, wealthy sportsman, were assigned to seats in the front row, opposite those held for Rickard and his attorneys.

Mr. Steuer attempted to discredit the testimony given at previous hearings by Alice Rickard and Anna Hess. The latter has asserted that she was a companion of the complainant upon several occasions when, it is alleged, Rickard took them to various places.

Alice Rickard testified to being in the company of Rickard on five different occasions. One in the tower at Madison Square Garden, once in an apartment at No. 24 West Forty-seventh street, and three times in an apartment at No. 20 West Forty-seventh street.

Mr. Steuer then read from the testimony of the Hess girl that she stated she had been in Rickard's company along with the Rickard girl on four occasions, once in the tower at the Garden, once

BEANSY ROSENFELD DIES OF INFLUENZA

Gambler, Under Indictment for Liquor Frauds, Recently Was Released from Prison.

Chief Hugh McQuillan, of the special intelligence unit of the Internal Revenue Bureau, was informed today of the death of Simon Ben Rosenfeld, better known as "Beansy," who (was under indictment here with Edward Donagan and others for participation in a conspiracy to violate the Volstead act through the use of irregular liquor withdrawal permits.

Rosenfeld was arrested here December 30, 1920, for connection with the liquor permit frauds. At that time he was under bail in New Jersey, where he had been convicted of operating a gambling house and sentenced to a term in State prison. In May Rosenfeld surrendered and remained in prison until December, when he was pardoned by the Governor of New Jersey in case of ill health.

Rosenfeld, Donagan and the other defendants in the liquor permit frauds were to have been placed on trial February 14 in the Federal Court here, but because William J. Fallon, their counsel

\$100,000 LOST IN TRACK SWINDLE BY NEWARK MAN

Head of Drug Concern Drops Sum to Wire Tapping Schemers.

PLOT FRAMED IN FLORIDA

Friends Say He Gave Up \$20,000 and Then Was Defrauded of \$80,000.

A Newark man, formerly a wholesale liquor dealer and now generally believed to be a partner in a wholesale drug concern, is said by his friends to have lost \$100,000 in a wire-tapping swindle in Florida.

While admitting that they know he has lost this money, the friends refuse to authorize the use of his name or to admit for publication that they know of his loss.

According to friends of the man, he left here about a month ago and met men who induced him to enter a "sure thing" system of playing the races. He put up \$20,000 as a starter, and was told that he had won \$25,000, but must advance another \$50,000 before he could collect, as an evidence of good faith.

According to these friends, they warned the victim by wire not to put up the \$50,000 and one of them received a message which read:—

"Go on and let me alone. I am twenty-one and can take care of myself. Mind your own business."

The man, according to his friends, returned from Florida, drew \$30,000 in cash and went back, investing the money in the game. They say he has lost it all. They do not know his present whereabouts.

William E. Burpo, in charge of Department of Justice special agents in Newark, said the department knew of the operations of wire tappers in Tampa and other cities in Florida but has no official knowledge of this particular operation. The Newark police say they have not been asked to move in the matter, but have unofficial information that the man has been swindled.

MAN AND WIFE DIE, 10 POISONED BY GAS

Husband Turns on Kitchen Range Jet, but Forgets to Apply Match.

David Frisch, twenty-eight years old, and his wife, Freda, twenty-six years old, were killed and three other couples and four children narrowly escaped death early today when the houses at No. 128 Union avenue, and No. 31 Siegel street, Williamsburg, became filled with gas.

Frisch returned to his home in the first floor apartment at two o'clock this morning, and is believed to have started to read a newspaper in the kitchen before a gas stove which he had failed to light after turning on the gas in the oven. The fumes awakened Mrs. Moses Schreiber, the first floor rear apartment at three o'clock. She awakened her husband from a gas-induced stupor and opened the bedroom window.

When she discovered her husband and a half old son, Moses, overcome by gas, she screamed so loudly that Policemen Benjamin Waldeck of the Herbert street station, was attracted to the house. Waldeck broke down the door of the Frisch apartment and found husband and wife dead. Their year old son, Harry, was alive, though overcome by gas. The policeman summoned Dr. John Mauro and Dr. Frank Saulpater, of Greystone Hospital, who worked on Frisch and his wife for three-quarters of an hour without success.

Couple Overcome.

While the doctors were working over Frisch and his wife, moans were heard from the second floor apartment above them. After breaking in the door of this apartment Policemen Waldeck found Gottlieb Gotheis, thirty-seven years old, and his wife, Anna, thirty-five, overcome by gas from the Frisch stove. Dr. Barton, of St. Catherine's Hospital, was summoned by the policeman, who as-

Mabel Normand Is Unable to Shed Any New Light on Mystery of Taylor's Death

Her Chauffeur Also Questioned Without Result—Police Baffled in Hunt for Slayer of Director.

LOS ANGELES, Saturday.—Although four investigating agencies—the police, the District Attorney, the Sheriff's office and private detectives—have been looking over every conceivable piece of evidence that might lead to the solution of the murder of William Desmond Taylor, prominent motion picture director, in his home here ten days ago, the mystery still is as deep as it was when the hunt for the slayer was started.

Mabel Normand, famous screen star, who is the last known person to have seen the film director before he was murdered, was questioned by the District Attorney and subjected to a severe grilling that lasted into the early hours today. Letters written by her to Taylor, disappearance of which and their later recovery caused many conjectures as to her end in the case, at first made it appear to the authorities that she possibly might be able to furnish some clue to the slayer.

After her examination, however, no further progress had been made. She was unable to help the authorities in any way and had no information to give other than that which she already had imparted. Her chauffeur, William Davis, also was questioned by District Attorney Thomas L. Woolwine, but with no greater effect.

She Emerges Smiling.

At the conclusion of the grilling Miss Normand, who was clad in a red dress, gray fur and a black hat, emerged smiling.

"I believe Miss Normand told me everything she knows about the case," said the District Attorney later.

"This included nothing that would further connect Edward F. Sander, the missing butler, with the crime. I have learned nothing to make me believe he is the guilty one."

The questioning of Miss Normand's chauffeur was brief. He drove Miss Normand to her home.

"I never saw a case so devoid of workable clues," was the District Attorney's comment.

Arrest of a man today led to the report that he had been seized as a suspect in the Taylor shooting. The man, Walter Thiele, twenty-five years old, in this city since coming from Oakland, his birthplace, a year ago, was booked in the City Jail on charges of carrying a concealed weapon and suspicion of burglary.

When he was imprisoned police detectives threw a veil of mystery about his arrest. They maintained a strict silence concerning the report that a cap found among his effects was stained and had been taken to the prosecutor's office. The detective likewise refused to

Bronx Politician's Estate To Be Divided Equally Among Seven Children.

The will of Arthur H. Murphy, Democratic leader of the Bronx, who died February 6, was offered for probate in the Surrogate's Court, the Bronx, today.

It shows that the estate, valued at approximately \$250,000, is divided equally between the politician's four children by his first marriage and his three children by the second marriage.

All his personal effects were left to Mrs. Murphy, who is also, with Mrs. Mary E. Conlon, a sister-in-law, made guardian over the seven children.

A bequest of \$5,000 was set aside for Catholic churches.

Dead Marine Exonerated in Managua Police Killing

MANAGUA, Nicaragua, Saturday.—Court martial of the American marines accused of killing four members of the Managua police force has brought out evidence showing that Sergeant Lee Henry of Louisville, Ky., who was slain at Duramba while fleeing in company with Corporals Russell, Bennett and Anthon, was not implicated in the shooting. His culpability was held to consist in failing to attempt to prevent the outbreak by advising his superior officers of the premeditated attack.

The American Minister has informed the government that the marines are not subject to the laws of Nicaragua, being members of the Legion Guard.

NEW IRISH REBELLION FEARED; SCORES IN PERIL IN FIVE FIRES

OLD CHURCH AND WALL ST. OFFICE FLAME SWEPT

Eleven Are Rescued, One Hurt in
Burning Brooklyn Tene-
ments.

CHELSEA EDIFICE DAMAGED

Two Alarms Sent In for Stub-
born Blaze in Twenty-
eighth Street.

Eleven persons were rescued from
tenements, one of the oldest church
structures in Manhattan was threatened
with destruction and hundreds of per-
sons were driven into the streets by
blazes in a Wall street office and a New
York apartment house in the course of
five fires in widely separated parts of
the greater city today.

A blaze which started in a side entry
of the Episcopal Church of the Holy
Apollonia, the oldest religious edifice in
the Chelsea section, at the southeast
corner of Ninth avenue and Twenty-
eighth street, this afternoon, for a time
threatened to destroy the historic struc-
ture, which was built in 1845 and since
has been in constant use.

The fire was extinguished after doing
damage amounting to \$15,000 to a wing
of the south side of the church and
burning out the interior of the parish
house.

Shortly after two o'clock a man pass-
ing the church noted a small curl of
smoke coming from beneath the door
to the entry, and after rapping and re-
ceiving no response, sent in an alarm.

When the first firemen arrived another
alarm was turned in, for it was feared
that the old structure would become a
roaring furnace if the flames were not
promptly checked, and any spread of the
fire would endanger the vestry building
and tenements on the West 1. A Ed-
elburt, to the east.

The doors were smashed but the fire-
men were temporarily driven back by
the clouds of smoke which filled the in-
terior and belched forth finally.

Wearing masks, the firemen located the
blaze between the walls on the south
side of the church and noted that they
had almost reached the roof.

Going there, several hoses were cut,
and through these the blaze was fought
with several lines of hose.

The fire started in the vestry entrance
probably from electric wires, but a thick
brick fire wall prevented it from eating
through into the vestry proper. From
the entrance the flames spread to the
parish house and then to the southern
wing of the church. The entire parish
house was gutted and it was necessary
for the firemen to do considerable dam-
age to the south wing to prevent the
blaze from spreading to other parts of
the church.

Last night there was a reception in
the church for Bishop Potter of Eastern
Oregon, and following that the church
remained closed until the janitor, George
L. Goodale, of No. 63 Hudson street,
went there today. He left the building
fifteen minutes before the fire was dis-
covered, but everything was in order
when he left.

Fire which broke out in some un-
known place in the Chelsea section of
the city today.

Valera Plots Overthrow of Free State, Is Charge; Eight Slain at Belfast

Casualties Heavy in Two Day Ulster Conflict;
Collins Warns Americans to Keep
Out of Uprising.

By the Associated Press.

LONDON, Monday.—Michael Collins, head of the Irish Pro-
visional government, has sent a cablegram warning the American
Association for Recognition of the Irish Republic not to assist or
countenance a coup d'etat which, he declared, was being planned
against the Irish Provisional government, says a Dublin despatch
today to the London Press Association.

Mr. Collins' cablegram stated:—
"You know well that the alternative
to the treaty, sooner or later, is a re-
turn to war conditions. That is the
issue I want the people to decide. If
they decide for war none of you need
doubt where I shall stand."

"Meanwhile do not suppose us, I warn
you, not to assist or countenance the
coup d'etat being planned against the
new government, as witness the affair
at Cork, where the departing British
police had their arms seized by De
Valera's supporters. The only object of
such action can be to destroy the Pro-
visional government and hamper the
evacuation of the British forces."

"I refer you also to De Valera's state-
ments, which make it perfectly clear
that we are regarded as greater enemies
than the British government."

Eight Dead in Two-Day Disorders
Throughout Belfast.

BELFAST, Monday.—Disorders con-
tinued sporadically today. Up to three
o'clock this afternoon a total of eight
persons were reported killed.

ARBuckle WITNESS ELUDES POLICE NET

Zey Prevost Escapes by Sliding
Three Floors on Rope in a
New Orleans Hotel.

NEW ORLEANS, Monday.—A young
woman thought by police to be Zey
Prevost, the missing Arbuckle case
witness, escaped from a hotel here to-
day while detectives were waiting in
the lobby for authority from San Fran-
cisco to take her into custody.

She is believed to have lowered her-
self on a rope from a third story room
to a courtyard below.

The woman who registered at the
hotel last Wednesday as Mrs. Zebell
Elrux placed no address on the register.
According to a statement made to the
police by hotel employees, since coming
to the hotel she had kept closely to her
room.

When approached earlier in the day
by local newspaper men and addressed
as Miss Prevost, Mrs. Elrux stoutly
maintained that she was not the mis-
sing witness.

She declared her intention of leaving
today for Cuba. Police and newspaper
men are mystified by the manner in
which the woman took all her baggage
without observation.

Free Dances Barred in Rochester.
ROCHESTER, N. Y., Monday.—At a
conference of dance hall proprietors
with Public Safety Commissioner
Barnham, Police Chief Quigley and
Policeman McElroy, it was decided
to bar from dance halls of the city the
so-called "check-to-check" and
"sleeping beauty" dances. The ban
also was pronounced on "extreme"
jazz music.

BANDITS LOOT HOTEL SAFE OF \$100,000 GEMS

Force Night Clerk at the Wash-
ington in St. Louis to Open
Deposit Boxes.

ARMED TRIO ROBS SHOE SHOP

Hold Up Store Manager Here
and Escape with \$10,000
in Cash.

ST. LOUIS, Mo., Monday.—Jewelry es-
timated by the hotel management to
be valued at \$100,000, was obtained by
bandits who, early today, looted safely
deposit boxes at the Washington Hotel,
in the western section of the city.

If a Crofton, night clerk, was forced
to open the safe. The jewelry was the
property of guests and the exact value
will not be determined until the guests
list their losses.

The bandits also obtained \$50 in cash
and \$100 in cheques from the cash
drawer. They escaped after compelling
Crofton and an elevator operator to lie
on the floor. Carl Zerk, who was in-
volved in the baseball scandal but
later exonerated, resided at the hotel.
He said his losses were \$50.

Two bandits looted the boxes while
one guarded the elevator and another
acted as "lookout" outside, police were
told.

Armed Bandits Got \$1,000 in Shoe Shop Hold-Up.

Three armed, unmasked bandits win-
ned the Beckhazard Shoe Store at
No. 11 Avenue C of 3600 Saturday night
resumed operations at nine o'clock this
morning and stole \$1,000 from another of
this firm's stores at No. 136 Bowery after
forcing the manager to open the safe and
walked out of three revolvers.

Listra walked too slowly toward the
safe to satisfy one of the robbers. He
kicked the store manager in the side,
shouting:—
"Get a move on, or we will fix you
so you never will move again."

Listra attempted to delay opening the
safe, hoping customers would arrive and
aid him in escaping from the bandits
before they would get at the \$1,000 re-
ceipts of Saturday's busy trade. But
one of the bandits prevented entrance
of customers by going to the door and
informing all who attempted to enter
that the store was closed for the hol-
iday.

After getting all money from the safe,
Listra was forced to go down to the base-
ment.

When Listra reached the bottom of the
basement stairs the bandits ran from the
store to enter an automobile that was
facing south on the Bowery.

SCHEME OF INSANE TO ESCAPE FOILED

Note Reveals Plot of Matteawan
Inmates to Rush for Lib-
erty Tonight.

POUGHKEEPSIE, N. Y., Monday.—
Officials of the State Hospital for the
Criminal Insane at Matteawan confirmed
the report of the frustration of a jail
break planned by eight inmates for to-
night. An anonymous note of warning
dropped by one of the eight, who had
become scared, gave the authorities the
tip which resulted in the restraining of
members of ward twelve.

Unofficially it was indicated that a big
cut in a bar had been made. The
prisoners were said to have planned the
delivery to take place during the weekly
entertainment at the hospital. They had
planned to slip upstairs from the enter-
tainment hall, it is said, and drop out
of a window on a rope made of sheets.

Pistol Shot Checks "Strut" of Ohio State Band Leader

COLUMBUS, Ohio, Monday.—Edwin
(Tubby) Essington, master of Ohio State
University's famous 100-piece band, will
not be able to "strut" on college cam-
pus for several weeks. While at target
practice at the university, his pistol was
accidentally discharged, inflicting a
wound in his right knee. He is in a
local hospital.

Essington is well known throughout
Western conference circles as having
the "proudest strut" of any college band
leader.

"I Have Told All I Know," Declares Famous Screen Beauty in a Statement

Slain Director Was Symbol of All Girl Admired
in Man, She Declares—Losing Hope
for Murderer's Capture.

LOS ANGELES, Cal., Monday.—Two statements—one by
Mary Miles Minter, motion picture star, in which she declared she
had told "all she knew" regarding the life of William Desmond
Taylor, slain film director, and the other by District Attorney
William Lee Woolwine, expressing doubt as to whether the mur-
derer ever would be apprehended—were the outstanding develop-
ments today in the investigation into the cinema man's death.

In making her statement Miss Minter
said she could not conceive how any per-
son voluntarily could wrong Taylor.
Prosecutor Woolwine condemned "fake
and fraudulent interviews" on the case.
Miss Minter's statement follows:—

"There is no personal or financial
sacrifice that I would not gladly make
to bring the slayer of William Desmond
Taylor to justice."

"Mr. Taylor was one of my best
friends. His death was a great shock
to me. I met Mr. Taylor first in D.H.
when he became my director. I was
then seventeen years old, and his in-
spiration, his unfailing courtesy and
consideration, not only to me but to all
with whom he came in contact, imme-
diately won my highest admiration."

"From 1919 until the day of his death
Mr. Taylor was to me the symbol of
honor and manliness, an inspiration,
friend, guide and counsellor—the sym-
bol of all a girl admires in a man."

"His friendship was uplifting and his
advice and aid were invaluable. It would
be nothing less than veritable ingrati-
tude if I did not, now that he is dead,
raise my voice to proclaim what he was
and to reiterate those who would be-
sorrow his character."

"I have told the authorities all that
I know, both of his life here and in the
East. That, I fear, has been of little
aid to them. I cannot conceive the char-
acter of a person who would voluntarily
wrong Mr. Taylor or cause his death."

PARENTS STAND BY MABEL NORMAND

Confident of Her Innocence, De-
clares Father, Who Lives in
Staten Island.

"We have every confidence in the in-
nocence of any wrongdoing of our
daughter," said Claude G. Normand,
father of the famous cinema actress,
Mabel Normand, in discussing today with
an Evening Telegram representative the
Taylor murder, mystery in Los Angeles.

"We are not alone in our confidence,
either," he added. "Many friends of the
family living in New York and here on
Staten Island have telegraphed or tele-
phoned us messages of cheer and ex-
pressions of belief in her. A number,
too, have called to deliver them in per-
son."

"The discussion took place in the Staple-
ton Club, where Mr. Normand, who is
about fifty years old, assists the man-
agement. Mr. Normand said his wife
was at home, No. 125 St. Mark's place,
New Brighton, a \$25,000 residence the
screen star presented to her parents with
her first big earnings."

"Mabel has notified us daily of the
progress of the investigation of the kil-
ling of the movie picture director. Not
infrequently she telephones us. Other
times she telegraphs."

"We are not worried, nor have we ever
been. She is a good girl and always has
been generous to her parents. She spends
about ten months of the year on the
coast."

Tennessee Central R. R. Asks \$2,250,000 Loan

WASHINGTON, Monday.—The Ten-
nessee Central Railroad asked the Inter-
state Commerce Commission today for
a loan of \$2,250,000 from the government,
with which it proposes to extend and
perfect its operations. The property of
the carrier, long in the hands of receivers,
was sold recently to a group of
Nashville (Tenn.) men, who, in making
the application today, said it was their
purpose to operate the enterprise for
the enhancement of interests of the
territory it serves and to reduce the
outstanding capital securities against it,
in order to improve its financial or-
ganization.

Bonds of the new company were of-
fered to the commission as security for
the advance sought.

'UNCLE JOE' CANNON NOT TO RUN AGAIN

Oldest Member of House An-
nounces Retirement at End
of Present Term.

WASHINGTON, Monday.—"Uncle
Joe" Cannon, oldest member of the
House, announced today he would not
be a candidate for re-election as Rep-
resentative from the Eighteenth Illi-
nois district.

The former Speaker announced his
intention to retire from politics in an
evasive word statement, which read:—
"I am not a candidate for re-election
to the Sixty-eighth Congress."

Reports had been current for some
time that he would seek another term
but in reply to inquiries Mr. Cannon
always declared he had not made up his
mind as to his plans.

The Illinois Representative, one of the
most picturesque and widely known fig-
ures in Congress, will be eighty-six
years old next May 7. He is serving his
twenty-third term as a member of the
House, during eight years of which he
was Speaker.

While Mr. Cannon in his statement
gave no reason for his announced in-
tention of retiring from public life, close
friends declared that he had made the
decision in the belief that his health
and age made a less strenuous life ad-
visable. He is expected to retire to his
home in Danville, Ill., after serving out
his present term.

Hotel Fire Victim Was Yonkers Resident

RICHMOND, Va., Monday.—One of
the bodies taken from the Lexington
Hotel ruins Thursday afternoon has
just been identified as that of Felix H.
Poirer, of Yonkers, N. Y. Identification
was made by Dr. J. L. Poirer and
Charles J. Poirer, sons of the dead man.
The body was shipped to Yonkers.

Another body taken from the ruins
last night was identified today as that
of S. J. Kessler, traveling salesman for
the Better Made Cravat Company, of
Columbus, Ohio. A brother of Kessler
wired the local police that he would ar-
rive in Richmond today to claim the body.

Chinese Slain in Tong, Wa.

HITTE, Mon., Monday.—Hun Tong,
twenty-year-old Chinese, was shot and
killed in an alley in Chinatown here.
Police said it might have been the re-
sult of a long war.

REVENUE RELIEF GRANTED NEW ENGLAND RAILROADS.

WASHINGTON, Tuesday.—New England railroads today were given by the Interstate Commerce Commission the right to an increased proportion of revenues received by them in association with other railroads on joint shipments. The division assigned the New England railroads by the commission's decision today will increase their proportion by approximately 15 per cent on most of the shipments coming under the ruling.

BRITISH SUSPEND PROCEEDINGS AGAINST GANDHI.

LONDON, Tuesday (By the Associated Press).—The British government's proceedings against Mahatma K. Gandhi, leader of the Non-Co-operationists in India, have been suspended, in view of his announced cessation of the campaign of civil disobedience. Announcement to this effect was made in the House of Commons this afternoon by Edwin S. Montagu, Secretary for India.

\$6,000,000 RUSSIAN AND GERMAN GOLD COME HERE.

Old gold coins of former Russian and German Empire, with a United States valuation of approximately \$6,000,000, were brought to this country on the steamship Stavangerford, which arrived in Brooklyn this afternoon. They are the first to be brought here since before the war. The money is consigned to two Wall Street banks.

PRESIDENT SEES REAL MENACE IN ISSUE OF BONDS

Executive Fears Plan to Finance
Cash Feature Would Advance
Interest Rates.

INSISTS ON "SANE" SYSTEM

Would Fulfill Promises, but Would
Not Disturb Financial
Stability.

WASHINGTON, Tuesday.—President Harding is unalterably opposed to the enactment of the special taxes suggested to finance the soldier bonus or to the return to taxes which have been repealed. It was stated officially today at the White House.

It also was indicated that the executive was very much in doubt if it would be possible to raise the required sum to finance the cash feature of the bonus under an issue of bonds without appreciably advancing interest rates and destroying the financial tranquility which is sought.

The President, it was said, was disposed to be favorable to the bonus, but his attitude had to be that of finding sane and sensible conditions for the fulfillment of promises made on one hand without disturbing the desired return to financial stability.

It was stated that Mr. Harding's attitude on the bonus question would be made clear to Congress in a communication expected to be sent to the Senate and House sub-committees dealing with the bonus subject. Whether this letter would go forward today was not disclosed.

The position of the President was explained at the White House while the Senate was in the midst of a discussion of the bonus question and while Senator King, Democrat, Utah, was charging that Republican leaders in Congress had put the whole bonus matter up to the President.

"Not long ago," said Senator King, "the Republicans were denouncing the Democrats for subversive loyalty to President Wilson. It was charged that we were rubber stamps when the President submitted the Versailles treaty. We are not rubber stamps but heroes now when we are told to stand still until President Harding acts."

Situation Pitiable.
The bonus situation, Senator King declared, was a "pitiable, pitiful, lamentable spectacle." He predicted that the Republicans would authorize the bonus and order bonds issued to meet the cost while it should be met, he said, by taxes.

The Republicans, Senator King asserted, had gone to President Harding "on bended knee" and turned the bonus question over to him for a solution. He

Flu and Pneumonia Cases Show Decided Decrease

A decrease was shown today in influenza and pneumonia cases and also in influenza deaths reported to the Health Department as compared with yesterday's figures. Pneumonia deaths increased. Influenza cases were reported today as 176 compared with 226 cases reported yesterday. Today's pneumonia cases were 53 against 120 cases reported yesterday.

There were 12 influenza deaths, 3 less than yesterday, while the pneumonia deaths were 4, an increase of 13 over the deaths reported yesterday.

Don't Carry a Package in Bronx After Sunset; Cops'll Quiz You.

A curfew on package carrying following an order of Police Inspector Dominick Healy, goes into effect in the Bronx at sundown today. All police officers will halt and interrogate conveyors of packages at night as one measure of stopping the crime wave. The theory is that whenever a burglar carries the loot away with him, and in apprehending loot thus carried the burglars will be accounted for.

It was learned Bronx policemen have been interrogating package conveyors for a week. Eighteen were before the February Bronx Grand Jury today, but were dismissed, evidence being insufficient. The packages were alleged to have contained liquor, however, not loot.

By the Associated Press.
BELFAST, Tuesday.—A large body of troops appeared on the streets of Belfast late this afternoon. They were the first to be sent here since the renewed outbreak of disorders began. Snipers had continued their work all day and by mid-afternoon the death toll since Saturday had been increased to nineteen. The number of wounded had reached the approximate total of fifty.

In the main thoroughfares of the city business proceeded apparently as usual, but in the storm centres the sniping was frequent and dangerous.

Two men were killed at noon, one a truckman, who was shot in the back while driving a lorry and died soon afterward, and George Harper, aged sixteen, who was hit by a bullet while standing at a street corner and instantly killed.

Pitched Battle Fought.
Shortly before 2 o'clock this afternoon heavy bursts of fire occurred in the Falls Road district, the shots coming from the Unionist section in Northumberland street in the Sinn Fein quarter. Gunmen in the latter quarter immediately retaliated and a fierce revolver duel continued for a considerable period.

Shots were fired into Royal avenue, the main thoroughfare of Belfast, then crowded with shoppers. One man was wounded and the driver of the ambulance which was rushed up to carry him off reported the ambulance had been fired upon.

Previously a man had been found dead in Little York street, the nineteenth victim of the fighting.

Four of the children who were wounded in Monday's bomb attack in Weaver street died in the hospital during the night.

William Waring, caretaker of Orange Hall in Clifton street, headquarters of Irish Orangemen, was shot in the neck this morning and is in a serious condition.

A truckman leading a horse through Clifton street, near the scene of the Weaver shooting, was stopped by a man who produced a revolver and fired point

SOLDIER'S WIFE SEES HIM SHOT DEAD IN ARMORY

Morris Sheehy, of 104th Field
Artillery, Accused of Slaying
Sergeant Major.

BAD LIQUOR IS BLAMED

Walter Vallance Killed with Military Pistol by Friend at Dance.

Maurice A. Sheehy, twenty-four years old, today was remanded without bail to the West Side Prison by Magistrate Edgar V. Frothingham in the West Side Police Court for examination on Thursday on the charge of shooting and killing Walter Vallance, forty-six years old, regimental sergeant major of the 104th Field Artillery, in the armory at Broadway and Sixty-eighth street, after a fight that ended a dance early today.

Sheehy is the regimental supply sergeant of the 104th Field Artillery. He is charged with shooting Vallance with a military pistol in the sergeant major's office in the armory's room while Vallance's wife struggled with her arms around Sheehy's neck to prevent him from firing the weapon.

The prisoner appeared to be unnerved when arraigned before Magistrate Frothingham. It was evident he had spent a sleepless night, but he exhibited no signs of emotion during the preliminaries that preceded the Magistrate's order for his detention in West Side prison. The detectives who accompanied him to the court said he could give them no explanation for the shooting of Vallance.

Mrs. Vallance, according to the police, told Detectives Manning, Cronin and Maloney at the West Sixty-eighth street station that she bore no ill feeling against Sheehy because he killed her husband.

"Sheehy was my husband's best friend and I know he did not mean to kill him," she is said to have told detectives. "He was a gay with drink when he came to my husband's office in the armory's room, a bad look in his eyes and a pistol in his right hand."

"I threw my arms around his neck in an effort to prevent him from firing the gun, but he raised it despite me and fired. The first shot killed my husband."

"Insult" to Blame.
Sheehy was said to have been aroused to a fighting mood by a supposed insult to Miss Betty Glenon, his dance companion. Miss Glenon, who came from Unionville, Conn., several weeks ago to live at No. 21 East Eighty-sixth street, is to be detained at the District Attorney's office as a material witness.

After the arrest of Sheehy early today in the armory, the police were told a man had been seen to slip a pistol in his pocket. They returned and arrested

\$6,500,000 SWINDLES REVEALED BY RAIDS ON 3 "PONZIS" IN CHICAGO

Chicago Firms Got That Amount

100 P. C. IN 6 MONTHS IS BAIT

Head of One Firm Arrested—
Two Other Master Minds
Being Sought.

CHICAGO, Tuesday.—Investigation of the dealings of the Western Land Operators' Company, the third concern raided by authorities within three days and believed by them to have swindled foreign-born citizens of more than \$1,500,000, was under way here today by government agents.

Within three days gigantic alleged swindles totalling approximately \$6,500,000, according to estimates by officers, were disclosed with the arrest Saturday of Raymond J. Bischoff and the arrest yesterday of three employees of the Western Land Operators' Association and three employees of the American Novaculite Company.

Leslie Harrington, said by police to be the moving spirit in the affairs of the American Novaculite Company, and Charles Ulrich and Charles Phillips, general manager and president of the Western Land Operators' Company, are being sought by the police.

Another Raid Made.
The raid of the offices of the Western Land Operators' Company was made last night upon the complaint of Sidney Banes, attorney, representing 300 creditors. The police believed they had established a connection between the working of Bischoff and Harrington, and now think that the Western Land Operators' Company was connected with the other two and that the three were operating huge swindles jointly.

The investigators indicated today that total losses to the families who invested their savings in the companies may run much higher than the figure now set at \$6,500,000.

The raids and arrests followed the hearing of Bischoff, held before Judge Landis yesterday, and in which Bischoff

TAYLOR DEATH LAID TO WHISKEY RING

Film Man's Drug Activities Also
Shown by Cheque Book,
Police Theory.

LOS ANGELES, Cal., Tuesday.—Bootleggers or drug peddlers now are believed by the authorities to have been instrumental in bringing about the murder of William Desmond Taylor, motion picture director, in his home here two weeks ago.

Cheques drawn by the slain cinema man, according to the police, indicate he had been engaged in extensive bootlegging activities and had supplied illicit liquor to many of the "white lilies of the screen." The police believe the theory was developed by the strength of statistics showing the majority of those held here on bootlegging charges also are drug sellers.

With this theory to work on, the investigators are redoubting their efforts to find the leaders of the liquor and drug rings in this city, believing Taylor's slayer can be found through them. Despite these new theories, no official connected with the investigation of the Taylor murder mystery would say today what progress had been made toward its solution.

"Too Many Wild Tips."
The officers were at work and till expressing determination to do their best to find the slayer of the film director.

Republicans To Pass Bill for Port Authority Plan

ALBANY, N. Y., Tuesday.—The Republican Assemblymen this afternoon decided to pass as a party measure the Port Authority bill which permits the adoption of the plan for the development of the port of New York. The bill is scheduled to pass the lower house of the Legislature tomorrow.

The Assemblymen, with but few making objections to it, decided to pass as a party bill Assemblyman Livermore's bill doubling the representation on extra committees in the belief that a representative will be a woman.

FLAMES START IN ELEVATOR OF 5TH AVE. HOME

Miss Grace Willson Is Carried

Sickbed.

CROWDS WATCH FIREMEN

Servants Discover Blaze in
House of Mrs. Florence Brightman—\$2,000 Loss.

A fire which started in the elevator shaft of the home of Mrs. Florence C. Brightman, widow of Horace I. Brightman, a four story brown stone structure at No. 3 East Sixty-third street, shortly after three o'clock this afternoon, did only about \$2,000 damage, but created considerable excitement among the fashionable residents of the neighborhood and drew a considerable crowd from the promenade in Fifth avenue.

Miss Grace Willson, a niece of Mrs. Brightman, who makes her home at the Sixty-third street address, was ill and in bed in a room on the third floor, rear, when the fire started, and was overcome by smoke. She was carried next door to the home of Mr. and Mrs. Clarence Winthrop Bowen, at No. 5, by one of the first firemen to reach the house. Mrs. H. I. Brightman, Jr., was also in the house at the time, but was not affected.

Dr. Mock and an ambulance were summoned from Reception Hospital, and Miss Willson was resuscitated by the physician. It was stated that neither the shock nor the smoke had seriously affected her.

The fire started in the shaft, opposite the third floor, presumably from faulty insulation. The car was at the bottom of the shaft at the time, and before the servants discovered the blaze, the room on the third and fourth floors were filled with smoke.

An alarm was sent in by William Mapp, the butler, and the firemen, who arrived promptly, succeeded in confining the fire to the elevator shaft.

Later Miss Willson and the members of the Brightman family went to the Leona Apartments, Madison avenue and Sixty-third street, where they will remain until the damage done by the fire is repaired.

BELFAST, Wednesday.—After a period of quiet lasting several hours, disorders again broke out in this city at three o'clock this afternoon, when shooting began in the Stanhope street area, near the Victoria Barracks. The military promptly opened fire.

This afternoon also raiders entered the offices of the New Northern Spinning Company, in the Falls road, and shot and killed William Duffin, the assistant manager and wounded a clerk.

When the firing of the military failed to disperse the hostile crowds the troops were ordered to charge with bayonets. One civilian was wounded during the charge.

Thirty Dead, 100 Injured.
Up to five o'clock this afternoon the total number of casualties since Saturday night had reached an even hundred, of whom thirty were killed.

One constable of the "B" Special Class was found dead in a street this afternoon. One raider was shot while attempting to escape from the roof of a public house.

Shooting was resumed in the early hours of the morning in West Belfast after a temporary lull around midnight. Frank McCoy was found dead on a sidewalk with bullet wounds in the back.

Shooting also occurred this morning on the east side of the town, which hitherto has enjoyed comparative immunity. Shots were fired into several private houses, and in one case Maggie Teggart was wounded in a lung. Patrick Bradley, an income tax collector, was wounded in the stomach by shots fired through the door of his home.

Drug Company's Whiskey Disappears in Bridgeport

BRIDGEPORT, Conn., Wednesday.—The disappearance of 81 cases of bonded whiskey from the Clark Drug Company's store in Danbury has been reported to Prohibition Commissioner Haynes in Washington, says the Bridgeport Telegram this morning. In a statement published by the newspaper, Charles W. Clark, president of the Clark Drug Company, declared that the whiskey was stolen between December 6 and February 7. He placed the value of the liquor at \$24,000.

The report to Commissioner Haynes, the Telegram says, was made by Federal Prohibition Agents J. H. Estes and J. J. Hudgins, of Washington. They discovered the loss of the liquor last week, when they went to Danbury to check up the whiskey and seize it.

The soldier bonus, as a bid for votes in the coming election, is the most flagrant and the most wicked assault on your pocketbook ever yet made in Congress.

Do you know what this bonus commitment would let you in for? Let us see: It took the Government, roughly, half a century to pay its Civil War debt of two billions, six hundred millions of dollars.

We have now a war debt of twenty-three billions of dollars. Add this soldier bonus commitment to the present debt and ask yourself when the Government will get the last cent paid.

If it takes one hundred years to clean the slate, and it might take even longer, this soldier bonus alone, treated as a part of the whole, would amount, roughly, principal and interest, to twenty billions of dollars.—Extract from an editorial in yesterday's issue of The New York Herald.

Bench warrants were issued to Detectives Edward Rayens, Bernard Flood, John Cuniff and Joseph Russo, of the District Attorney's office, for the arrest of these defendants. Their names were not made public.

RICKARD JURY IS TOLD STORIES OF TWO GIRLS

Hearing Then Adjourned with Action Promised by Tomorrow Night.

The case against George L. (Tex) Rickard, held in \$20,000 bail last week on a charge of assault, second degree, for the Supreme Court Grand Jury, following charges made by Alice Ruck, fifteen years old, was further considered by that body today. The Grand Jury heard a few witnesses and then adjourned until tomorrow without voting on an indictment. It was stated that the work of the jury can be completed in less than an hour, and that such action as is taken will be known to the public by Thursday night.

Six Girl Witnesses.

Among the witnesses summoned to the office of the District Attorney today to be ready for questioning by the Grand Jury were Alice Ruck, Anna Hess, Nellie Gasko, Elvira Rens, Sarah Schoenfeld and Mary Horbath. The ages of these girls range from eleven to fifteen years. They were kept in a private room in charge of women from the Children's Society, and special guards at all of the doors prevented any one from seeing or talking to them.

As Assistant District Attorney Pecora, who has been conducting the case against Rickard, was ill today, John F. O'Neill, also an assistant in the office of the District Attorney, took his place in the Grand Jury room.

Janitor Examined.

It was said that evidence was given today concerning the alleged attacks on both Alice Ruck and Sarah Schoenfeld.

When the girls were dismissed for the day they were at once taken in charge by Superintendent Vincent Piazza, of the Children's Society; Miss Lucille Wells, the matron, and Miss Mildred Mourer, a nurse, and agents Curran and Tobin. The latter prevented even the newspaper men from talking with the girls as they left the Criminal Courts Building.

Curran was one of the witnesses examined today as well as Herman Boch, janitor of the building at No. 20 West Forty-seventh street, where the attacks on the Ruck and Schoenfeld girls are alleged to have taken place.

Fourth Muscle Shoals Offer Is Submitted

WASHINGTON, D. C., Wednesday.—The offer of the Alabama Power Company for purchase and lease of the government's projects at Muscle Shoals, Ala., the fourth proposal to be presented, was formally delivered to Secretary Weeks' office today by Thomas Martin, president of the concern. Because of the Secretary's absence, due to illness, which confined him in his residence for the day, no action was taken by the War Department, but it was said the document probably would be sent to Congress soon for its decision in the same manner as that of Henry Ford was submitted.

IOWA CITY, Iowa, Wednesday.—Fire in the downtown section here early today virtually destroyed a half city block, at a loss of approximately \$500,000.

WORKERS FLEE FLAMES IN BIG LOFT BUILDING

Icy Fire Escapes and Stairways Clogged in Rush for Safety.

Apparatus Delayed by Huge Snow Drifts in Narrow Streets.

More than 200 persons, most of them girls, working for the various firms in the thirteen-story loft building at Nos. 6 and 8 West Eighteenth street, were thrown into a panic about two o'clock this afternoon when a fire broke out in the basement of the structure and soon filled the building with smoke. The greater part of the building is occupied by firms making shirt waists and cloaks and suits, employing few but girls, and all of these had returned from lunch and were at their tasks when the fire started.

Rush Into Halls.

All of these rushed into the hallways, already filling with smoke, and made frantic efforts to reach the elevator, but this was too small to accommodate more than a few persons at a time, and this compelled the girls to seek safety by the stairway and the fire escape in the rear.

Although all of them escaped from the building without serious injury, it was a miracle that many of them were not killed, for they had to proceed without the customary fire drill and take all kinds of chances to reach the street.

The smoke coming up the stairway soon blocked that as a means of exit, and the girls, assisted by a few men in the place, made for the rear windows and the fire escapes. These were coated with ice, but down them the girls slipped and fell, often landing on top of one another, but without serious disorder and with one and all striving to assist those about them. When the girls reached the first floor they were aided to climb through the windows, and were taken

FRENCH CHAMPION WINS CUE CONTEST

Roudil Beats Morton in International Balkline Billiard Contest.

PHILADELPHIA, Wednesday.—Edouard Roudil, champion of France, defeated J. E. Cope Morton, Philadelphia, 300 to 215, in the afternoon match of the International 132 Balkline Amateur Billiard Tournament in fifty-one innings.

The French champion's high runs were 10, 21, 15, and his average 5.6-51. Morton's best efforts were 25, 15, 15, and his average 2.4-31.

Seeks Missing Wife and Five-Year-Old Child

A man who gave his name as Irving Kay, and stated that he was stopping at the Waldorf Astoria Hotel, today appeared at Police Headquarters and asked that the Bureau of Missing Persons send out a general alarm for his wife, Mrs. Jesse Kay, and their child, Allen Kay, who disappeared from their home at half-past eleven o'clock on the night of February 12. Mr. Kay stated that his wife was twenty years old and his son five, and that when she disappeared she was well dressed, wore several pieces of jewelry and had \$150 in cash in her possession. He said that he could give no reason for his wife's disappearance.

"Cave Man Lover Suit" Is Filed; Wait for Briefs

Justice Francis Martin, in the Bronx Supreme Court today, reserved decision on the action brought by Mrs. Madeline Hart, of No. 12 Beach street, Arlington, N. J., against William J. Hart, a hosiery salesman, who gained some notoriety several months ago as "the cave man lover." Mrs. Hart alleged that Hart forced her to marry him by threatening to shoot her if she refused.

Alleged "Extortion Ring" Members Are Seized by U. S. Agents After Fight

Ninth Member of Gang, Wounded, Makes His Escape—Chauffeur of Film Star Again Grilled.

LOS ANGELES, Cal., Wednesday.—Arrest of eight men by Federal agents, after a revolver battle in which many shots were fired, may bring the authorities nearer solution of the murder of William Desmond Taylor, motion picture director, in his home here two weeks ago today.

The octet are being held today on charges of conspiracy to extort \$25,000 from a wealthy Los Angeles business man, whose name was withheld. A ninth man, thought to have been wounded, escaped.

While Federal officials felt certain the men they had apprehended would be able to throw some light on the Taylor murder, local authorities investigating that mystery made no comment on the arrests or their possibilities.

Aside from believing they have found possible clues to the murder, federal authorities think that in the arrests they have broken up a ring which has been extorting money from many business men here by sending letters threatening death if the recipients did not comply with their demands. One business man notified the authorities and a plan was arranged.

Money Package "Fixed."
Packets of paper slips, backed with \$1 bills, were placed behind a sign board in compliance with the orders of the alleged extortionists. Every available government agent, deputy sheriff and private investigator was sent to surround the spot.

A man appeared at the appointed hour and took the packets. He was fired upon, fell to the ground, but arose quickly and ran away. The officers followed a trail of blood to the house where the arrests were made.

The agents and deputy sheriffs surrounded the house and rushed it. A volley from the windows and doors greeted them, but they forced an entrance and seized the eight men. The packets were found in the house, the agents said, but the man who got them was not believed to be among those arrested.

According to the Los Angeles Times, letters demanding money under threat of death have been received by a number of Los Angeles men, and in one case \$45,000 was extorted. The officers declared they believed the threats were real ones.

A typewriter of peculiar make, with which, it was charged, the threatening letters were written, was found in the house raided, it was said.

Exposure Threat Possible.
One theory advanced since the octet have been apprehended is that Taylor had been among the recipients of threatening letters.

Delayed Dinner Leads to Shooting of Four

WEICHER, W. Va., Wednesday.—Deputy Sheriffs who investigated a series of shootings at Lick Branch, near here, last Sunday reported that the trouble was caused by the failure of a woman to prepare a meal on time. Three men and a woman are in hospitals as a result of the shooting.

According to the deputies, George White, finding that his dinner was not ready, hit his wife's arm and shot Gordon Summers, her brother, who interfered. Charles Whitlow, a neighbor, tried to pacify White, who shot him and his wife. Whitlow then obtained a gun and shot White, who is in a serious condition.

Syracuse Manufacturers Consider Tariff Plans

SYRACUSE, N. Y., Wednesday.—Dr. John A. Matthews, president of the Crucible Steel Company of America, urged support of the American valuation plan of fixing import duties at a meeting of the Manufacturers' Association of Syracuse here. The plan was explained in detail by P. L. Gerety, secretary of the American Valuation Association. The speaker challenged opponents to prove that the plan is not equitable and just.

BOUDOIR THIEF RETURNS \$50,000 GEMS ON TRICK

Mrs. Henry W. Butler Tells Him Pearls and Diamonds Are Worthless.

SHOWS HIM HOW TO LEAVE

Then Calls Police—He Believed Jewels Were Bought in Five-Cent Store.

Marching her wife with those of John Hardcastle, a negro, whom she caught in her bedroom after he had pocketed a rope of pearls and several diamonds set in platinum, with a total valuation of more than \$50,000, Mrs. Henry W. Butler, well known society woman and wife of a broker living at No. 48 East Eighty-second street, persuaded the thief to return the jewels and climb out the window early today.

An hour later a negro giving his name as John Hardcastle, forty-four years old, saying he had no home, and who had been convicted last year for having drugs in his possession, was arrested and positively identified by Mrs. Butler as the man she caught in her room. She said:

"I cannot possibly be mistaken in you. You are the man, for when I engaged you in conversation you spoke in a peculiar squeaky voice. I shall never forget your voice as long as I live." Hardcastle was charged with burglary and held without bail when arraigned in Yorkville Police Court. Mrs. Butler appeared in court and again identified the

Soldiering Is the Young Man's Job: Doing His Duty Calls for No Bonus

The American government cannot well go too far in caring for our disabled soldiers, the sick, the crippled and the incapacitated. The heart of America goes out to all these and demands succor and the most humane solicitude and care for them.

But a horizontal bonus to all soldiers, sick or well, rich or poor, is wholly another matter. It cannot be justified because it is not sound, cannot be justified because it is not right.

The price of citizenship to the young man is the protection of his country. Soldiering is his job. It is not the job of his mother, his father or his sister. Soldiering is the job of the young man, and in this capacity he has play for the patriotism that is his birthright and that justifies his citizenship. Doing his duty calls for no bonus.—Extract from an editorial article in The New York Herald of February 1.

REVOLUTION AND RED SOVIET IN IRELAND FEARED

Some People Apprehensive of Coup d'Etat, Says Churchill in Parliament.

By the Associated Press.
LONDON, Thursday.—Pretence that a coup d'etat in Ireland which resulted in the setting up of a Soviet Republic would ruin Ireland's cause for a century, was made by Winston Churchill, Secretary for the Colonies, in moving in the House of Commons today the second reading of the Irish Free State bill. Such an occurrence was not at all likely, however, in the opinion of the British government, he said.

"There are those," Mr. Churchill said, "who think the present Irish government may be overturned by a coup d'etat and a Red Soviet government set up. The British government does not think that at all likely, but if it were it is quite clear a Soviet republic would ruin the Irish cause for a hundred years while not in any respect impairing the foundation of the British Empire or the security of Ulster."

Sees Reign of Hate.
Referring to the present Irish Parliament, the Colonial Secretary said: "It was not chosen because of the fitness of its members to govern, but because they were thought to be the most obnoxious to Great Britain and because they were the men who hated this country most. If any progress is to be made there ought to be a parliament in Ireland representing the hope of the future rather than the hatred of the past."

"It is perfectly clear that the repudiation of the treaty by Ireland would free all parties from their engagements, and

DELAY GRATUITY OR PAY BY LEVY, CONGRESS TOLD

President Hints It Might Be Advisable to Postpone Payment of Soldiers.

TREASURY RELIEF IN SIGHT

Surplus War Properties to Provide Aid—Letter Confuses Situation at Capitol.

By the Associated Press.
WASHINGTON, Thursday.—President Harding informed Congress today he considered a general sales tax the only feasible method of raising funds for a soldier bonus.

The Executive in a letter addressed to Chairman Fordney of the House Ways and Means Committee, suggested that unless Congress saw fit to enact a sales tax passage of bonus legislation should be temporarily postponed.

"I believe," the President wrote, "the American people will accept the levy of a general sales tax to meet the proposed bonus payments, and we should contribute thereby no added difficulties to the problems of readjustment."

"If Congress will not adopt such a plan it would be wise to let the legislation go over until there is a situation which will justify the large outlay."

Declaring that the government had under consideration the disposition of surplus of war properties and other transactions which should bring "great relief" to the Treasury, the President said it would be wise to let the legislation go over if Congress did not deem it advisable to adopt the sales tax.

Abandon Bonus, Says Calder.

Senator Calder, of New York, a Republican member of the Senate Finance Committee, issued a statement commending President Harding's stand and declaring that all proposals for a cash bonus should be abandoned.

"In the present state of the nation's finances," said Senator Calder, "it would be a mistake to pay a cash bonus."

The President's letter was regarded generally at the Capitol as leaving the bonus situation even more complicated than before. Senate and House subcommittees were to meet late in the day and consider the White House communication.

When the sales tax was discussed in the sub-committee last week it is

SALARIED SCHOOL BOARD, CRAIG'S PLEA

Controller, in Discussion Over Sites, Says It Lacks Management at Present.

"There is no management in the Board of Education. It is like a sacred cow, which no one can approach without a sacred talisman."

Such was the charge of Controller Charles L. Craig at today's meeting of the Sinking Fund Commission in City Hall. It followed City Chamberlain Berolzheimer's expression of desire to know who was responsible for the persistent failure of the school board to build on sites available, as was charged by Acting Mayor Murray Hulbert, who presided.

Chairman Hulbert stated that a site for a training school at Hamilton place and 140th street, had been selected fifteen years ago, but has not been used. He said this condition would prevail until the city obtained a salaried Board of Education, which devoted its entire time and energy to the schools.

Chairman Hulbert advised that no more school building sites be confirmed until those available are utilized, and the meeting deferred action on a proposal to demolish a building in 114th street, to provide another school site.

Three Counts Returned Against Fight Promoter on Charges of Two Girls

INDICTED.

Resignation of Rickard as Madison Square Garden Head Is Announced.

'TEX' REFUSES TO COMMENT

Smiles When Indictments Are Returned on Charges of Two Young Girls.

The Supreme Court Grand Jury, of which Robert Appleton, the publisher, is foreman, and which for some days has been hearing evidence on charges preferred against George L. (Tex.) Rickard by several young girls, today returned two indictments, each charging rape, second degree; assault, second degree, and abduction against the defendant in the cases of Alice Ruck and Sarah Schoenfeld, each fifteen years old.

Rickard pleaded not guilty in the Criminal Branch of the Supreme Court before Justice Ladd. Rickard was held in \$10,000 bail for trial. Arrangements were made to have the bail, which was furnished by a surety company, cover the two indictments. Counsel for the defendant was given one week in which to study the papers in the case and prepare any motions they may care to make.

Coinciding with the return of the indictments announcement was made that Rickard had resigned as president of the Madison Square Garden Athletic Association and the post is to be filled by John L. Ringling, circus man and associate of Rickard in the promotion of numerous enterprises.

A penalty of ten years can be imposed for any one of the three offences charged in the event of a verdict of guilty. Five minutes before the Grand Jury reported to Justice Wasservogel, at half past one o'clock, District Attorney Joseph H. Stanton notified Max D. Stouer and Hyman Bushel, chief counsel and counsel of record, respectively, for the defendant, that they should be in court at one o'clock and have Rickard there.

Trio Arrives in Court.
Twenty minutes later Mr. Rickard, accompanied by Justice Wasservogel's counsel and soon was followed by Rickard's Frank Flauro, a business associate.

CURB MARKET HAS 'RAID' LIKE STUTZ

Postponement of Imperial Oil "Buy in" Orders Reveals Trap for Speculators.

A situation developed today on the curb market similar in some respects to that which occurred on the Stock Exchange several months ago in the market for Allan Ryan's Stutz Motors Company's shares. The discovery was made through an announcement of the curb market ticker that a "buy in" order in the stock of the Imperial Oil Company of Delaware had been postponed until tomorrow at the request of the executive officials of the Curb Market Association.

The reason for the postponement, market officials said, was the impossibility of straightening out the details of the order in the limited time that would elapse before the close of trading for today.

The number of orders involved, it was declared, was about 15. Many of them represented transactions between two and three houses, leading in several cases back to members of the New York Stock Exchange or the "big board," as it is popularly known. The "buy in" order, it is understood, covered about 3,000 shares in excess of the number of shares of Imperial Oil stock not been exchanged for the stock of the Middle States Oil Co. under the consolidation plan recently put into effect.

Speculators for the decline, popularly known as "Stutz," said Imperial Oil without owning it, in the belief that the buying was entirely speculative and that the price of the stock was too high. In pursuance of that policy they overbid the market and then called upon for delivery of the stock were unable to obtain it. In such circumstances the rule of the market is that they should be bought in and forced to pay the difference between what they had bought stock from them agreed to pay them and the price at which the stock was bought in under the rule.

"LOVE NEST" BROKER GUILTY OF LARCENY.

Herbert T. Andrews, famous as the proprietor of a "love nest" at No. 2502/2504 Hudson Boulevard, Jersey City, a year ago, was convicted before Justice Crain in the Supreme Court today of grand larceny in the first degree and was remanded to the Tombs Prison until sentence is imposed a week from today. Horace Van Vleet caused his arrest last October, charging that while a broker at No. 20 Broad street he misappropriated \$20,000 worth of stock.

BOY KILLED BY AUTO TRUCK.

ROB BANK COURIER OF \$5,000; WOMAN FOUND SLAIN IN SNOW

SLAYERS' FINGER MARKS FOUND ON VICTIM'S NECK

Manly Dressed Young Woman's Body Left Near Road in Camden, N. J.

KILLED WITHOUT STRUGGLE

Prints of Auto and Two Men Furnish Police with Additional Clues.

CAMDEN, N. J., Friday.—The frozen body of a young woman, bearing the imprint of fingers on the throat, was found today twenty feet from the driveway that leads from the Kaig Avenue bridge over the Cooper River to Forest Hill Park, this city.

Tracks of an automobile and the footprints of two men were discernible in the hard-crusted snow leading from the spot where the body was found to the driveway.

The body was found by a lamp trimmer employed by the Public Service Corporation. The woman was about thirty years old, and beautiful. The body was dressed in what detectives described as a "second mourning" costume. The feet were encased in high tan shoes, and the hat the woman wore, made of light soft material in sport style giving a mannish appearance, was found nearby.

There was no evidence of a struggle, leading the police to believe the woman was either dead or unconscious when laid in the snow.

There were several deep scratches on the throat, and the skin was bruised on the knuckles of the right hand. The body was frozen stiff, and must have been exposed to the cold for many hours, in the opinion of coroner Holl, of Camden County, who made a preliminary examination.

The driveway beyond the Kaig Avenue bridge was deserted last night and no one has been found who saw or heard an automobile in that vicinity.

FUR BURGLARS GET \$25,000 IN 3 SHOPS

In One Store Robbers Evaded Alarm System by Boring Through Wall.

Three more robberies of fur dealers' stores were made public at Police Headquarters today. For more than a year the fur manufacturers and dealers have supplemented city police protection with private police, electrically operated burglar alarms and watchmen, but still suffer raids from bands which the police believe specialize in fur loot.

Wachtman & Greenberg, of No. 213 Seventh avenue, were robbed of furs valued at \$18,000 during the closing of the store Saturday night and its opening for business Monday morning.

E. Harris, of No. 35 West Twenty-sixth street, was robbed of furs valued at \$5,000 on February 4.

Wolnberg & Witt, of No. 34 West Thirty-eighth street, reported the theft of \$25,000 worth of furs between six o'clock on Tuesday night and nine o'clock Wednesday morning. This firm reported that the thieves avoided the electric burglar alarm system by cutting their way through a wall to enter the store.

Booze Tumbles to \$4 Gallon in Bootleg War

LOUISVILLE, Ky., Friday.—Tumbling prices for moonshine whiskey has resulted in a bitter war between big business and the ordinary bootlegger here, according to Edward Volz, prohibition officer.

The "business man" has entered the field Mr. Volz said, with quantity production and low prices. He is being fought by the small operator, whose chief weapon is the law and who is seeking to maintain high prices by furnishing "tips" about large stills to prohibition officers.

Business jealousy, Mr. Volz declared, "causes more raids than the detective ability of the officers."

Moonshine is selling here at about what formerly was paid for good whiskey, or \$4 a gallon, the agent said.

Smoke and Flames Menace Tenants in Big Apartment Owned by Jacob Ruppert

Hundreds Routed from Homes in Four Other Fires—Firemen, Hit by Water, Are Turned Into Living Icicles.

Sixty-five families living in the fashionable twelve-story apartment house at No. 500 West End avenue were compelled to flee to the street today when a fire was discovered in a passenger elevator at the time stationed in the cellar, and which quickly ran through the shaft and set fire to the hallways, endangering the lives of the tenants. All the persons in the building were taken to the main floor without any one being injured.

Dennis Cannon, the doorman, was walking through the main hallway when he smelled smoke, and investigated, located it in one of the passenger elevator shafts.

Directing the telephone boy to notify all of the tenants that the building was on fire, he and an assistant manned a second passenger elevator and the freight car and making several trips took all of those who were waiting to the first floor.

The fire started from some unknown cause in an elevator car which had been left standing in the basement. Considerable damage was done before the flames were extinguished. The building is owned by Jacob Ruppert, one of the owners of the New York American League Baseball Club.

Firemen, coated with ice from frozen spray, fought four fires early today in different parts of the city. Nearly 500 persons were routed from bed and forced into the streets, poorly protected from zero blasts.

The most serious blaze destroyed a storage building owned by William Van Cleaf, in Port Richmond, Staten Island. Three alarms were sounded when it appeared as if the blaze would spread through the business district.

Another blaze routed lodging house dwellers near by, menaced the Brace Newboys' Home and forced several hundred persons into the street. This fire was on the sixth floor of Nos. 21, 23, 25 and 27 New Chambers street. Slight flames damaged the home of Hamilton Fish, No. 810 Fifth avenue, and the Printers Ink publishing Company quarters, at No. 185 Madison avenue.

Firemen fighting a fire on the top floor of the six-story brick building at Nos. 24, 26, 28 and 30 New Chambers street early today suffered so greatly

\$40,000 WHITNEY VERDICT REVERSED

The Appellate Division of the Supreme Court today reversed the finding of a jury which awarded \$40,000 damages to Edith Bloodgood in a suit against Payne Whitney, growing out of an automobile accident, and dismissed the complaint.

The favorable verdict was awarded on October 14, 1920. The plaintiff alleged that the Whitney touring car, driven by Henry C. O'Shea, sometimes known as Clifford Shea, was negligently handled, and that without any carelessness on the part of her husband, who was driving the machine in which she was riding, the car crashed in Jackson avenue, near Third street, Queens.

Mrs. Bloodgood was thrown to the street, landing on her head.

The suit was brought to trial once before and the jury disagreed. Some of the jurors in that trial, who favored a verdict for the plaintiff, let it be known they believed the suit should have been brought for \$100,000 instead of \$40,000.

Hundreds Die in a Rut Opportunity Is There for Those Who Seize It, Says Miss Bernice A. Dryer.

This age of varied production offers all business men and women opportunity for development; the improved business conditions that promise to make 1922 a year of financial prosperity open many gateways to individual success. The quality that makes for success and is most liable to impress an employer is an honest desire on the part of an employee to give his best to his job, says Miss Bernice A. SUBMARINE IN DISTRESS; SHIP RUSHES TO AID

Blizzard Is Encountered Early This Morning Off Delaware Capes.

BOUND FOR NEW LONDON

Grave Concern Is Felt for Safety of Naval Craft and Her Crew.

CAPE MAY, N. J., Friday.—A submarine is reported in distress off the Delaware Capes.

The Coast Guard cutter Kickapoo, which has been standing by near here with a full head of steam, has put out to sea.

The submarine left League Island and Wednesday night for New London, Conn., and concern has been felt for her safety because of the fierce blizzard that swept the coast yesterday and last night.

DYNAMITE PLANT EXPLODES, 2 DIE

Several Injured in Blast at Atlas Powder Works, Near Lake Hopatcong.

Two men were killed and several others injured shortly after eleven o'clock today when there was an explosion in the dynamite packing house of the Atlas Powder Company, a unit of the Du Pont organization at Landing, N. J., about half a mile from the western end of Lake Hopatcong. The explosion completely demolished the building and fire destroyed the wreckage.

The dead men were Fred Alpaugh, married, of Succasunna, N. J., and Eugene Lommen, single, of Ledgewood.

The men who were knocked down and cut and bruised by the force of the explosion were attended by local physicians and went to their homes.

The dynamite packing building was located at an isolated point in the plant, far removed from other structures, and for that reason no damage was done beyond the point where the explosion occurred.

Coroner David Fischer, of Wharton, was summoned immediately following the catastrophe, but learned little. The officers at the plant stated the only men actually handling dynamite at the time of the explosion were killed and the others nearby did not know what had occurred.

No severe was the explosion that it was heard for many miles in all directions, and buildings along the Hudson River, both on the New Jersey and New York sides, were shaken. Newton, twenty-two miles from Landing, reported that buildings there were shaken by the explosion.

All structures at the plant of the powder company were rocked, but no material damage was reported and none other than those near the explosion were injured.

Loses His \$300 Salary from Soldiers' Fund

HARTFORD, Friday.—Judge W. M. Malbie, of the Superior Court, has denied a motion to dissolve the temporary injunction restraining Frank S. Butterworth, of New Haven, from drawing \$300 a month for administering the State fund for disabled war veterans. The temporary injunction was granted a few weeks ago on application of two members of the American Legion.

Mr. Butterworth is State treasurer of the American Legion. The effect of the court's decision is to prevent Mr. Butterworth from receiving any salary for administering the State fund until the entire question is settled by the court.

Seven Auto Bandits Shoot Messenger, Steal Big Sum, Fire on Crowd and Escape

Brazen First Avenue Hold-Up Staged Half Block from Police Booth—Victim Dying—Street Battle Imperils Fifty.

Richard Kahrs, a bank messenger, was shot and is dying in Reception Hospital; Joseph P. Hynes was knocked senseless with the butt end of a revolver and \$5,000 was stolen today by seven bandits, who escaped in an automobile after exchanging more than forty shots with Police Captain Patrick Corcoran in the neighborhood of First avenue and Sixtieth street.

Passersby were thrown into a panic when in escaping the bandits ran their automobile up on the sidewalk and turned into Sixty-first street.

Captain Corcoran believes that at least one of the bandits was struck by one of the shots he fired. He heard one man scream and throw up his hands, but his comrades dragged him into the automobile. More than half a hundred pedestrians had narrow escapes from flying bullets.

Kahrs, who is fifty-six years old, and Hynes, who is fifty, are employed as messengers by the Pacific Bank, at Madison avenue and Fifty-seventh street. Armed with revolvers, they left that institution and walked to the Economy Laundry, at Sixty-second street and First avenue, where they delivered \$500. Kahrs carried a black handbag, in which was \$5,000, which he was to deliver to the Gotham Silk Hosiery Company, No. 40 E. E. Fifty-third street.

Police Booth Near.

When within a few feet of the store three men walked up to them and, pointing a pistol at Kahrs, warned him not to move or they would kill him. A second man grabbed the bag. Within half a block is the police booth at the entrance of the Queensboro Bridge.

Both Kahrs and Hynes reached for their revolvers. Kahrs succeeded in getting his out of his pocket, but two of the men forced the revolver out of his grasp, while the third bandit grabbed Hynes' hand and struck him on the jaw with the butt end of a revolver.

Just then four men seated in an automobile shouted to the three bandits to shoot Kahrs, who was fighting desperately and holding to the bag. Turning the bank messenger around, the bandit shot him. As he sank unconscious to the pavement one of the bandits then threw the bag into the automobile.

The revolver report attracted Captain

500 PORT WORKERS FACING LAY-OFF

Immigration Service Employees Must Take Month's Furlough Before July.

The five hundred employees of the immigration service of the port of New York, of whom four hundred are stationed on Ellis Island, today received letters from the Department of Commerce and Labor, informing them that they would be forced to take a furlough for one month between now and July without pay. The layoffs are to be taken at periods of two weeks each and it is understood that 136 clerks, laborers and inspectors of the boarding division and women cleaners on Ellis Island will begin their layoff on March 1.

Assistant Commissioner of Immigration Byron Uhle today declared that a lack of appropriation caused the action and that it was an order from Washington. Some of the employees affected have been in the service more than twenty years and have never experienced a similar plight. Consternation in the ranks of the employees followed, and the island was abuzz with whisperings because of the improbability of procuring work during their period of enforced idleness. The lay-off, it was declared, will work a hardship upon those having families. Members of the Immigration Service, particularly inspectors, in the last two weeks were somewhat dismayed when they learned that several members of their branch of the service would be transferred from New York to various parts of the country. The case of William McGlyn, who has been in the service fifteen years, was cited. It was understood he would be sent to Minnesota this week, having been given a twenty-day period in which to straighten out his affairs. Originally McGlyn was given only three days in which to prepare for the trip, according to Ellis Island employees, and because of the need by his family of his services immigration authorities extended the time limit. His salary will remain the same and he will receive only traveling expenses. The employees of the ferryboat service will not be included in the general lay-off.

POLICE HEADS DENY DONOHUE'S STORY

Bolan Says He Did Not Order Captain to Stop Birth Control Meeting.

Police Inspector James S. Bolan of the Fourth Inspection District, and Lieutenant James Courtney, of the West Forty-seventh street station, today denied in their testimony before Commissioner of Accounts Hiramfield that they gave Captain Thomas Donohue orders to stop the Town Hall birth control meeting on the night of November 13. Several times during the inquiry conducted by Commissioner Hiramfield Captain Donohue testified he was carrying out the orders of his commanding officers when he stopped the meeting and caused the arrest of Mrs. Margaret Sanger and Miss Mary Windsor. Lieutenant Courtney testified that Inspector Bolan telephoned a message for Captain Donohue about the Town Hall meeting on November 13, two days before it was suppressed. He denied that he told Captain Donohue that he had received orders from Police Headquarters to prevent the meeting. Inspector Bolan said he telephoned to Donohue to find out if the birth control meeting was being covered by the police. He said he advised Captain Donohue to go to the meeting with two plain clothes men to listen for violations of the law. "Captain Donohue asked me what should be done," Inspector Bolan testified. "I told him he was a policeman and could do no more than his duty demanded. I told him to go to the meeting and see that the law was not violated. That was the only order I gave him." No orders came from Police Headquarters for the suppression of the Town Hall meeting, Inspector Bolan declared.

BANDIT GETS BANK'S \$22,000; GIRL DIES IN SUBWAY PLUNGE

YOUNG WOMAN IS BEHEADED AT BRIDGE STATION

Many Women Faint as Suicide Jumps in Front of Brooklyn Train.

BODY DRAGGED FORTY FEET

Bank Book Showing Deposits of Thousands Under Name of Cunningham Found.

A well dressed young woman about twenty-three years old, and believed to be Miss Agnes Cunningham, of either Woodhaven or L. I., or Montclair, N. J., leaped from the Brooklyn Bridge platform in front of an express train and was instantly killed this afternoon. More than one hundred passengers waiting for the train became panic stricken and several of the women fainted and had to be carried to the street level. The express train, bound for Brooklyn, was rumbling into the station when Motorman Avery saw the young woman leap from about the center of the platform, and despite his efforts to bring the train to a standstill, the wheels of the first car passed over her body. She was decapitated when found and both legs were severed. When Avery applied the emergency brakes the train was brought to such a sudden stop that all the passengers standing in the cars were thrown to the floor, and while several sustained slight bruises, none was seriously injured.

TRY NOVEL TEST TO FIND FILM SLAYER

Actress' Arrest May Follow If Sheriff's Inquiry Attaches Guilt to Her.

LOS ANGELES, Monday.—A unique test that may be followed by the arrest of a well-known actress will be made today in the investigation into the murder of William Desmond Taylor. The test will be made by Sheriff Eugene Biscuit, who has declared that a woman is at the back of the murder, that jealousy was the motive for the slaying and that the woman is a prominent actress. "I know the test cannot fail," he said. "If it shows what I expect it will give us a perfect clue as to the identity of the slayer and will involve the woman."

Says Test Will Speak for Itself.

Mr. Biscuit would give not the slightest hint as to the thing he proposes to do. "The test will speak for itself," he said. "If it fails to show any evidence against the woman—and it may not—we shall try something else. But if it does show anything, it will show it conclusively, and there will be a sensation eliciting that made by the murder. "If it shows anything it will prove."

Grand Jury Investigates Hotel Fire in Which 12 Died

RICHMOND, Va., Monday.—A special grand jury in Hastings Court here today began an investigation into the Lexington Hotel fire, which on February 1 destroyed the hotel and caused the death of twelve persons. The jury had before it a voluminous report of findings in connection with the fire, submitted by the Police Department, and a list of thirty witnesses, many of whom were guests in the hotel at the time of the disaster.

Stockholders Face Huge Loss in Report Submitted by Transit Board's Experts

Worth of Forty Companies Placed at \$465,680,154, Although Capitalization Is a Billion—Crux of Rehabilitation Plan.

Property valuations of forty rapid transit (subway and elevated) and street surface railroads of New York city proposed for inclusion in the reorganization plan of the Transit Commission as given out by the commission today are more than \$300,000,000 less than the par value of securities held by the public, and even a greater reduction than the companies' book values. Experts of the commission placed the worth of forty transit companies embodied in the plan at \$465,680,154. These companies are capitalized at approximately \$1,000,000,000, but various company holdings were excluded from the ultimate findings, leaving the actual amount in the hands of the public at \$745,994,345.

Irrespective of security issues, the companies own valuation of the properties, as carried on the books, aggregating \$791,450,829. The commission's figures, arrived at by its bureau of valuation, and which are the real crux of the programme for rehabilitation of the transit situation here, wipe out about sixty per cent of the present net capitalization of the combined companies operating in this city.

The totals indicate to what extent the transportation lines of New York city have been "watered," by flotation of stocks, an artificial process of valuing which Governor Miller in establishing the Transit Commission said would have to be eliminated in the final plan. "The stock is 'watered,'" the totals indicate to what extent the transportation lines of New York city have been "watered," by flotation of stocks, an artificial process of valuing which Governor Miller in establishing the Transit Commission said would have to be eliminated in the final plan.

SHOT BY SISTER AS HE BEATS FATHER

Young Man Reported Dying in Hospital Following Quarrel Over Girl's Sweetheart.

Shot down by his sister as he was beating his father in their home at No. 62 Lincoln Road, Flatbush, Alfonso Russo, twenty-one years old, today is a prisoner in Kings County Hospital, reported dying from two bullet wounds in his back. Lena Russo, eighteen years old, the sister, is a prisoner at the Snyder avenue police station. She admitted the shooting, the police said. "Alfonso shouldn't have hit papa," she told them. "Alfonso didn't like my sweetheart and papa did. They had a fight and woke me up. I just couldn't stand it and I shot Alfonso."

Lena last night entertained her sweetheart, whom she had known for three weeks, at her home. When the young man left the house about one o'clock this morning, Alfonso declared that he wouldn't allow that fellow to come again.

Lena, a pretty black-eyed Italian girl, cried. She said it was her right to pick her friends. The father, Frank Russo, fifty years old, defended her stand.

"Lena is a good girl and she knows what she's doing," he said. While the father and son continued to argue, Lena went to her bedroom. Suddenly she heard the heated words close. There was a thumping. She rushed into the dining room and says she found her brother pounding her father's head on the floor.

The older man was no match for the youth. Lena, terrified, ran to the bureau drawer and picked up a revolver she says was owned by her brother. She fired five times. The bullets struck Alfonso. Lena screamed.

Boy, 12, Cleaning Gun, Shoots Own Brother, 6

Charles Hatzell, six years old, of Michigan avenue, Kennilworth, a suburb of Elizabeth, N. J., was mortally injured today when the rifle which his brother Roy, twelve years old, was cleaning was accidentally discharged in front of their home. The bullet hit the younger boy over the heart. He was taken to the Elizabeth General Hospital. The police made no arrests, but turned the case over to County Prosecutor Walter Hatfield.

SAY McCORMICK GIRL'S FIANCE IS 'ONLY' 40 YEARS

Family Friend Declares Swiss Riding Master's Age Is Exaggerated.

MOTHER AND BABY BURIED

Removed Unhurt from Debris of Home—Man Held for Investigation.

By the Associated Press. CHICAGO, Monday.—Miss Mathilde McCormick, sixteen-year-old daughter of Harold F. McCormick, president of the International Harvester Company, spent today in bed, resting from the excitement attendant on obtaining her family's consent to marry Max Oser, of Bern, Switzerland, proprietor of a riding academy at Zurich.

From the old Cyrus Hall McCormick mansion, where Miss McCormick is living with her father, who moved there following his recent divorce from Mrs. Edith Rockefeller McCormick, further details of the international romance were gleaned today. First the family fixed Mr. Oser's age at forty years, contradicting statements of Emil Burgy, a Chicago interior decorator, who claims to be a cousin of Mr. Oser. Burgy told newspaper men that Oser was fifty-seven years old, about thirty years older than the girl.

Howard A. Colby, a friend of Mr. McCormick, who gave the facts to the Associated Press, said: "Is 'Full of Pep.' "Mr. McCormick knows Mr. Oser personally. He is only forty years old and full of mustache and pep. This stuff about his being an old man is all bosh. He is really a young man and Miss Mathilde is a very mature young lady. It isn't like marrying the average sixteen-year-old girl. Everybody is much pleased with the engagement."

Miss McCormick, who was born in 1905, will be seventeen years old on April 8 next. The date of her return to Switzerland has not been decided. Mr. Colby said. Her future plans will not be considered until tomorrow or the next day. It is probable, he said, that Miss McCormick.

2 HURT AS BOMB WRECKS 3 HOUSES

Children Narrowly Miss Death When Blast Shakes Town of Highland Park, N. J.

NEW BRUNSWICK, N. J., Monday.—Three houses in Woodbridge avenue, Highland Park, just across the Harlem River from here, were blown up early today by a bomb, according to the police. The bomb was exploded in an unoccupied apartment on the lower floor of the middle house. No one was injured.

Ralph Woenough, thirty-three years old, moved into the upper floor apartment of the middle house about two weeks ago with his wife. About a week ago she was taken to St. Peter's Hospital, New Brunswick, for an operation, and Woenough has been living alone. Just before the explosion, according to the police, Woenough ran out, fully dressed, went into the house on each side and notified the tenants to get out at once, telling them that he smelled smoke. He then ran down the street and turned in the fire alarm. The explosion occurred, however, before the tenants could get out of the house.

In the house on the right, Mrs. Mary Josephsky was standing at the top of the stairs, holding her one-year-old baby in her arms, while her husband had reached the bottom with their three-year-old boy, when the explosion occurred. The stairway was blown out completely, and Mrs. Josephsky was hurled to the first floor with the baby in her arms, beside the wall which was blown in. Debris rained around her, but she and the baby were taken out uninjured.

CENTRE OF CITY HOOTCH DELUGE THOUGHT FOUND

Agents Find Evidence Pointing to Millionaire as New York's Master Bootlegger.

IN EAST FIFTY-EIGHTH ST.

175 Five-Gallon Cans, 140 Barrels of Alcohol and Costly Apparatus Unearthed.

Prohibition enforcement agents today raided a stable and garage at No. 235 East Fifty-eighth street, obtaining \$100,000 worth of alcohol, three big stills and three prisoners. The agents obtained evidence, they said, which has caused them to seek a millionaire manufacturer on a charge of violating the federal prohibition law.

Enforcement Agents Callaghan, Reager and Schwalberg led the raiding party. They found 175 five-gallon cans of alcohol, 140 barrels of denatured alcohol and three stills on the first floor, two of them in operation.

The agents said one of the stills was the most expensive seized in this part of the country. The stills were used, the agents said, to distill denatured alcohol so that the poisons were eliminated. Cheap denatured alcohol, costing about fifty cents a quart or less, was transformed by the still into an ingredient for whiskey and other drinks which in its pure state sells for \$5 a quart or \$20 for a five-gallon can.

The raiding agents said they believed this unusual moonshine factory was the headquarters for the manufacture of much of the alcohol which prohibition agents have learned is being sold as an ingredient for the manufacture of superior whiskey.

The alcohol is sold to the whiskey makers, who have labels to make the ultimate consumer believe that he is getting the product of the best stills or Ireland or Scotland.

RESERVATION ON TREATY APPROVED

Congress Consent to "Understandings" Necessary Under Modification Favored.

By the Associated Press.

WASHINGTON, Tuesday.—A reservation to the Four-Power treaty, providing that no "adjustments or understandings" reached under its provisions shall be binding without the consent of Congress, was debated for two hours by the Senate Foreign Relations Committee today without action, but with a majority of the members indicating their general approval.

Senator Brandegee, Republican, Connecticut, offered the reservation, and committee members said the discussion developed so that even Senator Lodge, of Massachusetts, the committee chairman and one of the American delegates to the Arms Conference, was favorably disposed toward its adoption.

Senator Pomeroy, Democrat, Ohio, presented a substitute covering somewhat the same ground, but the committee reached no vote on either proposition.

By some committee members, it was predicted after the meeting, that the Brandegee reservation would be adopted by a virtually unanimous vote after some further discussion, and that other reservations, which have, which have been tentatively drafted by various Senators, would be withheld until the treaty comes into the Senate. It was said a favorable report, with the reservation attached, might be voted tomorrow.

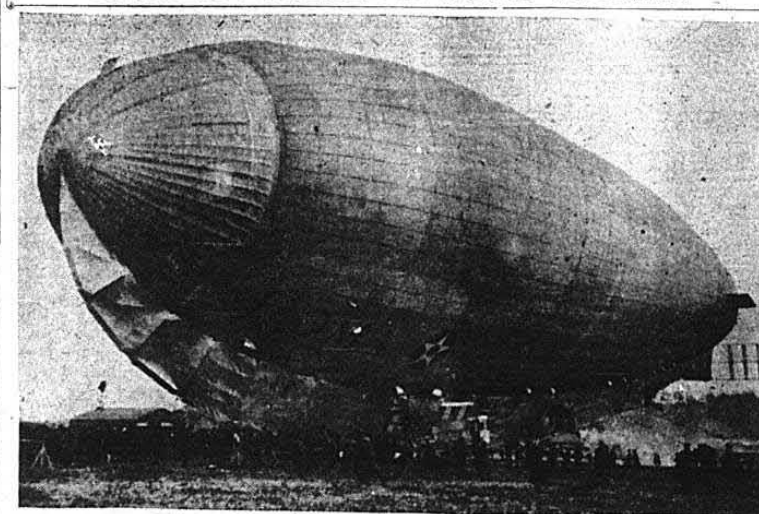

St. Lawrence Ice So Thick Navigation Will Be Delayed

MONTREAL, Tuesday.—An unusually severe winter has riveted the ice barrier on the St. Lawrence River and as a result, shipping men say, the 1922 opening of navigation on the river will be considerably delayed. April 1 is the usual date.

At this season, say the river-wise, there is usually a stretch of open water seventy miles long between Montreal and Quebec. Now the open strip is barely thirty miles long. In addition to the unbroken area of ice, the river covering is reported to be unusually thick.

RIOT GUNS USED ON TEXTILE STRIKERS

Rhode Island Governor Orders State Troops Into Mill Cities.

PAWTUCKET, R. I., Tuesday.—One man was killed, two men were seriously wounded and six persons were hurt when the police used riot guns today on a crowd of 1,000 persons who gathered at the plant of the Jencks Spinning Company, where a strike is in progress. The guns were brought into play when several patrolmen had been knocked down after the arrest of three strike sympathizers.

The dead man was Juan D'Assumpcao, of Valley Falls. Joseph Diaz and Tony Regoso, of this city, were taken to a hospital in a critical condition.

Mayor Sees Shooting.

Mayor Robert A. Kenyon witnessed the shooting. He had arrived at the gates of the plant early in the morning to observe the crowd that has customarily gathered to watch working operatives enter the mill. The mayor, believing that there was danger in the crowd, led the riot act. He then told the patrolmen to be careful and calm, but to do their duty and to "shoot if necessary."

Meanwhile, smaller knots of strike sympathizers had gathered in the vicinity. Women were pulling and hauling at the girls who were attempting to enter the mill and several of the workers were knocked to the pavement. The police put their shoulders to the crowd and were countered with fist and club blows. Three patrolmen were knocked down.

Riot Guns Sweep Crowd.

A passing furniture van was commandeered by the police to serve as a patrol wagon, but when the patrolmen attempted to hustle their prisoners aboard it they were met with a bombardment of stones. Three riot guns swept the crowd. Eight persons fell, all but two of whom got up and inquired away. The crowd dispersed.

The Eighth Coast Artillery company, which was mobilized in the State Army last night for possible duty in connection with strikers' riots, left the armory at six A. M. today. Its destination was not made public. The disturbance at the Jencks plant occurred

Brooklyn Water Main Breaks; Pavement Sinks

A six inch water pipe in Henry street, between Orange and Pineapple streets, Brooklyn, burst early today, causing the flagstones and pavement to sink below the street level over a considerable section. The sudden atmospheric change from extreme cold weather to mild weather was believed by police to have caused the break. The section about the broken main has been roped off to enable workmen to repair the pipe.

Mary Garden intends to resign her position as director of the Chicago Opera Company at the close of the current season if some one can be found to take her place, but she expects to continue with the company as an artist "where she belongs and knows she belongs." It was announced today by her secretary, Howard E. Potter.

Mr. Potter said Miss Garden would make no definite decision until she had conferred next month at Chicago, with Samuel Insull, the new president of the Chicago Opera Company.

Gets \$250,000 Offer.

The diva has received a \$250,000 offer from a New York manager for a concert tour, and she has many other interests which she has found it impossible to carry out, he said, because of the demands on her time exacted by the position as director of the opera company, and the attending "responsibilities, annoyances, troubles and embarrassments" of that position.

Miss Garden was out of the city today. Her secretary said that if Mr. Insull insisted that the impresaria was needed and must remain at the head of the Chicago organization, she would do so, but that she now felt it more worth her while to quit the position.

Only Six Weeks Rest.

Last year the demands of the position cut her vacation to six weeks, and that is not enough rest for an artist, Mr. Potter said. Besides, he added, Miss Garden receives no pay as director—her salary being only that for her singing—and she has decided that it would be more profitable to relinquish the place.

Unless Mary Garden resigns as director of the Chicago Opera Company Lucien Muratore, the leading tenor of that organization, will not sign a contract to sing with the company next year, he said today at his hotel, where he is recuperating from an appendicitis operation.

If some one is named to succeed Miss Garden and a contract is offered Muratore will accept it.

The Roma Strikes Barracks at Hampton Roads Naval Base in Plunge—Some of Sixty Aboard Escape Death.

NORFOLK, Va., Tuesday.—The number of dead from the Roma disaster was estimated late today at thirty-three, while it was said that there were a total of forty-three on board when the explosion occurred. Ten persons have been rescued, many of them seriously injured.

NORFOLK, Va., Tuesday.—Exploding after crashing downward during a trial flight, the army's Italian built airship Roma was destroyed today near the naval base here with the loss of an undetermined number of lives.

Estimates an hour and a half after the disaster placed the dead from half a dozen to nearly forty, out of the more than half a hundred persons on board.

The Naval Hospital at Portsmouth was officially informed that thirty-eight of those on board the airship, the largest semi-rigid dirigible in the world, were killed, while undertakers in Newport News were officially notified that thirty or more persons had lost their lives.

It was officially announced at the army base at 3:40 o'clock that only ten survivors have been rescued from the wreckage of the Roma. Eight are seriously injured and two slightly. All are in nearby hospitals.

The remainder of the twenty-one members of the crew and thirty or forty passengers and observers on board the Roma escaped with minor burns, cuts and bruises, according to the information at the base.

The Roma was between 600 and 1,000 feet in the air when she fell, officers at the Hampton Roads naval base stated. Some of the passengers aboard the ship were virtually unhurt, though all were shaken up. A number of the men jumped from the cars of the Roma as she fell. Others were caught under her, and these, it is believed, were killed almost instantly.

Among the definitely known survivors were Captain Walter J. Reed and Lieutenant Byron G. Burt, the official pilots of the Roma, and J. M. Biedenbach and Vernon Peck, engineers.

NORFOLK, Va., Tuesday.—The army dirigible Roma, purchased by the United States government from Italy and only recently commissioned, was destroyed by an explosion today while operating over the Hampton Roads naval base. The big air craft, believed to be carrying a number of passengers, landed in flames near the naval base. Soon after she fell four men were taken off alive.

The heat of the flames was so intense that those near where the craft fell were unable to approach. The four men rescued were badly burned.

The Roma, which was the largest semi-rigid airship in the world, was sailing in a southeasterly direction when, according to observers, she suddenly burst into flames and fell like a comet to the earth. The explosion occurred soon after two o'clock.

Had at Least Forty Men on Board.

Authorities at Langley Field, the home station of the Roma and the point at which she was assembled after being brought here from Italy, said that forty men were on board the big airship, but whether there was loss of life had not been ascertained half an hour after she was seen to burst into flames.

Reports from Portsmouth, which is near the naval base, said the Roma, after a plunging of hundreds of feet, struck one of the barracks buildings at the base and then exploded with a crash. A sheet of flame leaped from the rent in the gas bag and the passenger compartments slung underneath were dropped twenty feet to the ground below.

Other officials at Langley Field said there were twenty-one men in the official crew of the airship and thirty or forty passengers and enlisted men aboard.

ROTTEN GAS BAG CAUSED ROMA DISASTER IS REPORT TO PROBERS

FIRST PHOTOGRAPH OF THE WRECK OF THE DIRIGIBLE ROMA

Rescuers are shown feverishly trying to remove the body of a victim from the tangled wreckage of the huge army dirigible which carried thirty-four officers and men of the United States Air Service and civilians to death when she fell and caught fire at the army base near Norfolk, Va., yesterday afternoon.

34 DEAD, 8 HURT, 3 UNINJURED IS DISASTER TOLL

Army Board Begins Exhaustive Inquiry of Aviation Catastrophe.

AIR CHIEF ISSUES STATEMENT

Declares Crash Was Caused by Accident to Altitude Controls.

NORFOLK, Va., Wednesday.—Reports that the bag of the semi-rigid dirigible Roma, destroyed yesterday at the Norfolk army base with a loss of thirty-four lives, was rotting away will be proved by an army board of inquiry. Both officers and men early today declined to comment on the report.

The board of inquiry will be named today or tomorrow, and there will be a full and complete investigation of the catastrophe, officials at the station declared.

Appointment of the board, headed by Major Davenport Johnson, was announced today in Washington by the Army Air Service. Other members are Majors John H. Joust and Joseph T. McCarney.

Inquiry Begins.

The board of investigation first viewed the wreck of the Roma, then visited the hospital, where they interviewed the injured men.

At the close of the morning's inquiry Major Johnson said that he could not make any statement. The finding of the board, he said, would be reported at once to the Department at Washington.

Eleven of the victims of the disaster were married and ten of them lived with their wives on the Post at Langley Field. Relatives of the men were arriving on nearly every train and boat today, and preparations are being made for the funerals.

Air Chief's Statement.

Major General Mason M. Patrick, head of the Army Air Service, made this statement at the army base today: "From the testimony I have heard so far it is indicated that the disaster was due to an accident to the controls regulating the altitude of the Roma.

"The ship came down, striking high tension electric wires, which caused the fire. There was no explosion and no fire while the ship was in the air.

"The board of investigation is taking testimony from all the men and its report will be made as soon as possible. A very thorough investigation is being made to determine, if possible, the cause of the terrible disaster, which is an awful blow to the air service.

"Everything possible is being done for the families of those who lost their lives and for the comfort of the survivors of this great disaster."

"I have no idea what caused the accident," said Captain Walter J. Reed, Continued on Page Two.

Mrs. Robertson and Boy Who Confessed Held in \$15,000 Bail

Youth Asserts Deal (N. J.) Woman Gave Him \$1,000 to Stage Hold-Up so That She Could Collect Insurance on Jewelry.

ASBURY PARK, N. J., Wednesday.—Mrs. Sarah H. Robertson, whose story of the dramatic hold-up and theft of \$50,000 worth of jewelry from her home at Deal, N. J., during a dinner party last Saturday evening has resulted in arousing official investigations to determine the facts of the alleged robbery, was held in \$15,000 bail on two charges of conspiracy when she was arraigned before Police Magistrate John A. Borden here today.

She was unable to furnish the bail, and if it is not forthcoming before the end of the day, she will be taken to the county jail at Freehold, N. J.

John Bailey, the youth arrested on charges of having been hired to play the part of robber in order that Mrs. Robertson might obtain the heavy insurance which she carried on the \$50,000 in jewels, was also held in \$10,000 bail when arraigned before the Magistrate.

Mrs. Robertson was taken into custody at Deal police headquarters on a warrant charging conspiracy. County Detective Dawson making the arrest.

A few hours earlier John Bailey, twenty years old, of Washington street, Long Branch, was arrested on a charge of conspiracy and was alleged to have confessed that he was paid \$1,000 to carry out the hold-up at Mrs. Robertson's home.

The bag, supposed to contain the jewels, Bailey said, was in reality filled with white tissue paper and the "weapon" which Mrs. Robertson's dinner guests had described as "a pearl handled, automatic pistol equipped with a silencer" was actually a pipe case. The bag and its contents, together with the pipe case, were turned over to the local police.

Refused First Offer.

Bailey, who is the son of respectable parents, declared he was approached last November by a man whose name he gave, who told him that Mrs. Robertson would give him \$500 to take part

JAMES B. POTTER DEAD IN SOUTH

Financier, Father of Mrs. Fifi Stillman, Aided Her in Divorce Fight.

RICHMOND, Va., Wednesday.—James Brown Potter, father of Mrs. Fifi Potter Stillman, of New York, died suddenly today at the home of Frank Powers, in West Hampton, a suburb of Richmond. Mr. Potter came here from New York last night.

Internationally Prominent as Banker and Merchant.

James Brown Potter, who died suddenly today in a suburb of Richmond, Va., long had been prominent internationally as a merchant and banker. He came of a family which in the last century produced two Episcopal bishops, a college president and other men of distinction. Mr. Potter was sixty-nine years old and a member of the Wall street banking house of Brown Bros. & Co.

During the last few months his name has often claimed headlines for his stern defence of his daughter, Mrs. Anne U. Stillman, defendant in the divorce suit instituted by James A. Stillman, New York banker, and for his equally strong stand for Guy Stillman, her infant son, whose legitimacy is an issue in the case.

Was Born in New York.

In his younger days Mr. Potter, who was born here May 17, 1852, the son of Howard and Mary Louise Brown Potter, was active in the social life of New York, which then had its centre in Washington Square at the foot of Fifth avenue. On a visit to New Orleans in 1877 he fell in love with Cora Urquhart, the daughter of Colonel David Urquhart, married her and brought his bride to New York.

Here her beauty and vivacious spirit quickly gained popularity and she was one of those who planned and helped to

Mildred Harris Is Sued for \$3,441.51 by Costumer

Mildred Harris, served with copies of summons and complaint at No. 815 Windsor avenue, Los Angeles, Cal., was named defendant in a suit for \$3,441.51 brought by Joseph, a concern dealing in hats and gowns, which alleged that amount to be an unpaid balance on a bill of \$9.14 for wearables purchased between August 25 and December 3, 1920.

Included in the list of items is a green velvet jeweled bodice, charged up at \$25; pink chiffon negligee, \$285; a chiffon evening gown, \$40; hats, \$20; and \$275 each, and a Russian sable scarf, \$50.

PROBATE IS DENIED OIL MAGNATE'S WILL.

The will of William A. Barstow, millionaire oil magnate, friend of John D. Rockefeller and president of the Union Tank Line Company, a subsidiary of the Standard Oil Company, who died February 10, was offered for probate to Surrogate Howard Sherwood in Newark, N. J. The will was typewritten on nine sheets of paper and was undated, unsigned and unattested. The Surrogate raised a doubt of the validity of the will and refused to probate it. He sent it for litigation to the Orphans' Court, where it will have to be proved.

\$3,100 in Cash and Stamps Obtained by Motor Bandits at Williamsburg Store.

Two bands of bold and thoroughly businesslike hold-up men selected as their stamping ground today that portion of Williamsburg which is under the protection of Captain Daniel J. Carey and his associates, composing the Eleventh Branch Detective Bureau. That they chose wisely was demonstrated by the fact that, without the slightest annoyance from the police, they stole diamonds, money and stamps to the total value of \$23,100 and made their escape through one of the robberies was practically in front of the Clynner street police station, in which the Detective Bureau is located, and the other was in a sub-post office. The boldest robbery was perpetrated only a few feet from the front door of the police station, when three men, who did not draw a weapon, stole uncut diamonds valued at \$30,000 from Jacob Wisnack, a wholesale diamond dealer, of No. 44 Bedford avenue.

Henry White, Formerly American Ambassador to France, Gets Letter.

WASHINGTON, Thursday.—Threats of death unless large sums of money ranging from \$15,000 to \$25,000 are paid were said by Washington police today to have been received within the last few days by four persons prominent in society at the capital. The police as well as Department of Justice operatives were said to be investigating the origin of the threats.

BROKERS GO INTO RECEIVERS' HANDS AS RESULT OF CRUSADE

REPORT OTHER ASSIGNMENTS ARE IMPENDING

Little Expected To Be Realized from Assets of Those Involved.

BEATS WALL STREET RECORD

Largest Failures of Day Are Kardos & Burke and S. S. Ruskay & Co.

Five more brokerage concerns had failed in the last twenty-four hours up to two o'clock this afternoon as an outcome of the crusade now being conducted by the District Attorney against so-called bucket shops in Wall Street. The estimated amount of liabilities of the firms that failed today was about \$5,000,000.

The total amount of liabilities of or money lost by small speculators in connection with these failures in the last few weeks since this crusade was started is estimated at in excess of \$17,000,000. Rumors of other failures impending are rife. The number of failures today was the largest in any one day in the history of Wall Street. The collapse of the Columbus and Hooking-Cole and Iron pool several years ago produced the next largest number of failures in a single day.

The houses concerned in that fiasco were members of the New York Stock Exchange, while the failures today and since the start of the anti-bucket shop crusade were those of firms who were members of the Consolidated Stock Exchange and the Curb Market Association.

The firms that failed today were Kardos & Burke, No. 32 Broadway; S. S. Ruskay & Co., No. 42 Broadway; J. W. Ball & Co., No. 67 Exchange place; Rasmussen & Co., No. 111 Broadway; and Rodney & Co., No. 55 Broadway.

The actual amount of money lost by unsophisticated speculators all over the country who entrusted their money to these firms is a matter of conjecture. While the assets set forth are estimated at seven figures the character of those assets is unknown. The market value of them is problematical. Any collateral that may be in the assets will be found to be probably worthless when pressed for sale under receivership proceedings.

In connection with these failures it is noticeable that a large number of women are among the creditors. In the case of Ball & Co., the three petitioning creditors are all women. This is unique in the history of Wall Street. It is the first time on record that three women have been solely responsible for the placing of

CLERK WOUNDS EMPLOYER WHO DISCHARGED HIM

J. E. Voorhies, Custodian Manager, Stages Tragedy in Lobby of the Montague.

FIRES INTO OWN HEAD

J. E. Grape, Proprietor of Brooklyn Hostelry, Was Angered by Employee's Actions.

Joseph A. Voorhies, fifty-two years old, assistant manager of the Montague Hotel, in the Columbia Heights section of Brooklyn, committed suicide this afternoon after shooting and slightly wounding the proprietor, James M. Grape, who had discharged him.

Voorhies, who had been in his employ during the last two years, according to Mr. Grape, had been drinking and neglecting business for months. The hotel proprietor says that after several times remonstrating with his assistant he discharged him this afternoon when he again found Voorhies under the influence of liquor.

Mr. Grape, the police say, told them that Voorhies called him from his apartment on the fourth floor of the hotel to a waiting room on the right of the lobby. When the proprietor entered the waiting room the following conversation is reported to have taken place:

"Voorhies:—'Well, it's all off, is it?' Mr. Grape:—'Yes, I don't want any more trouble with you. Clear out today.'"

The assistant manager is reported then to have taken a revolver from his pocket and fired one shot at his employer.

As Mr. Grape staggered into the lobby another shot was heard in the reception room. Hotel employees who rushed in found Voorhies on the floor with a bullet wound in his right temple.

Dr. Thompson, of the Long Island College Hospital, was summoned. He dressed Mr. Grape's wound and put the assistant manager into an ambulance. Voorhies died on the way to the hospital.

Voorhies ate his meals at the hotel, but kept an apartment in Joralemon street, nearby. He was a widower and leaves four children.

CHINESE INVOLVED IN TAYLOR SLAYING

DETROIT, Thursday.—Inclined to doubt the story of Harry M. Fields, a prisoner in the county jail here, that he was implicated in the slaying of William D. Taylor, Los Angeles motion picture director, local authorities today are endeavoring to trace his movements immediately preceding his arrest on February 6. Fields was arrested in Buffalo on a charge of forgery made here.

Bill Is Outcome of Walker-Chase Row

Special to The Evening Telegram.

ALBANY, N. Y., Thursday.—A bill which is believed to have resulted from the controversy the other day between Senator James Walker, minority leader of the upper house, and Canon Chase, of Brooklyn, was introduced in the Assembly today by Edward A. Everett, St. Lawrence. It provides that no person shall be eligible for any State office who at the time is counsel or paid agent of any private interest.

RICKARD INDICTED ON 2 NEW CHARGES

Promoter's Bail Is Raised \$15,000 on Jury's Abduction Findings.

The bail of George L. Rickard, fight promoter, was increased from \$10,000 to \$15,000 today as the result of two additional indictments being returned against him by the Grand Jury of which Robert Appleton, the publisher, is foreman, in the Supreme Court. Both indictments charge abduction. Rickard is already under two indictments, each consisting of three counts, criminal assault, abduction and assault. As in the former indictments, Rickard pleaded not guilty.

WIRELESS receiving set, capacity 300,25,000 metres, or from wireless converts to 1-1 station, Paris, Studio, 218 E. 39th.

I had fifty replies to this Ad, which ran in your paper. My instrument is designed so that while it gives perfectly satisfactory reception at low wave lengths, like wireless telegrams, any other wave length up to 25,000 metres can be instantly received by two adjustments, and if the wave length of the sending station is known the adjustment of the instrument may be found by reading a blue print belonging to the instrument. It is a specially built Grebe C18, set with two stages of amplification. Stations like L. J. in Paris, POC, at Nauens, IDO, at Rome, and NPA, at Pearl Harbor, Hawaii, can be copied perfectly.

Yours truly,
P. A. JULY.

FAKE HOLDUP STORY IS DENIED; SENATORS ACCEPT 3 TREATIES

WOMAN WILL DEMAND GEMS OR INSURANCE

Deal, N. J., Real Estate Dealer, Still a Prisoner, Repudiates Interviews.

DENOUNCES HER ACCUSERS

Asserts Jewels Found at Friend's Home in Manhattan Were Not Insured.

FREEHOLD, N. J., Saturday.—Mrs. Sarah L. Robertson, of Deal, N. J., gave an interview at the County Jail here today denying that she had confessed that the hold-up at her home last Saturday night was "faked." She denied also that the stolen jewels have been recovered.

Mrs. Robertson said that she expected to get bail of \$20,000 today. "I am absolutely innocent of the charges," she said, "and the alleged confession contained in the newspapers never took place. My insurance agent, Mr. Morgan, advised me to give him any of my jewelry not in a safe deposit box to prove it was not the jewelry insured."

Jewelry Not Insured.

"The jewelry taken from the home of Mrs. Robertson, in Manhattan, was not and never had been insured. Mrs. Robertson has been a friend of mine for twenty years. She had no knowledge whatever that I had left any jewelry there. Some of my clothes and a suit case are still there. When I was in Manhattan I used to stop at her home or at the McAlpin Hotel."

"The jewelry contained in the silk handbag which the robbers took Saturday night must be returned to me intact or Lloyd's must pay in full for the protection of \$25 a year which I have been paying for several years."

"The bag taken has been recovered and was shown to me at Freehold. I expect the Lloyd's agents to recover the contents, as I prefer the jewelry to money."

Will Welcome Trial.

"I have not at any time since my arrest made a statement waiving any claim against Lloyd's. I am not in financial difficulties and will continue to handle my real estate holdings at Deal. I have been charged by the newspaper and I will welcome trial before a jury of sensible men and women."

Mrs. Robertson admitted that a judgment of \$10,000 was obtained against her by the brokerage firm of H. Content & Co., but said that it was obtained after she had realized \$25,000 in cash by speculation in Southern Pacific stock, and the judgment was paid in full by her July 15, 1915, and there is a record of the payment in New York.

Gives List of Jewels.

Mrs. Robertson gave a list of nine pieces of jewelry which she alleged were stolen. It included:

- A string of pearls, twenty-four inches long, with a solid diamond clasp; a wrist watch, with thirty diamonds around it; a gold bag with a green mesh, with fifteen diamonds in the frame; a bar pin, two and one-half inches long, with diamonds; a large brown pearl and diamond brooch; a ring with a large square diamond and an emerald cut in the center; a ring with large emeralds and two large diamonds; a ring with sapphires and also diamonds of a quarter carat each; and a dinner ring of diamonds of odd shape. There also was \$50 in the silk bag, Mrs. Robertson said.

Missing Arbuckle Girl Witness in New Orleans

SAN FRANCISCO, Cal., Saturday.—Zeh revoat, show girl, and one of the principal State witnesses in the manslaughter case of Roscoe C. (Fatty) Arbuckle, has been located in New Orleans, after having disappeared three weeks ago, according to a telegram received by Chief of Police O'Brien from Chief Maloney of the Southern city.

RESERVATION AGAINST FORCE PUT INTO PACT

Lodge Committee Favorably Reports Pacific, Naval and Submarine Agreements.

BORAH GROUP IS OUTVOTED

Threatens, However, to Conduct New Campaign from Floor of Upper House.

By the Associated Press.

WASHINGTON, Saturday.—The four-Power Pacific treaty, together with its supplements and a reservation and the naval limitation and the submarine treaties were ordered favorably reported today by the Senate Foreign Relations Committee.

The reservation attached by the committee to the four-Power pact embodies the compromise suggested after conferences with President Harding and declares that nothing in the treaty shall be construed as forming an "alliance." It was approved by a ten to three vote.

Three Negative Votes.

Also by a division of ten to three, with Senators Borah (Idaho) and Johnson (Cal.), Republicans, and Shields (Tenn.), Democrat, voting in the negative, the four-Power treaty then was ordered reported to the Senate.

The vote by which the naval limitation and submarine treaties were favorably reported was unanimous.

Several other votes were taken on proposed substitutes to the committee compromise reservation, but the administration leaders secured the defeat of all of them and the reservationists abandoned all attempts to qualify further the four-Power and other treaties in committee. They said their acquiescence in favorable committee action simply meant, however, that they were ready to transfer their fight to the open Senate.

As it will be embodied in the report on the four-Power treaty, the committee reservation approved by the committee follows:

"The United States understands that under the statement in the preamble, or under the terms of this treaty, there is no commitment to armed force, no alliance, no obligation to join in any defense."

Contest in Committee.

A motion by Senator Pomerene to strike out the words "no alliance" was defeated, ten to three, only Senators Kellogg, Republican, Minnesota, and Williams, Democrat, Mississippi, joining the Ohio Senator in his support.

CRIMINAL ACT SEEN IN CHICAGO BLAST

Dynamite Must Have Been Touched Off, Experts' Opinion—\$1,000,000 Damage.

CHICAGO, Saturday.—A declaration that the dynamite explosion which rocked Chicago and suburbs last night was the result of a criminal act was made today by R. M. Perbchner, Assistant City Fire Marshal. The explosion occurred at the Consumers' Company's McCook quarry near Argo, a suburb. The damage caused was estimated at about \$1,000,000.

"There was little gelatin in the powder, and lack of gelatin means that the powder would have to be touched off," Mr. Perbchner explained. Two of his assistants agreed with him as to the cause of the blast.

F. W. Grear, resident manager of the quarry, and L. H. Stewart, master mechanic, declared their belief that shopkeepers who had failed to obey employment notices were responsible for the explosion. They said the company had

William Evans Involves Brother and Pals in Death of Druggist They Tried to Rob.

CLEAR UP PAYROLL THEFTS Breaks Down After Ten Hours of Grilling and Reveals Exploits of Band.

Confession of the murder of Paul J. Gillman, druggist, in his store at No. 162 Court street, Brooklyn, on Thursday night of participation in scores of hold-ups of payroll messengers, stores and individuals was obtained early today from the alleged leader of a gang of ten bandits arrested by the police last night.

William J. Evans, of No. 21 Fort Greene Place, Brooklyn, who shot Gillman, according to the police, is said to have admitted that the killing was done during a hold-up of the druggist by himself, his brother, Frank Evans; John Keogh, sixteen years old, of No. 218 York street, Brooklyn, and Stephen Collins, twenty, of No. 123 Gold street, Brooklyn.

William and Frank Evans confessed their police inquisitors said, to participating in the daring robbery of Julian Cohen, of No. 40 Third avenue, Brooklyn, on November 5. Cohen was robbed of a \$2,000 payroll which he was carrying from the Columbia Bank, Broadway, and Canal street, to Alexander & Stein, Inc., of No. 214 Broadway. The Evans brothers, it was said, were accompanied in this hold-up by Franklin Tetino, nineteen years old, of No. 20 Hudson street, Brooklyn, and Peter Putz, twenty-one years old, of No. 220 High street.

Another member of the alleged bandit gang is Philip Santana, nineteen years old, of No. 111 Prince street, Brooklyn. He is charged with the robbery of Dr. William de la Hoya and Nicholas Golds, a druggist, in the Gaschle store at No. 295 Graham avenue, Williamsburg, Thursday night.

Three Others Arrested.

At the same time that the Evans Brothers and their alleged companions were arrested, the police arrested Pellegrine Mucci, nineteen years old, of No. 23 Nassau street, Brooklyn, and Thomas McLaughlin, twenty, of No. 508 De Kalb street.

BLUEBEARD DIES, SILENT ON CRIMES

Landru Guillotined Unconfessed—Game to Last—Accused of Eleven Murders.

By the Associated Press.

VERSAILLES, Saturday.—Henri Désire Landru, "Bluebeard of Gambala," convicted of the murder of ten women and one youth, gave his life this morning in exchange for the eleven he had taken. The triangular knife of the guillotine fell at five minutes past six o'clock, twenty-five minutes after the time originally set for the execution, the delay causing many to express the erroneous opinion that Landru was making a confession.

Mysterious until death, Landru resented Father Louiselle's query as to whether he had any confession to make. "It is an insult to a man like me," was his reply. "Had I any confession to make, I would have made it long ago," but never did he utter the word "innocent," as he had failed to utter during his thirty-four months of imprisonment and the twenty-one days of his trial.

The slayer refused the sacrament, but conversed a few moments with the

VICTIM IS DYING AFTER BATTLE WITH ROBBERS

\$1,500 Taken in Robbery in Bush Terminal Building, Thirty-Sixth Street, Brooklyn.

BANDITS ESCAPE IN AUTO

Manufacturer Rushed to Hospital in Serious Condition—Fourth Robber in Machine.

John F. Smith, treasurer of the Superior Meter Company, was shot and perhaps fatally wounded today when three bandits held up him and Peter McEnery, chief engineer, in front of the Bush Terminal Building at Thirty-sixth street and Third avenue, Brooklyn. The bandits escaped in a racing automobile with a pay roll amounting to more than \$1,500. Mr. Smith was taken to the Norwegian Hospital in a dying condition.

Carrying the \$1,500, which is part of the weekly payroll for the one hundred employees of the Superior Meter Company, at No. 34 Thirty-sixth street, Brooklyn, in his inside overcoat pocket, Mr. Smith, accompanied by McEnery, left the Mechanics Bank, at Third avenue and Fifty-first street.

They boarded a surface car, from which they alighted at Third avenue and Thirty-sixth street, when they were met by three bandits wearing peaked caps drawn well down over their foreheads and each carrying a revolver.

Backed into Elevator.

Mr. Smith was backed with his hands held over his head into the Bush Terminal Building and into the passenger elevator while McEnery was held in the hallway of the building. Two of the bandits went into the elevator with Mr. Smith and a desperate struggle followed.

A shot rang out and a moment later the two bandits ran out of the elevator and, warning McEnery that he would get the same dose if he gave a warning, made of ten minutes, they struck him on the jaw and ran out. The engineer told detectives he saw the trio jump into a low racing automobile, the engine of which was kept running by a fourth bandit. Then he saw the automobile turn toward Fourth avenue, where it went in the direction of Manhattan.

McEnery returned to the building and found Smith unconscious in the elevator. His shouts attracted the elevator man, who notified the police. Policeman Reilly summoned Dr. Grievae, of Norwegian Hospital, who took Smith to that institution. The bullet entered the abdomen just above the thigh, and physicians said Smith's condition is so serious it is impossible to probe for the bullet now.

From the time the men ordered Smith

Gale Prevents Liner Calling at Queenstown

By the Associated Press.

QUEENSTOWN, Saturday.—A raging gale off the Irish coast prevented the American steamship America from calling at Queenstown on her way from Bremen to New York today. The liner was forced to proceed without the passengers and mail she was supposed to have taken from this port. The passengers will be taken by the steamer Catherine tomorrow.

The America arrived off the Queenstown coast at ten o'clock last night, but such heavy seas were running that the captain decided not to venture into the harbor.

FRANCE HAS GENOA PARLEY POSTPONED

Poincare Makes Lloyd George Agree to This and Several Other Demands.

PARIS, Sunday.—The French press today hailed the meeting of Lloyd George and Poincare at Boulogne yesterday as the first step toward the rehabilitation of Europe.

Although at the French Premier's request the meeting was private, the tone of the brief communique which was issued and the inevitable semi-official accounts of what went on behind the closed doors of the sub-prefecture at the French channel port town led to belief that Poincare had won his points.

The French Premier, it was understood, had desired postponement of the Genoa conference until April 18 and Lloyd George conceded this.

Poincare also sought a guarantee that previous treaties would not be superseded, that the League of Nations would be recognized, and that the Russians should not be on all these points, it was said, Poincare won out. He also was said to have reached a working agreement for an Anglo-French defense pact, something France has sought for a long time.

It was believed here that as a result of the agreements reached at Boulogne France could participate in the Genoa conference without fear that her rights would be trampled upon. It also was suggested that complete agreement between Lloyd George and Poincare might result in the United States being persuaded to send delegates to Genoa.

ACCUSE ACTOR OF BLACKMAIL PLOT

Matinee Idol's Wife Says He Schemed to Sue Wealthy Man for Heart Balm.

LOS ANGELES, Sunday.—"I am Wong Lee, the man you want to question in connection with the Taylor murder. I call on you presently to tell you all I know about Harry Fields and the Taylor affair."

This calm Oriental voice over the telephone early today gave the Sheriff's office high hopes that a real lead had developed in the mysterious murder of the motion picture director.

The call was taken by Deputy Sheriff Frank Dewar, in charge of the Chinatown Squad, which has been searching for the Chinese tong man and drug ring leader accused by Harry Fields, drug addict, held in Detroit.

Dewar and his squad had located Lee's underworld haunt and waited twenty-four hours for him to return. They finally decided he had been warned by the Chinese intelligence system and had fled the city.

The voice over the phone said Lee was at his "place" in the San Fernando Valley and would come to Los Angeles soon and tell all.

Authorizing placed some credence in the call, as it was undoubtedly from a Chinese.

LOS ANGELES, Sunday.—While an alleged telephone tip in Wong Lee, a Chinese, was the most sensational development in the search for the slayer of William Desmond Taylor today, other definite and promising clues are being investigated.

The most important was the discovery of a telegram sent by a woman who lived a few doors from the Taylor home.

PRO-TREATY FORCES NEED ANOTHER VOTE

One Desertion from Ranks of Foes, Now Including 29 Democrats, Means Victory.

WASHINGTON, D. C., Sunday.—Only seven Democratic Senators were listed today as favoring ratification of the Four-Power Pacific treaty.

A canvass of the entire Democratic membership in the Senate showed seven supporting the treaty—Poincaré, Ohio; Underwood, Alabama; Williams, Mississippi; Myers, Montana; Hall, South Carolina; and Trammell and Fletcher, Florida.

If the other twenty-nine Democrats stood pat in their present attitude, they, with the four Republics in irreconcilable—Borah, Johnson, La Follette and Francis, would provide just enough votes to reject the treaty. It was considered most unlikely, however, that all twenty-nine could be held in the coalition which Borah and Johnson are now negotiating. A number of the Democrats stated they were "open to argument." Political considerations, it was predicted, would move a number of them to vote for the pact.

There it would appear that if the Democrats are to win, they must hold every possible vote, while the treaty forces need only win over one vote to secure ratification.

INTRUDER USES WINDOW WEIGHT, GEMS NOT TAKEN

Former Columbia Student Saved by Thickness of Heavy Blonde Tresses.

HAD ATTENDED A DANCE

Police Puzzled Through Failure of Pet Dog in Room to Give Alarm.

Miss Dorothy Nichols, eighteen years old, was taken to Knickerbocker Hospital at noon today in a critical condition from a possible fracture of the skull received when a man struck her on the left side of her head with a window weight at half past three o'clock this morning while she was in bed at her home, No. 51 Hamilton place. Her assailant escaped through the window through which he had entered the bedroom.

Miss Nichols, who attended Columbia University last year, returned to her home at two o'clock from a dance with university chums at the home of Mrs. Katherine Henkel, No. 22 West Seventy-third street. She was accompanied on the ride home by William Boyer, of No. 610 Riverside Drive. Neither one saw any one in the neighborhood of the apartment when they came to Miss Nichols' home.

As was her custom, Miss Nichols retired without locking the window of her bedroom, on the first floor next to the apartment house entrance. Before she became unconscious, about half past three, she described in detail her assailant when awakened at half past three o'clock by a man who attempted to "sneak" her heavy blond hair, which she had arranged in three thick braids before retiring. She hit the man's fingers, she said, and screamed for her father, Frank J. Nichols, who was sleeping in a rear bedroom.

"This will hush you up," she said the man growled, and she became unconscious from a blow on the left side of the head.

A window weight—twenty pounds of cast iron—was found at the side of the bed by Mr. Nichols when he dashed to his daughter's rescue. A thick braid of the girl's hair above her left ear is believed to have prevented her assailant from crushing her skull with the heavy weapon.

Mr. Nichols said he heard his daughter's screams climb from the window through which he had entered the girl's bedroom. The father, unarmed, ran to the front door to catch the man, but could not see him. A milkman told he had seen the man, dressed in a dark suit, about five feet seven inches tall.

NED WAYBURN HIT AGAIN ON ALIMONY

Theatrical Producer Is Held in Contempt of Court for Non-Payment of Dues.

Edward C. Wayburn (Ned Wayburn), theatrical producer and promoter of vaudeville enterprises and musical comedies, was held in contempt of court today by Supreme Court Justice John Ford for non-payment of alimony. The testimony of the defendant was to the effect that hard times had made it virtually impossible for him to provide for his wife and the two divorced ones to whom he is paying alimony. One of the latter, Helene D. Wayburn, who ranks as No. 2 on the list of Wayburn's ex-wives, presented the affidavits in which the contempt charge was sustained. She was awarded alimony of \$40 a week on August 26, 1924, for the support of herself and child. Three years later this was increased to \$50, and when the charges were filed she declared that the theatrical producer was \$150 in arrears. Wayburn testified that he had a business deficit of \$2,000 last year.

Former Senator Mantle and Fiancee Disappear

CHICAGO, Monday.—Former United States Senator Lee Mantle, seventy years old, of Butte, Montana, and Miss Etta Daly, of Lincoln, Neb., who obtained a marriage license here Friday, have disappeared from the hotel at which they were staying. It was revealed today. Records at the baggage room of the hotel show that their baggage was put on a New York Central train Saturday morning. Mr. Mantle is said to be one of the wealthiest mine owners of Montana. Miss Daly attended the Nebraska State University at Lincoln.

SCAFFOLD FALLS, 5 WORKMEN HURT

Support Gives Way Under Heavy Girder Being Lifted at Brooklyn Garage.

Five men were injured, none of them seriously, when a scaffold on which they were working at No. 20 Broadway, Brooklyn, gave way this afternoon under the weight of a heavy girder being lifted for placement in a garage. The injured were Calvary Lorraine, of No. 22 Graham avenue, Brooklyn; Nicholas Klein, of No. 130 Moore street; Thomas Longueur, No. 24 Johnson avenue; Joseph Tammann, No. 291 Graham avenue; and Victor Stryke, No. 10 Fort-first street, all of Brooklyn. The scaffold was ten feet from the ground and was set against a garage which was being altered. The men were holding the girder while standing on the scaffold. When it gave way the men were tumbled on top of each other. Ambulances took the men to the Williamsburg and St. Catherine's hospitals.

Reading Reargument Is Ordered by Supreme Court

Reargument of the appeal of the minority stockholders of the Reading company against the decree of dissolution was ordered today by the United States Supreme Court. The case was argued on April 18. The cases of those of the minority stockholders who appeal from the plan segregating the coal and iron properties from the railroad, is on the ground that they are not fairly treated as compared with the preferred stockholders. No decision was handed down by the Supreme Court in connection with the Consolidated Gas Company case involving the legality of the eighty-cent gas law.

Unemployment Situation Reported To Be Worse

From charitable organizations as well as from the city employment bureau some reports of increased rather than lessened unemployment as the winter draws to an end. William H. Matthews, director of the department of family welfare of the Association for Improving the Condition of the Poor, believes that the unemployment situation among people with whom he deals—mostly heads of families—is worse than it has been at any time during the year.

5 MORE BROKERAGE FIRMS FAIL; 12 INDICTED IN MORSE DEALS

BIG SHIP FRAUD ALLEGED IN U.S. JURY'S ACTION

McAdoo Mentioned As Vouching for Assailed Concern—Unknown Misdemeanor, Is Said. SEVEN NEW YORK MEN NAMED

WASHINGTON, Monday.—Indictments against Charles W. Morse, New York shipbuilder; his three sons, Benjamin, Harry and Edwin; and John H. Livingston, of Washington, president of the Virginia Shipbuilding Corporation, and seven others, were returned today by the Federal Grand Jury which has been investigating the wartime transactions of Morse and some of his associates with the Shipping Board. The names of William G. McAdoo, former Secretary of the Treasury, and of his law partner, Stuart G. Gibbons, are mentioned in the indictments as having conveyed the statement to the officials of the Shipping Board that the Virginia Shipbuilding Corporation, one of the Morse companies, was in excellent financial condition. The indictments in this connection state, however, that the facts were misrepresented to Mr. McAdoo.

Others named in the indictments, as presented to the District of Columbia Supreme Court, included R. O. White, of New York, president of the United States Transport Company; George M. Burdette, of New York; R. M. Much, of Augusta, Me.; W. W. Scott, Washington attorney; L. A. Christie, of Alexandria, Va.; Nehemiah Campbell, of New York; and Philip Rhinehart, of Baltimore, formerly government auditor at the Virginia shipbuilding plant. Two indictments were returned, one charging conspiracy to defraud the government and the other charging conspiracy to commit an offense against the government. The conspiracy as charged by the government accused these named of making false statements as to the value of the plant and assets and thereby obtaining loans from the Shipping Board. They are also charged with having obtained money for shipbuilding purposes and of having used the same for other purposes.

INDICT LINDSAY IN \$1,000,000 THEFTS

Former Actress, Who Lost \$20,000, Blames Officials for Fugitive's Escape.

The Grand Jury which has been considering the charges against Alfred A. Lindsay, alleged to have swindled prominent women out of about \$1,000,000, today handed to Judge Mulgrew, in the Court of General Sessions, an indictment charging him with grand larceny. The specific complaint upon which the indictment was found was made by Mrs. Dorothy Atwood, of No. 267 West Seventy-second street, who alleged that Lindsay obtained from her \$17,000 under false pretences. The following women were subpoenaed today to appear before the Grand Jury: Mrs. Atwood, who stated that Lindsay swindled her in all out of \$20,000; Miss W. H. Arnold, of No. 152 West Seventy-fourth street, \$20,000; Miss Lillian N. Duke, Belmont Hotel, Broadway and Eighty-sixth street, \$25,000; Miss Florence James, No. 22 East Eighty-ninth street, \$5,000; Miss Margaret Bogart, No. 12 Central Park West, \$18,000; Miss Carlotta Nilsson, Buckingham Hotel, \$20,000; Mrs. Helen Burnett, Buckingham Hotel, \$11,500; and

SUFFRAGE UPHELD IN HIGHEST COURT

New York Man's Attack on Nineteenth Amendment Dismissed for Want of Jurisdiction.

WASHINGTON, Monday.—The Woman's Suffrage, or Nineteenth Amendment, was today declared constitutional by the Supreme Court. The Supreme Court dismissed for want of jurisdiction the suit brought by Charles S. Fairchild, of New York, who sought to challenge the constitutionality of the amendment. The opinion of the court was delivered by Justice Brandeis. The decision of the court on the suffrage amendment was rendered in the case of Oscar Leser and others, brought from the State of Maryland. The proceedings brought by Fairchild were dismissed on the specific ground that he had no standing to bring such a proceeding and did not present a case within the jurisdiction of the court.

Leiser and other citizens of Maryland constituting the Maryland League for State Defense contended the amendment was unconstitutional. In the District of Columbia Federal Court the government acknowledged that the proceedings had been instituted by voters who had sufficient interest in warrant their presence in court, but contended that the issue raised was political, one for decision by Congress or for settlement in some other avenue than by adjudication in the courts. While the State of Maryland had refused to ratify the amendment, it was pointed out that the State also refused to question its constitutionality.

The Nineteenth Amendment was challenged in proceedings instituted by Mr. Fairchild for himself and in behalf of the American Constitutional League to enforce the Secretary of General Proclamation a proclamation of the men and they believe they belong to the same gang that need up two other Roulston stores recently. Three hold-up men entered the Atlantic and Pacific Tea Store at No. 323 Ninth avenue soon after Peter O'Brien, of No. 32 Schurz avenue, Long Island City, the manager, and Elary Price, of No. 121

LONDON CROWDS CHEER MARY ON EVE OF BRIDAL

Princess and Viscount Lascelles Hailed in Last Pre-Wedding Tour Through City.

FINAL RECEPTIONS HELD

Rodman Wanamaker's Present Pleasing to Bride-To-Be.

By the Associated Press. LONDON, Monday.—Princess Mary and Viscount Lascelles spent the last morning before their wedding receiving a number of individuals and deputations whose offerings swelled the vast collection of gifts which is already overflowing the state rooms of Buckingham Palace.

To each visitor bringing a present the Princess expressed her thanks. During the fortnight past she has voiced dozens of these acknowledgments daily, rushing from the receiving rooms from time to time to give her dreamlike opportunities for the necessary trying on of her many new gowns.

Despite the fact, however, that Princess Mary has devoted so many hours to the receiving of presents, the demands upon her time have been so great that hundreds of persons have been obliged to leave their gifts with her secretaries or the palace attendants, and to such persons written acknowledgments will be sent.

Among the gifts received today was a pair of handsome silver candlesticks from Rodman Wanamaker, of New York, presented for him by Colonel George Wood, a personal representative in London. Princess Mary thanked Colonel Wood for the "generous wedding present" and expressed her appreciation of this token of esteem. She said the candlesticks would be placed among her choicest possessions and would always be greatly treasured.

Most of the presents received by the bride are of a useful character, but one mammoth necklace, loaded with jewels, is so ponderous and heavy that it has earned from Prince George the designation "Mary's Serial Necklace."

It will have to be worn in instalments. This gift recalls a remark made aside by the late King Edward to a member of his party when given a similarly weighty present in India—"Now get a chain and let's take it home."

REPORT FAR EAST TREATY UNALTERED

Foreign Relations Committee Unanimously Accepts Pact Without Reservation.

WASHINGTON, Monday.—Committee consideration of the Arms Conference treaties was completed today when the Senate Foreign Relations Committee ordered favorably reported, without reservation, the general Far Eastern and Chinese tariff treaties. In both cases the action was unanimous.

The committee acted virtually without discussion after a statement regarding the proposed Chinese customs revision had been made by Senator Underwood, of Alabama, the Democratic leader and head of the special arms committee which drafted the tariff act.

As a result, a general report embodying the committee's recommendations regarding the four-power Pacific treaty, the naval limitation treaty, the submarine and poison gas treaty and the two treaties favorably acted on today was prepared for submission to the Senate so that it could begin debate on the pact as soon as a ratification vote is reached in the separate treaty relating to Yap. The leaders hoped to conclude the Yap debate during today's session and to bring up the four-power pact tomorrow.

While debate on the Yap treaty was proceeding on the Senate floor the first proposed reservations to the four power pact to come from outside the Foreign Relations Committee were made public by Senator Robinson, Democrat, Arkansas, with the announcement that he would present them formally at the first opportunity.

AMARILLO, Tex., Monday.—Gladys Solomon, fifteen years old, and Nell Umbrson, thirteen, were shot and instantly killed while asleep in bed at the Umbrson home in the Sunset community, fifteen miles northeast of Amarillo, early today.

A short time later Houston Upton, nineteen, member of a well known family in the same community, attempted to commit suicide in a school house near the Umbrson home, officers report, by shooting himself near the heart.

Harding to Ask 30 Million for Ship Subsidy Plan

WASHINGTON, Monday.—The ship subsidy plan which President Harding is expected to recommend to Congress by a message tomorrow, will provide for raising a revolving fund of about \$20,000,000 a year through diversion of a percentage of the customs receipts, it was understood today from callers at the White House.

Supreme Court Settles Minnesota-Wisconsin Row

WASHINGTON, Monday.—The boundary dispute between Minnesota and Wisconsin was terminated by the Supreme Court today when a final decree was entered based on the line surveyed and marked by a commission under an opinion delivered by the Court March 8, 1920. The boundary in controversy extended from Lower St. Louis Bay to the "Falls" in the St. Louis River, and the two States have approved the decision of the commission.

THRONGS GREET ROYAL BRIDE; LINDSAY HELD IN BIG SWINDLE

LAYS \$1,000,000 LOSS TO WOMEN ON WALL STREET

Alleged Swindler, Held in \$50,000, Says He Was Duped on the Exchange.
BREAKS DOWN AND WEEPS
Promises to Repay All if Given Time—Denies All Fraud Charges.

Alfred E. Lindsay, indicted on charges of grand larceny in connection with investment losses of nearly a million dollars belonging to New York women, pleaded not guilty when arraigned today before Judge Mulqueen in General Sessions. Bail was fixed at \$50,000, in default of which he was taken to the Tombs.
Judge Mulqueen granted Henry Goldstein, Lindsay's counsel, ten days in which to make any motions he desired after he overruled Goldstein's objections to the amount of bail requested by Assistant District Attorney William R. Maloney. "I feel," said Judge Mulqueen, "that the bail is rather low. If this man is guilty of half the things they say about him it's a prison case." Maloney said he would present three additional cases for the Grand Jury's consideration later in the day. Miss Maude James, of No. 21 East Eighty-ninth street, who alleges she lost \$500,000 through Lindsay's operations, will testify. The other two are Miss Margaret Bogard, of No. 15 Central Park West, who alleges loss of \$150,000, and Miss Charlotte Nilsson, Buckingham Hotel, \$20,000.
The specific charge against the prisoner is that on December 21 last Lindsay defrauded Miss Dorothy Atwood, of No. 247 West Seventy-second street, of

Princess Mary Weds Amid Scenes of Splendid Pomp; All London Pays Homage

Crush so Great Outside Abbey That Women and Children Faint by Dozens—Tumultuous Enthusiasm Permeates Entire City.

By the Associated Press.
LONDON, Tuesday.—Princess Mary, only daughter of King George and Queen Mary, was married today to Viscount Lascelles with all the pomp and dignity befitting a royal wedding.
The ceremony began in Westminster Abbey at half-past eleven o'clock, and soon thereafter the couple were pronounced man and wife, while the chimes of Westminster rang out the happy message and vast crowds gave tumultuous greetings.
Just before the bride arrived at the Abbey the crowds became so dense in Parliament street that the police had great difficulty in maintaining their cordon. Dozens of women and children fainted and had to be carried to safety, afterward being removed from the scene in ambulances.
All London Fetes Bride.
The long awaited day found London crowded with excursionists from all parts of the Isles and the Continent. Americans also were in evidence, hundreds having made the voyage to gain a glimpse of the great state function.
Hours before the 2,500 guests began assembling in the Abbey there were overflowed of humanity in every street traversing the route. Home, bringing blankets and food with them, made certain of seeing their Princess by keeping all-night possession of carefully chosen positions.
At a quarter to nine o'clock vehicular traffic was diverted from the streets between the Palace and the Abbey by a force of 5,000 blue coated and white gloved police, who lined the royal way, crowding watchers back to the curbs. The arrival of the guests, who had to be in their places by half-past ten o'clock, was the first reward for the occupants

PUBLISHERS TO ABIDE BY ARBITRATION

Communication to Pressmen Outlines Their Attitude on Judge Manton's Report.
PROVISION FOR MEN LAID OFF

Plan Announced for Continuation of Wages for Men Who Lose Positions.
The newspaper owners of New York adopted unanimously today the following address to all their employees in the newspaper press rooms. A special meeting of all the members of Pressmen's Union No. 25 has been called for tonight to consider the recent award of the court of arbitration headed by Judge Manton, of the United States Court of Appeals.
"To members of the Pressmen's Union No. 25, February 28, 1922.—There will be no breach between the New York newspapers and the pressmen's union, unless the union makes it.
"The newspapers prefer collective bargaining. They are committed to arbitration and have always abided by the results of arbitration, whether favorable or unfavorable to them.
Both Sides Squared.
"At the hearing of the present arbitration court both sides bound themselves to abide by the decision. This obligation must be carried out.
"The decision binds the newspapers to pay and assures the union for eighteen months to pay a higher basic wage than is now paid in any other city in the country. In view of the fact that this decision will reduce the number of men on a press, the publishers pledge themselves, if serious unemployment should result which is by no means certain, to the following course of action—
"If any pressman now holding regular positions are found to be without work as a result of the readjustment due to the award, the publishers will pay such men the full wages to which they would be entitled under the award if they had retained such regular positions for a period of four weeks from March 1, 1922.
"If, during these four weeks such men have not found employment as pressmen, or otherwise, the publishers will pay them half wages for a further period of four weeks, provided they have not sooner found employment.
"If it is found that any large number of such men still remain unemployed, after the foregoing total period of eight weeks, the publishers will appoint a committee to meet with a similar committee of the union to consider further means of relief.
"This offer is conditional upon the continuous fulfillment in good faith by the union and its members of their obligations under the award.

President Urges \$32,000,000 Fund to Make U. S. Merchant Marine Greatest in World

Declares Government Operation Has Failed at Tremendous Cost—Sale of Present Tonnage Recommended at a Loss.

WASHINGTON, Tuesday.—The administration plan for government aid for the American merchant marine was presented to Congress today by President Harding with the declaration that the influence of the United States in world councils is "sure to be measured by that unflinching standard which is found in a nation's merchant marine."

DENIES OUTSIDE EDISON CONTROL

Executive Changes in West Orange Plant Due to Economic Reorganization.

William Maxwell, for eleven years the right hand man of Thomas Alva Edison in the development and manufacture of the phonograph, announced today that he would leave the Thomas A. Edison Corporation tomorrow to devote all his time to a correspondence school for salesmen. That Mr. Maxwell's departure is part of a big shake-up in the Edison plant at West Orange, N. J., was indicated by the simultaneous announcements of the resignations of Thomas J. Leonard, sales manager; C. C. Wood, advertising manager, and Daniel E. Wheeler, in charge of the corporation's publications.
Charles Edison, son of the phonograph inventor and chairman of the Board of Directors of the corporation, said the departure of the veterans of the organization was part of a reorganization that is intended to make expenses meet income. Only 2,000 of the 10,000 formerly employed in the factories have been employed in the Edison plant since the fall of 1920, he said.
It was announced that A. H. Curry, who has been manager of the Edison plants for several months, will assume the duties of the chiefs who left. Charles Edison denied that Henry Ford or the Du Ponts had gained control of the Edison Corporation. He said the Edison industries were financially sound, but in need of retrenchment because of the industrial depression.
German Editors Held.
CHICAGO, Tuesday.—Sidney Spielman, owner of the Illinois Staats Zeitung, a German language newspaper, and Arthur Lorenz, said to be the author of a recent editorial printed in it, were held on bond in the Grand Jury today after waiting examination. The American Legion had called attention to the editorial which was declared to reflect on former service men.

SENATE REJECTS YAP AMENDMENT

First Vote on Arms Pacts Gives 50 to 25 Against Modification.

By the Associated Press.
WASHINGTON, Tuesday.—Taking its first vote on a qualification of any of the arms conference treaties, the Senate today rejected, 51 to 24, a proposed amendment to the Yap treaty, amplifying the provision that existing treaty rights on the mandated islands of the Pacific shall not be abridged.
Only two Republicans, Senators Borah, of Idaho, and France, of Maryland, supported the proposed amendment. Four Democrats, Senators Underwood, Alabama; Pomeroy, Ohio; Myers, Montana, and Williams, Mississippi, voted against it.

TWO MORE BROKERS FORCED TO WALL

Lachenbruch & Co. and H. A. Cochrane in Bankruptcy—Losses \$20,000,000.

Two more Wall street brokerage houses were forced into bankruptcy today, raising the total of bankruptcy actions against brokerage firms to sixteen, with estimated losses to unsophisticated speculators of \$20,000,000.
Today's most important bankruptcy action was that filed against Morton Lachenbruch & Company, stock brokers, at No. 42 Broad street. The petitioning creditors are Christopher C. Macauley, who seeks \$90, George Webber, \$70, and Ruth N. Haxaba, \$75.
The liabilities of the Lachenbruch firm are estimated to be \$100,000, with estimated assets of \$75,000. Morton L. Lachenbruch and James K. Watts are the members of the brokerage corporation. They were particularly active in floating war time stocks.
Harry A. Cochrane, a stock broker, trading under the name of H. A. Cochrane & Co., at No. 47 Exchange place, was brought into the bankruptcy court today by means of an involuntary petition in which three creditors joined. They are Ralph L. Clutton, \$300; John C. Allen, \$175, and Harry L. Livingstone, \$75. No estimate of liabilities or assets appeared in the papers.
Morton Lachenbruch & Co. issued the following statement:—
"The recent uneasiness has caused a run of customers and creditors on our business. Customers who have had accounts with us for a long time have suddenly demanded the immediate return of securities and the payment of any money due them.
"The result of this has been that we have been forced to pay off loans and take out securities to a very large amount.
"In order to conserve the interests of all concerned in these circumstances, we have thought it wise to announce our suspension, so that one creditor may not gain at the cost of another.
"Our affairs are in good shape; our

SIX NEW ARRESTS IN TAYLOR MURDER

Sextet Taken in Raid on Alleged Drug Den on Tip by a Woman.

LOS ANGELES, Tuesday.—Six men were arrested here early today in a raid on what police termed a narcotic den. Detectives working on the mysterious slaying on February 1 of William Desmond Taylor, motion picture director, questioned the men. Police reported belief that the arrests will develop connection with the murder.
The men gave the names of John Herkey, William Kirby, William East, George Calvert, Ray Lynch and Harry Amorheim. The arrests followed twenty hours of investigation by police officers on information which they said purported to be concerning threats against the life of Taylor uttered a short time before the mysterious slaying twenty-eight days ago.
The men are said to have been members of a bootlegging gang, which carried on extensive operations in the Hollywood section.
League Acts to Check Russian Epidemic Peril
PARIS, Tuesday.—The Council of the League of Nations has invited the Polish government to call a meeting in Warsaw on March 15 of technical representatives from Russia and bordering States for a hygienic conference designed to prevent typhus and cholera being brought out of Russia when the winter breaks up. Hundreds of thousands are reported near Russia's western frontier ready to flee from the famine into adjoining States as soon as the roads become passable.

Five Armed Bandits Get \$30,000 in Indiana Bank

INDIANAPOLIS, Ind., Tuesday.—Five armed bandits shortly after eleven today held up and robbed a branch of the Fletcher Savings and Trust Company and escaped with \$30,000 in cash.
Three of the men entered the bank and struck R. A. Bechtold, the assistant manager, over the head as he was closing the door to a vault.
